

Amplitudes for channel 0 of second detector

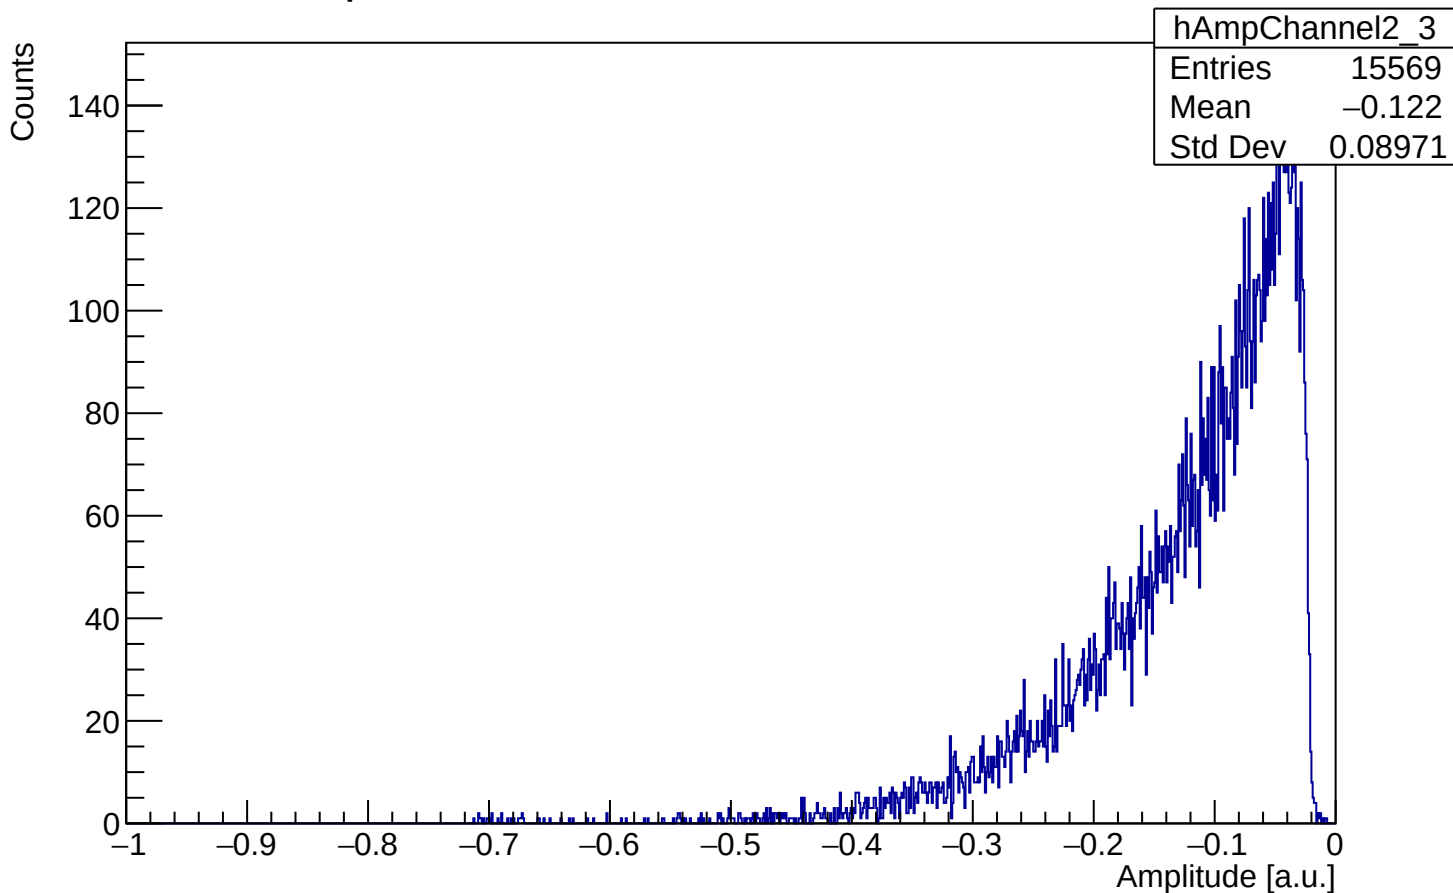

Amplitudes for channel 1 of second detector

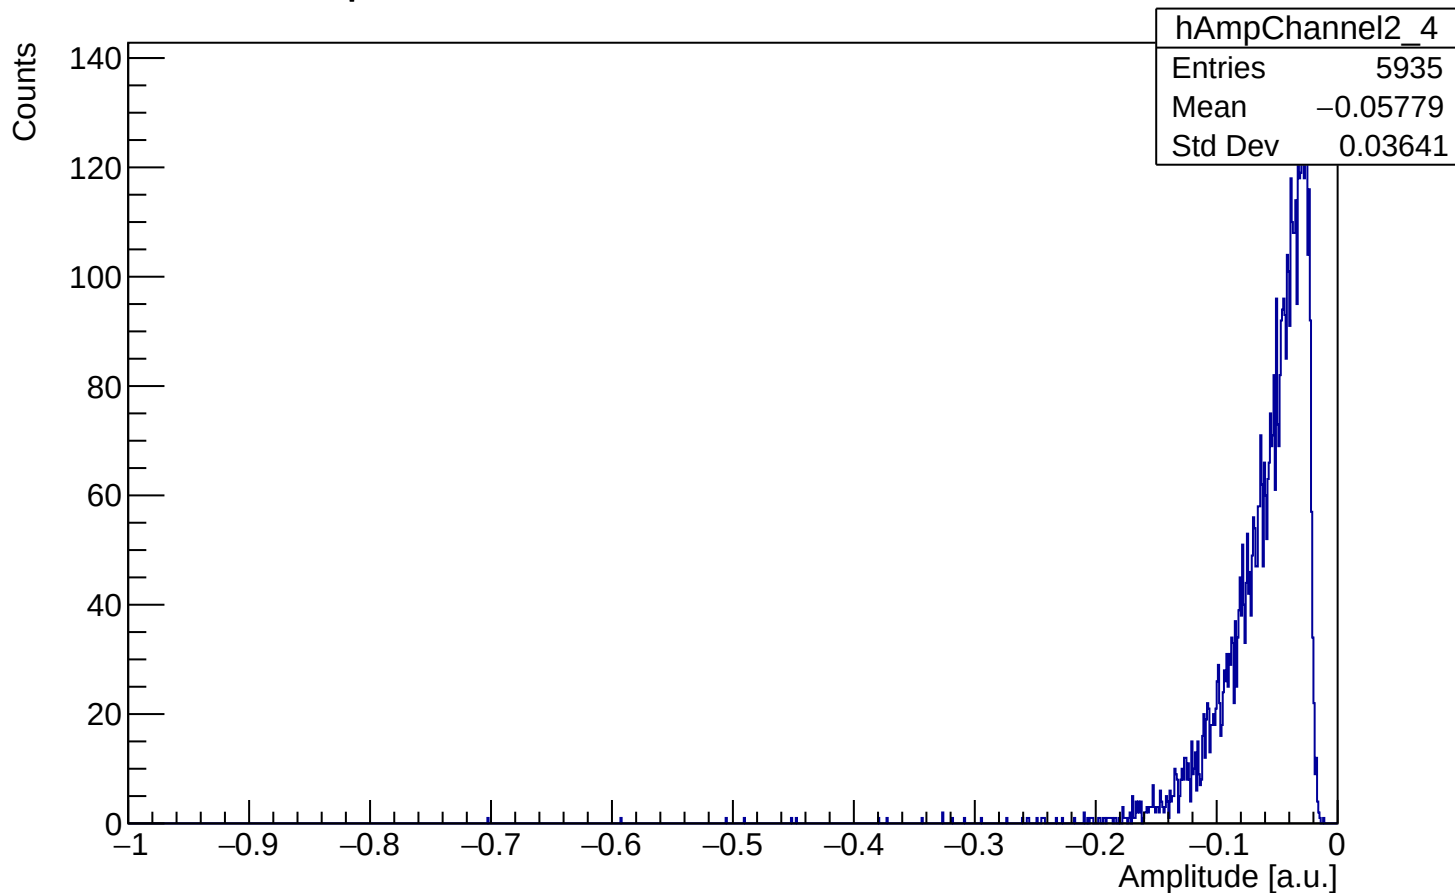

Amplitudes for channel 2 of second detector

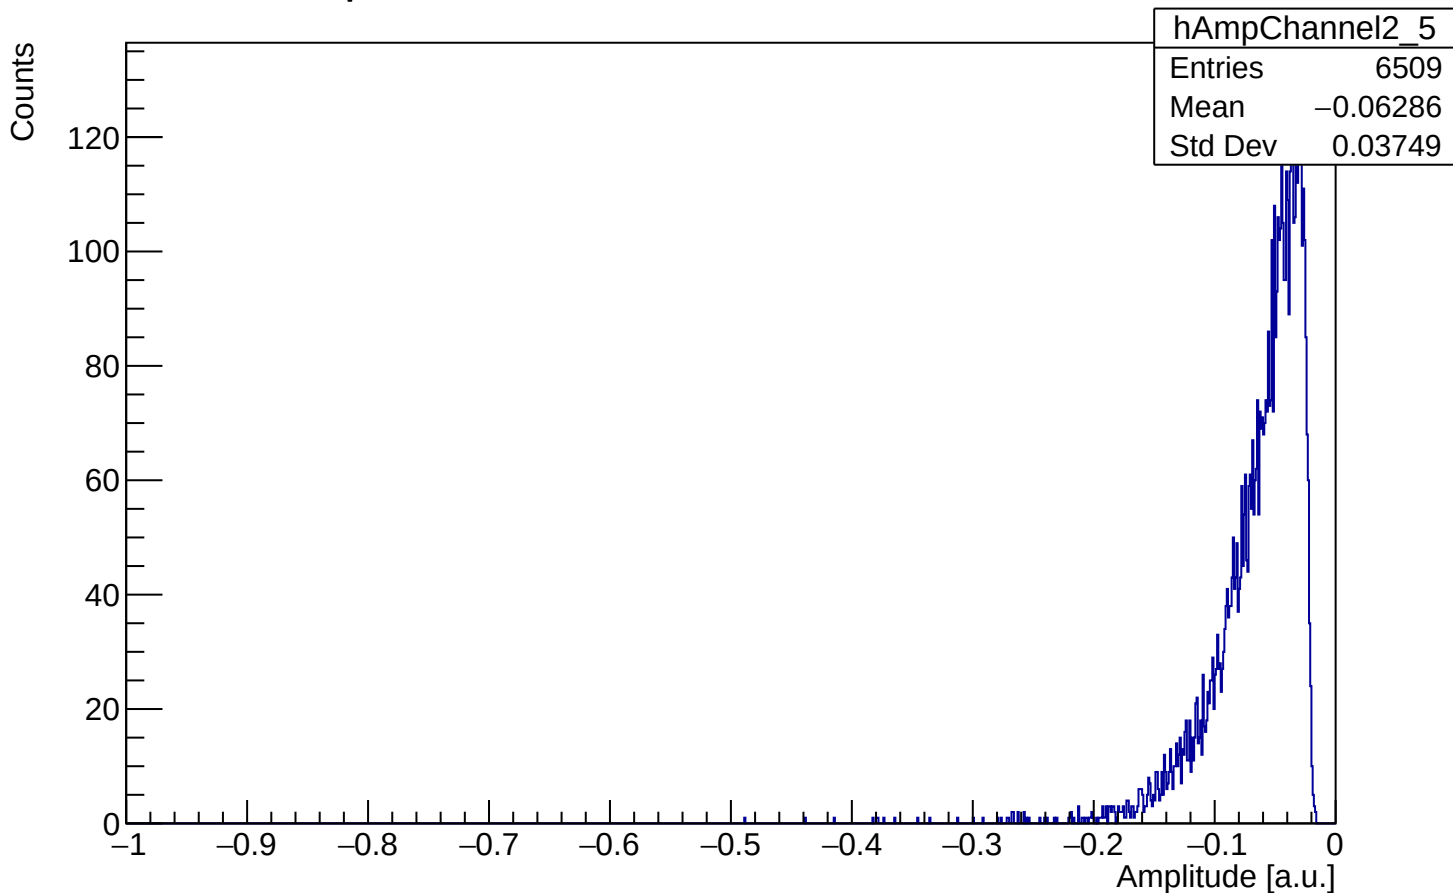

Amplitudes for channel 3 of second detector

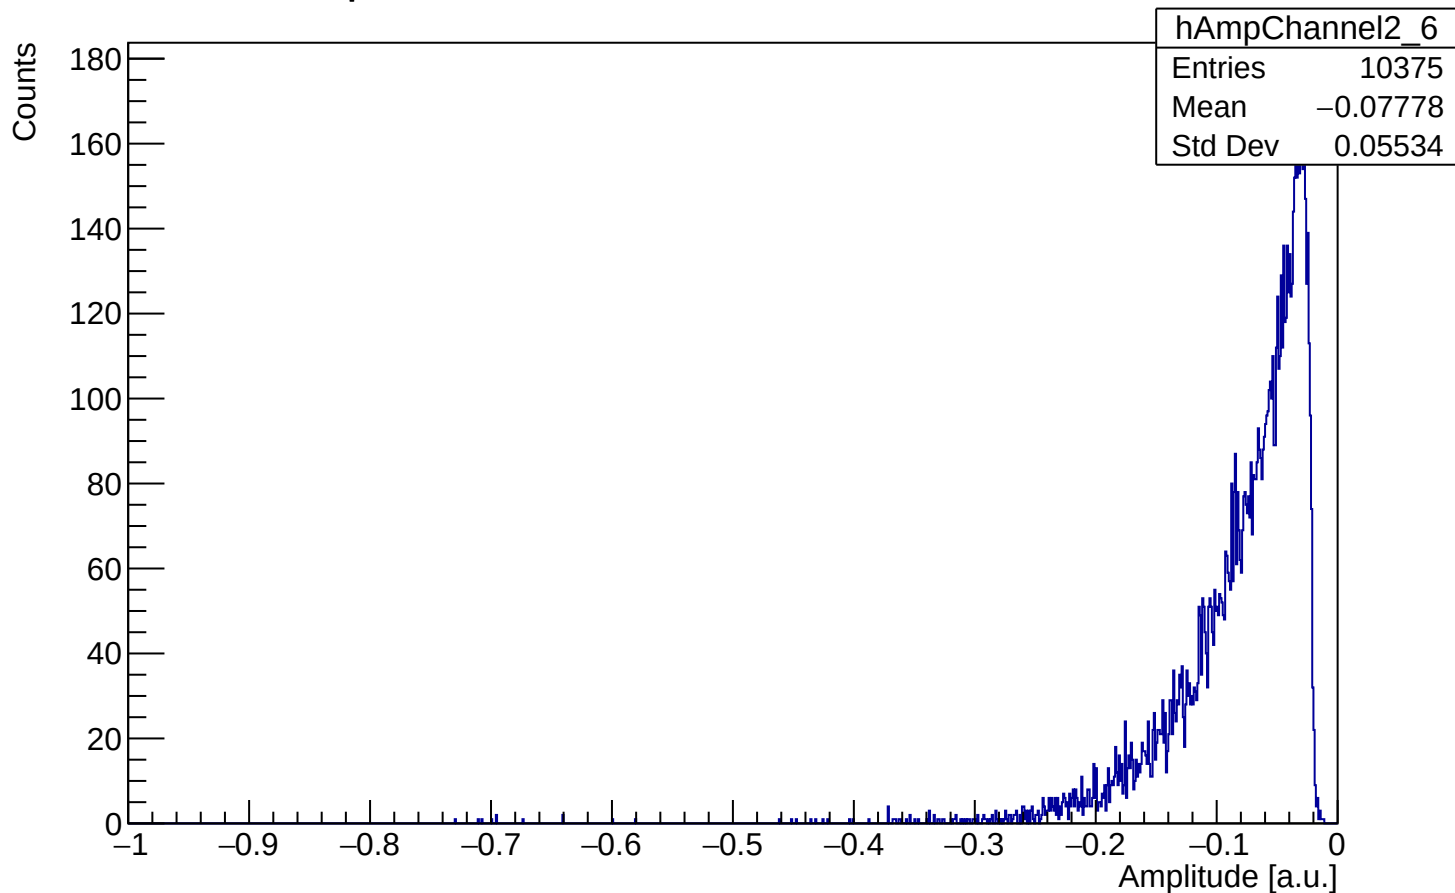

Amplitudes for channel 4 of second detector

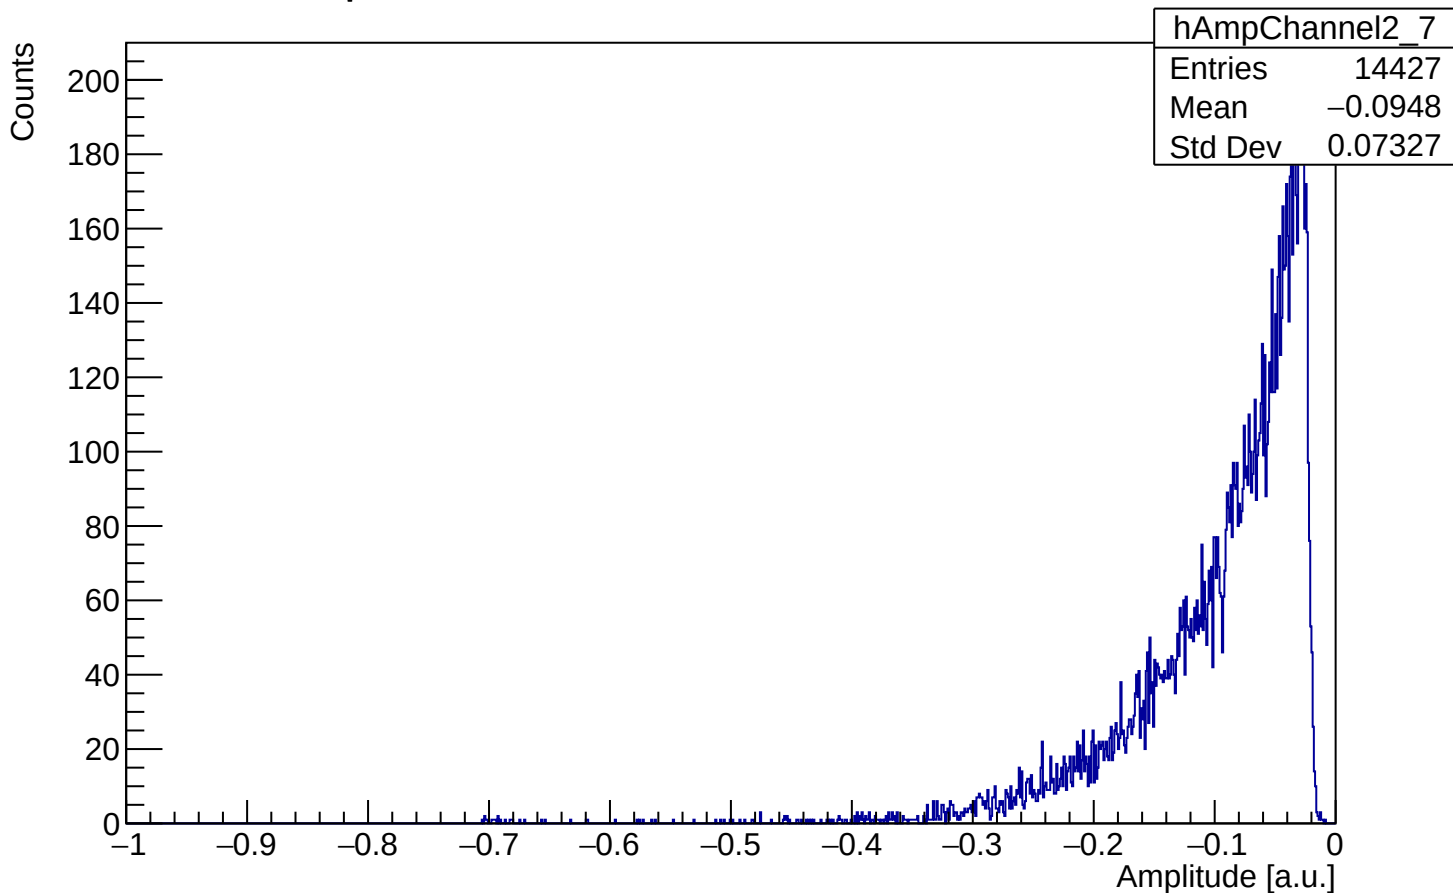

Amplitudes for channel 5 of second detector

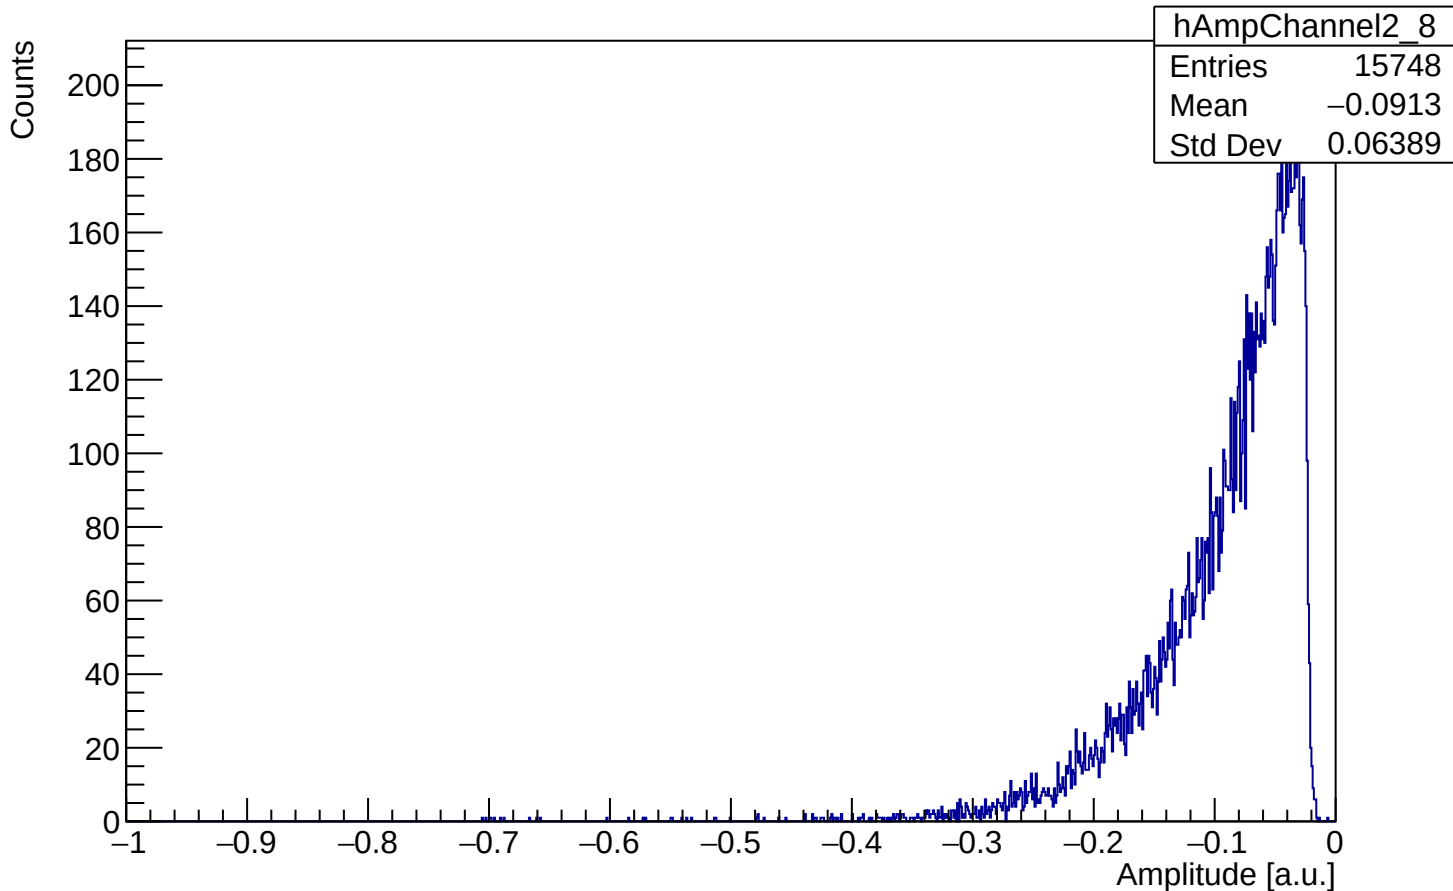

Amplitudes for channel 6 of second detector

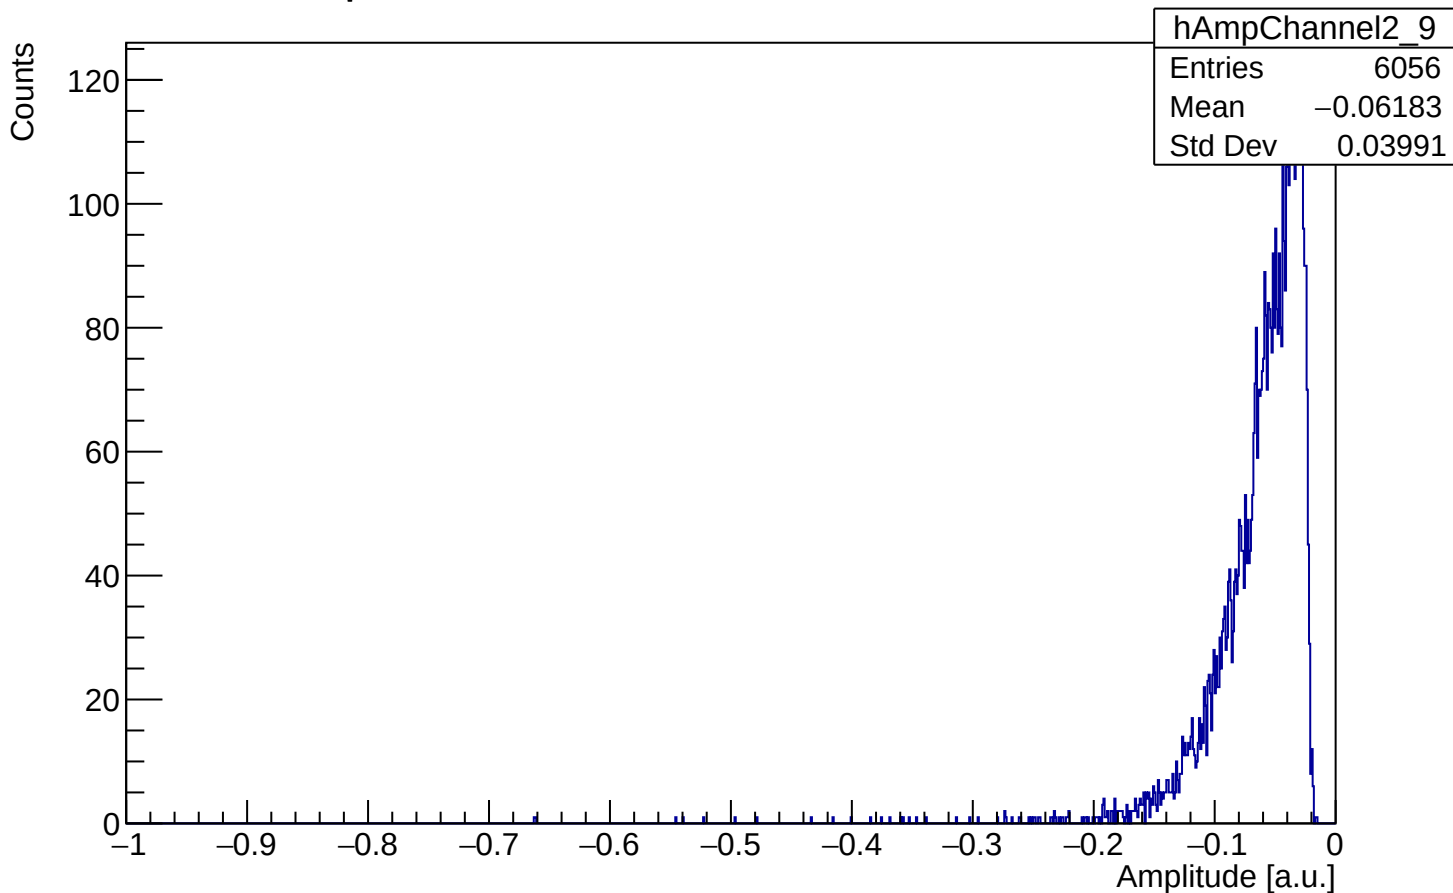

Amplitudes for channel 7 of second detector

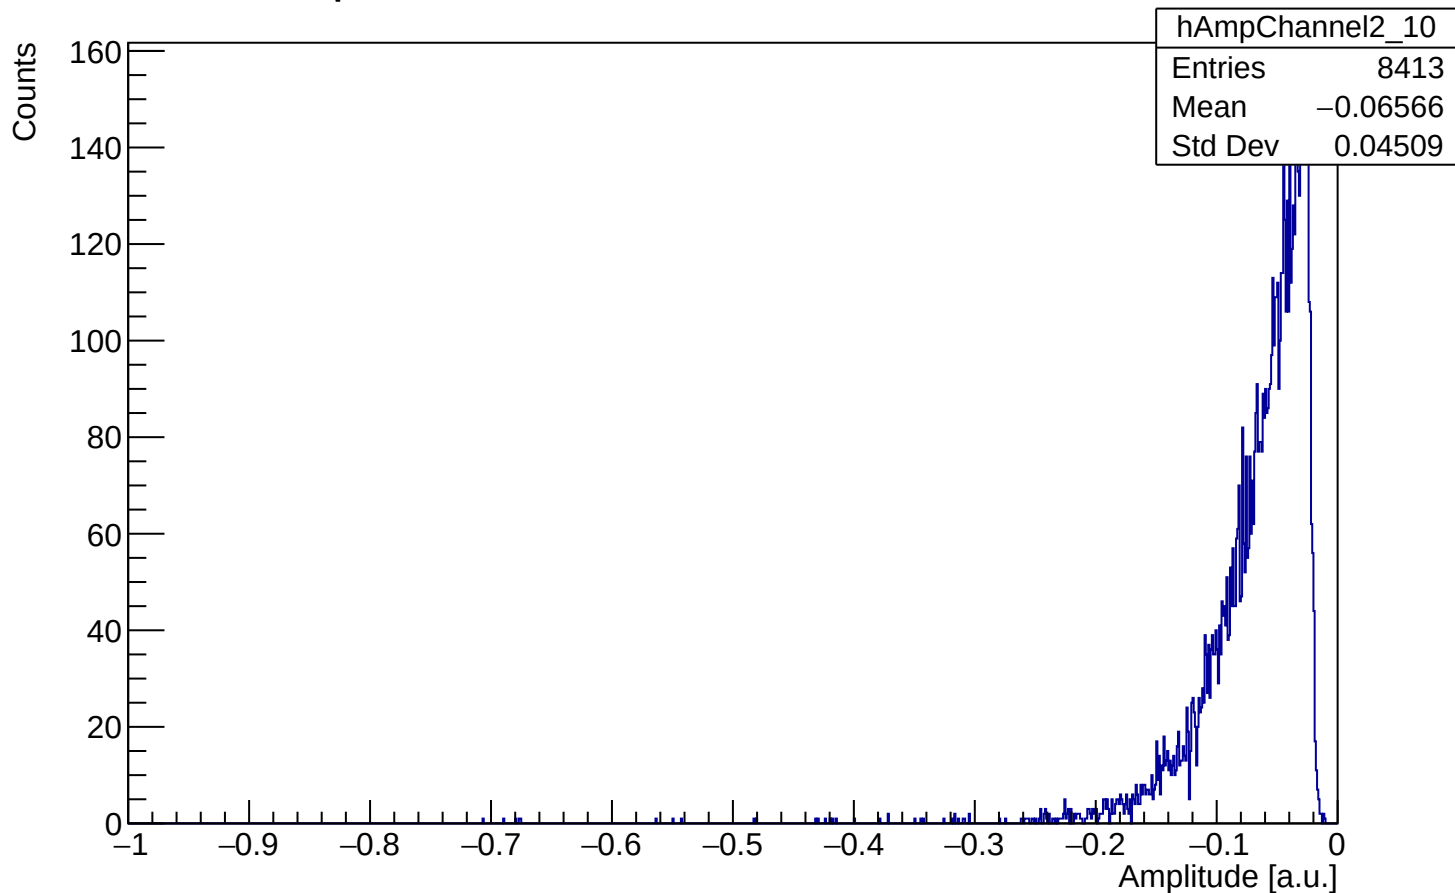

Amplitudes for channel 8 of second detector

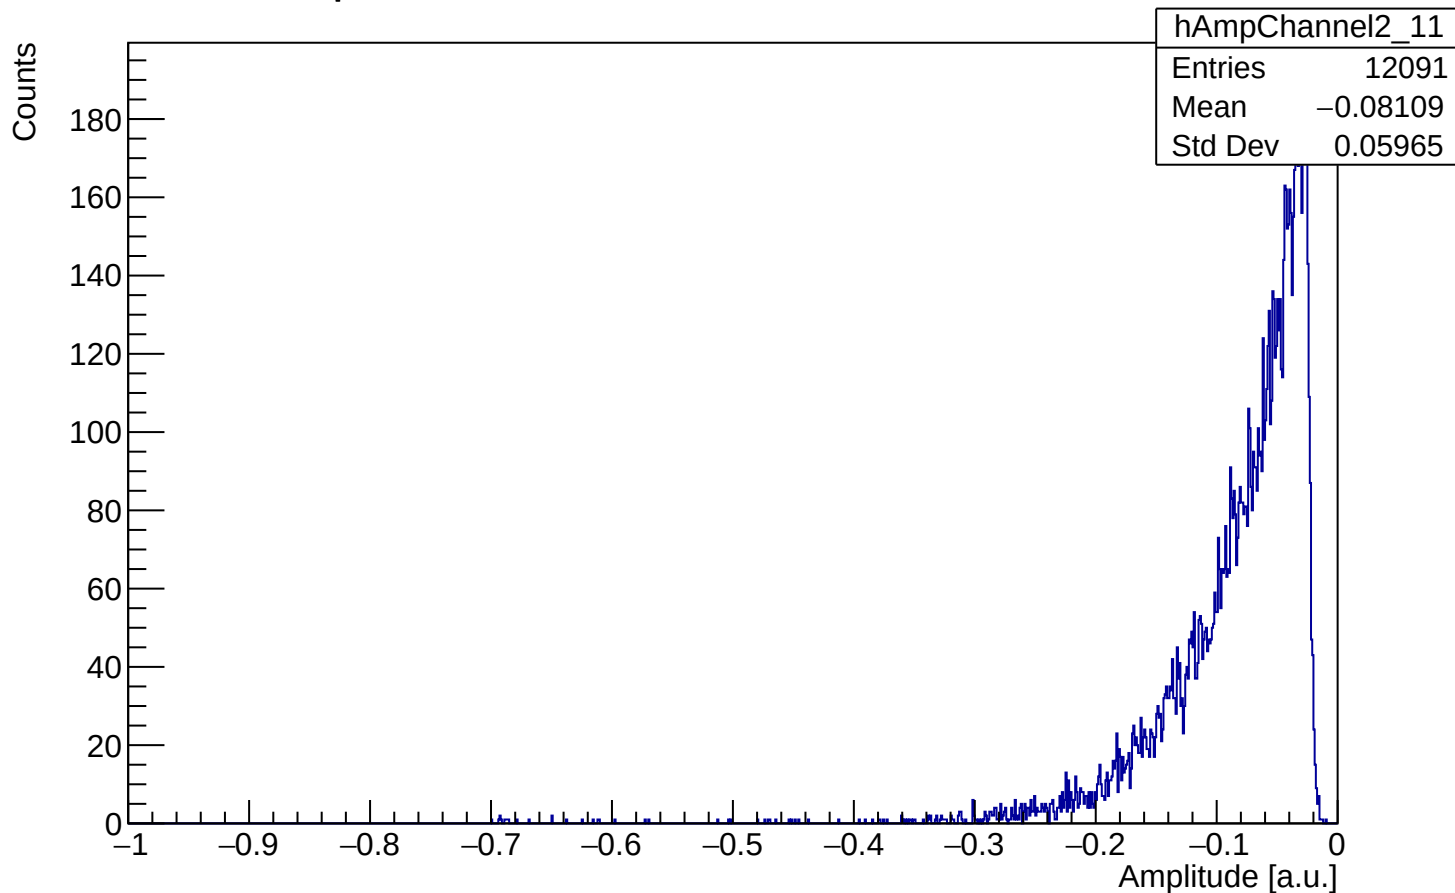

Amplitudes for channel 9 of second detector

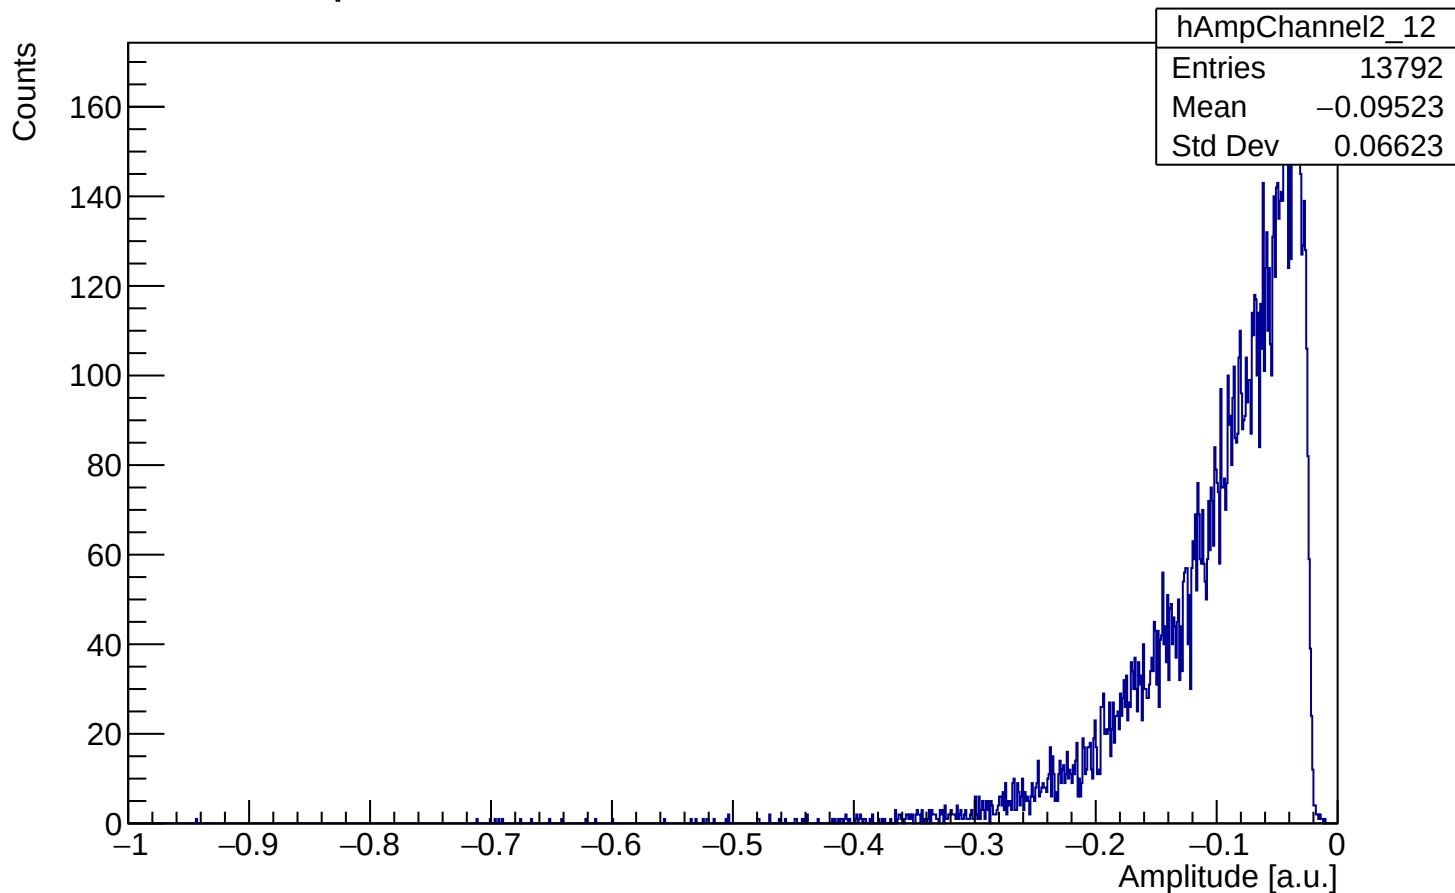

Amplitudes for channel 10 of second detector

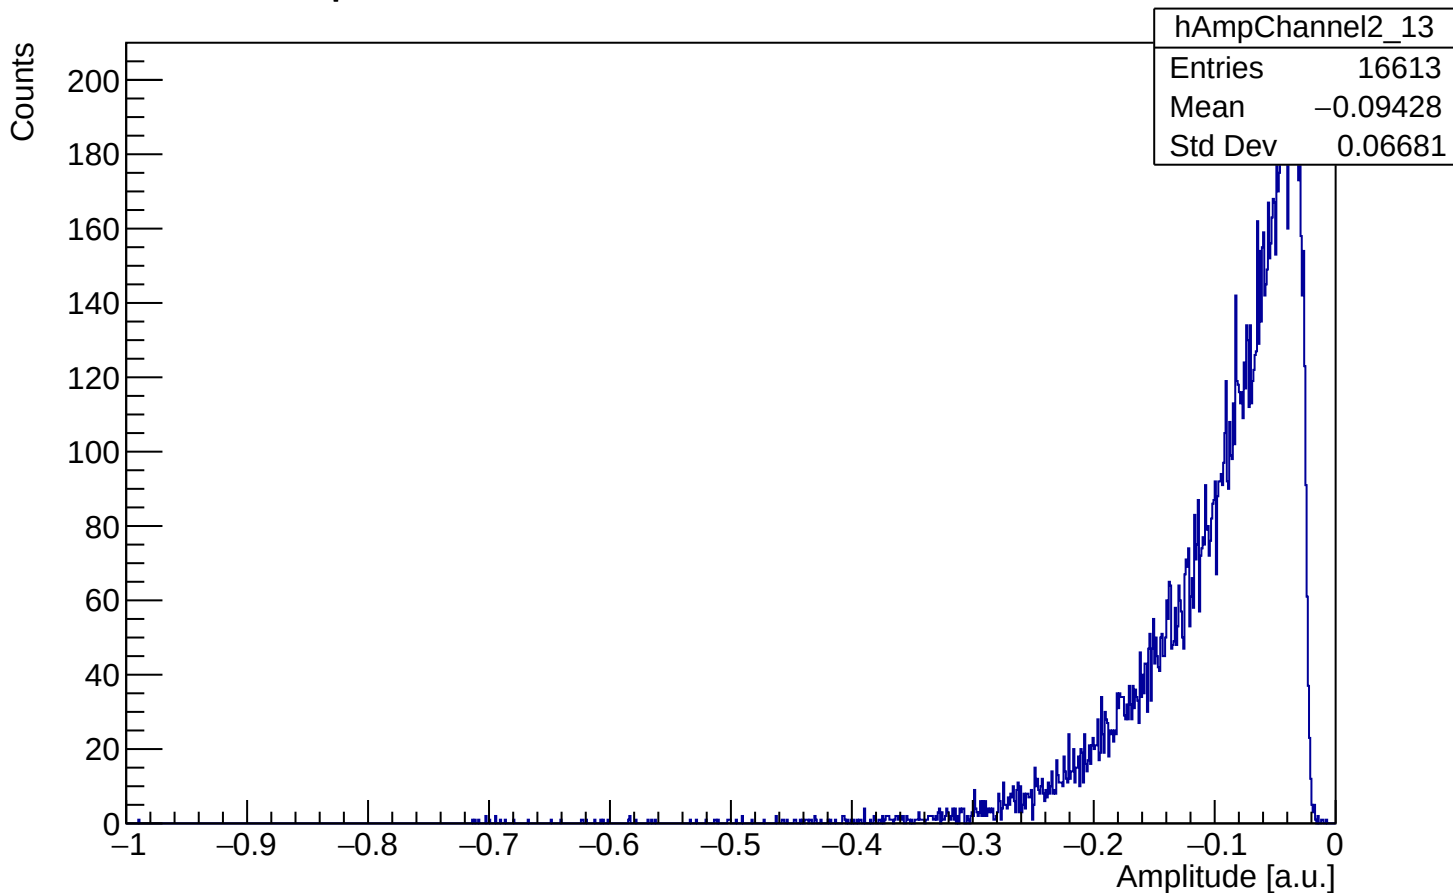

Amplitudes for channel 11 of second detector

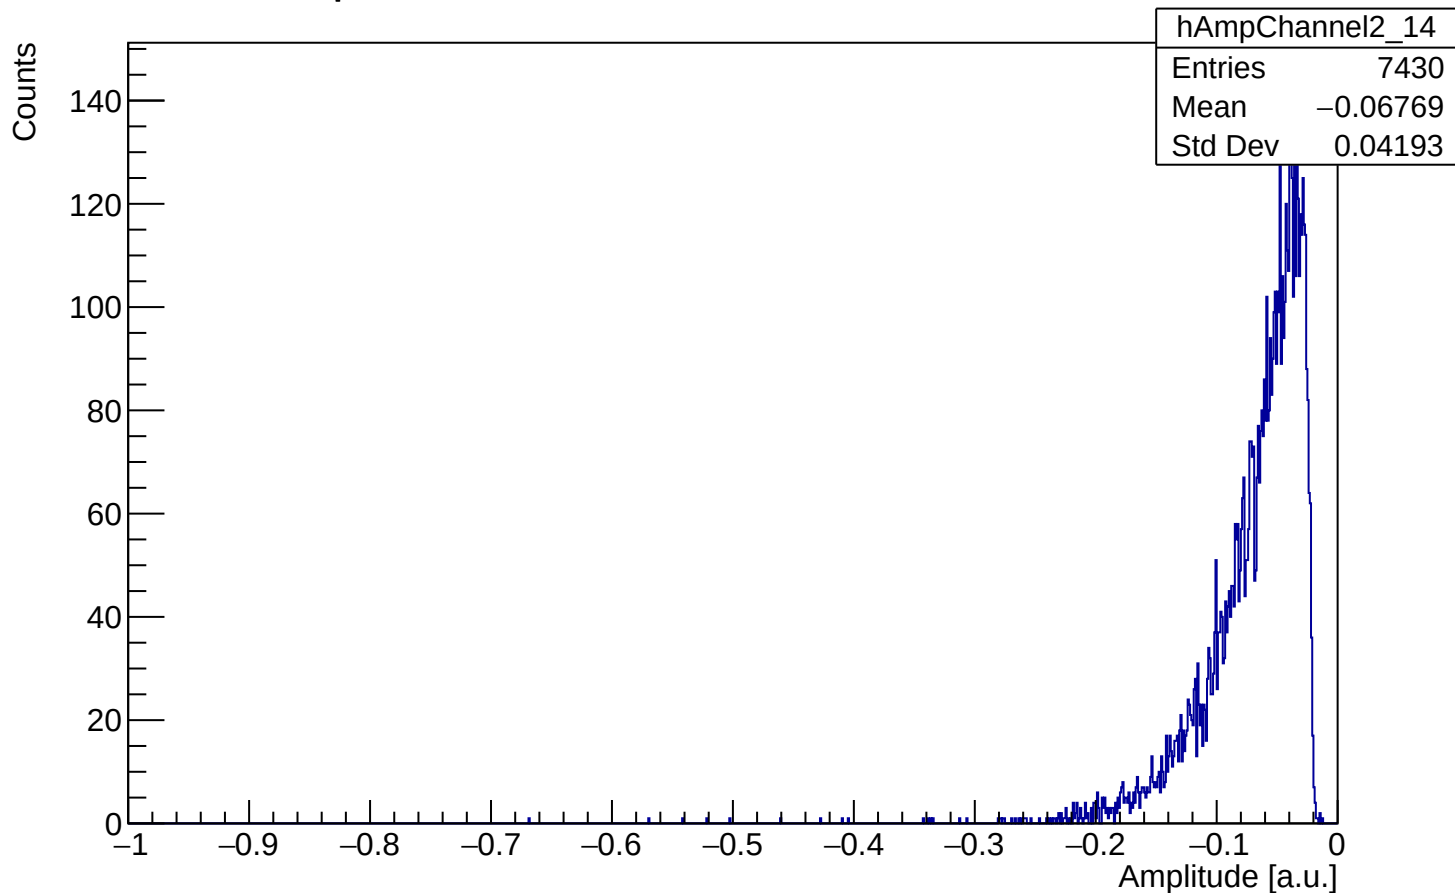

Amplitudes for channel 12 of second detector

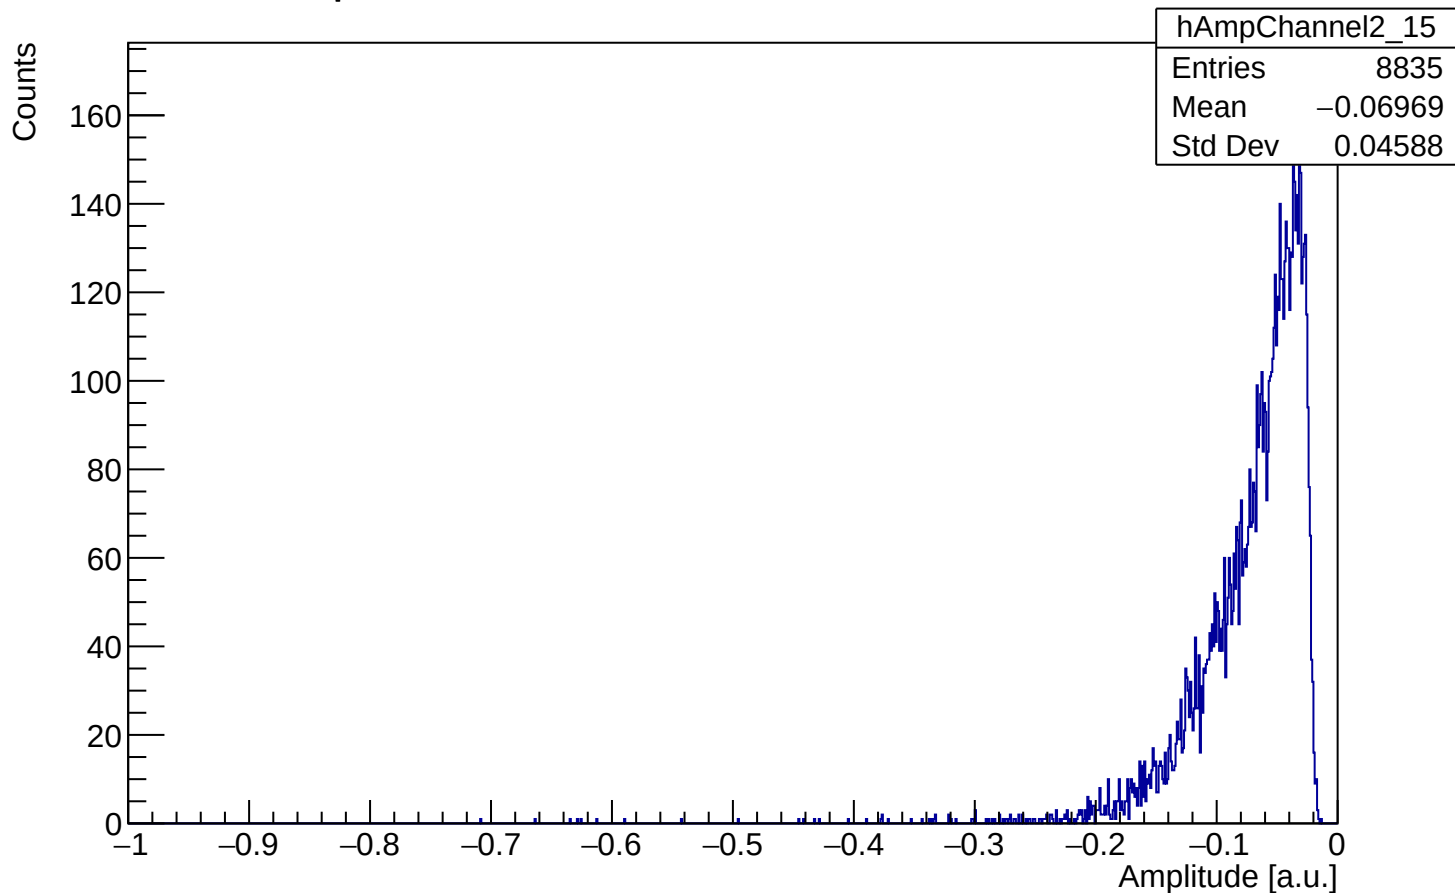

Amplitudes for channel 13 of second detector

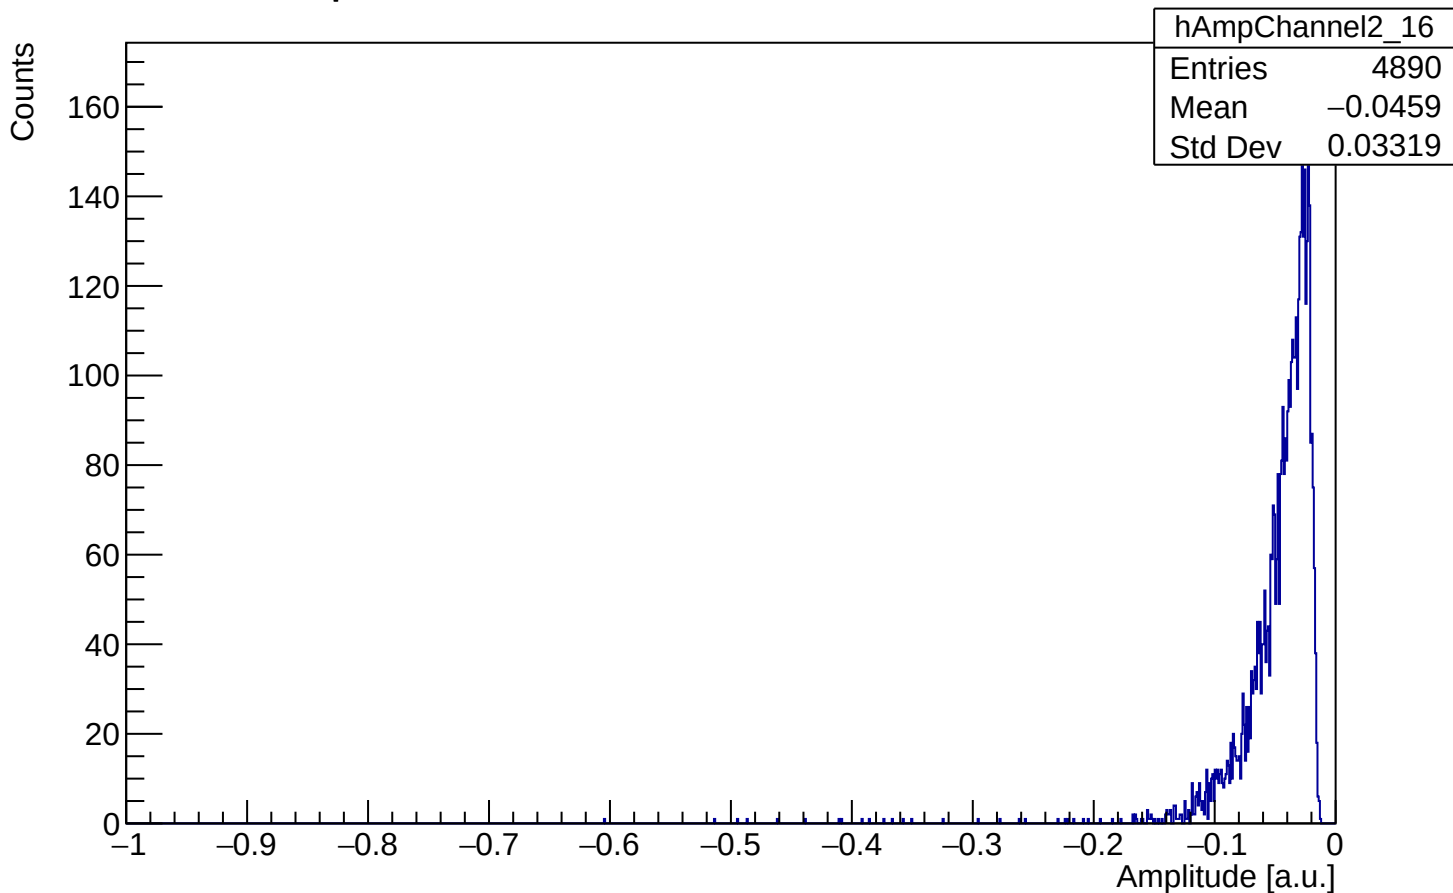

Amplitudes for channel 14 of second detector

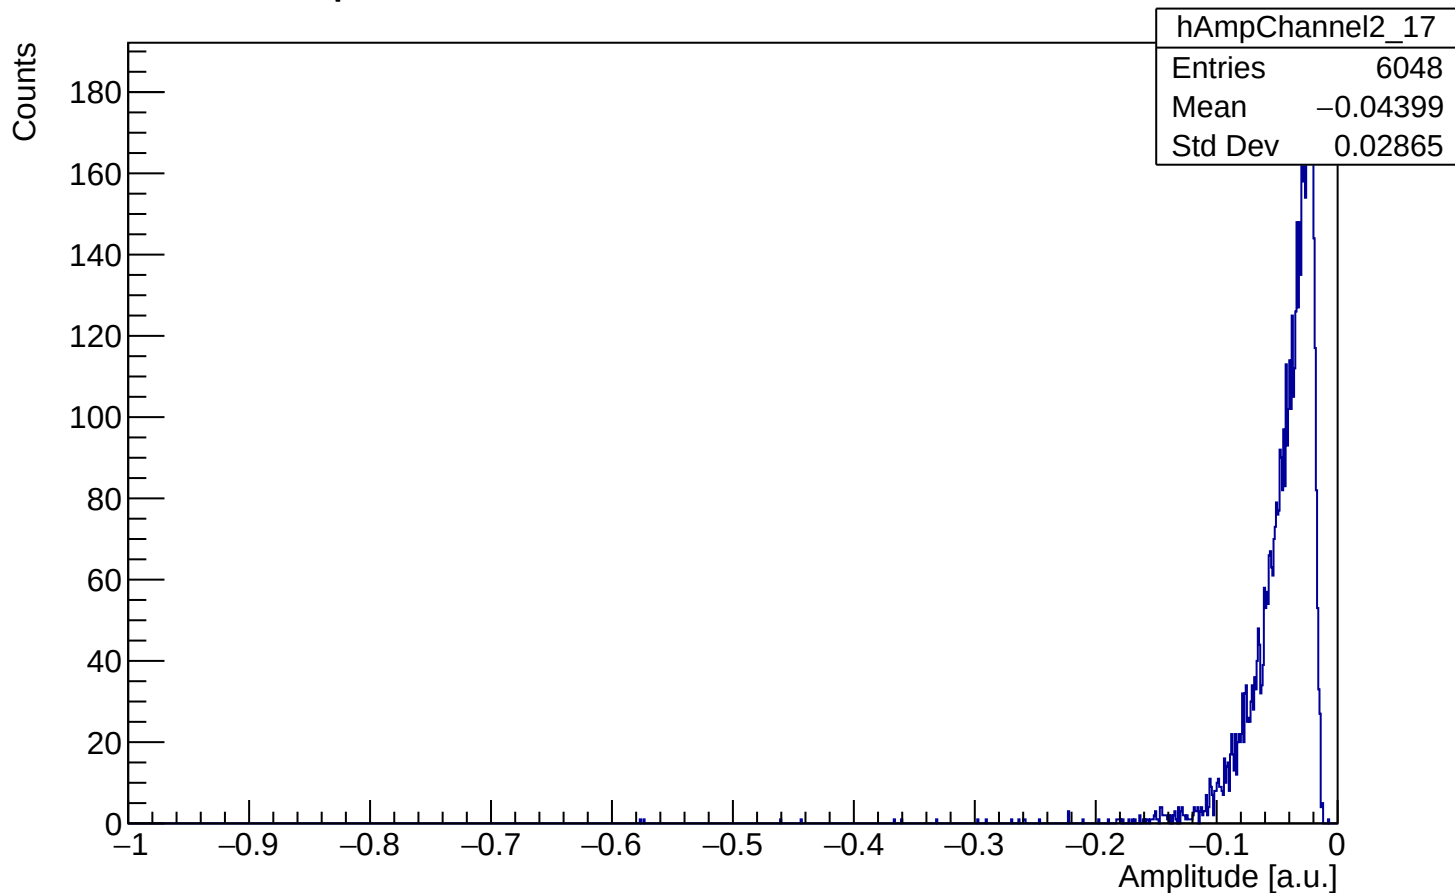

Amplitudes for channel 15 of second detector

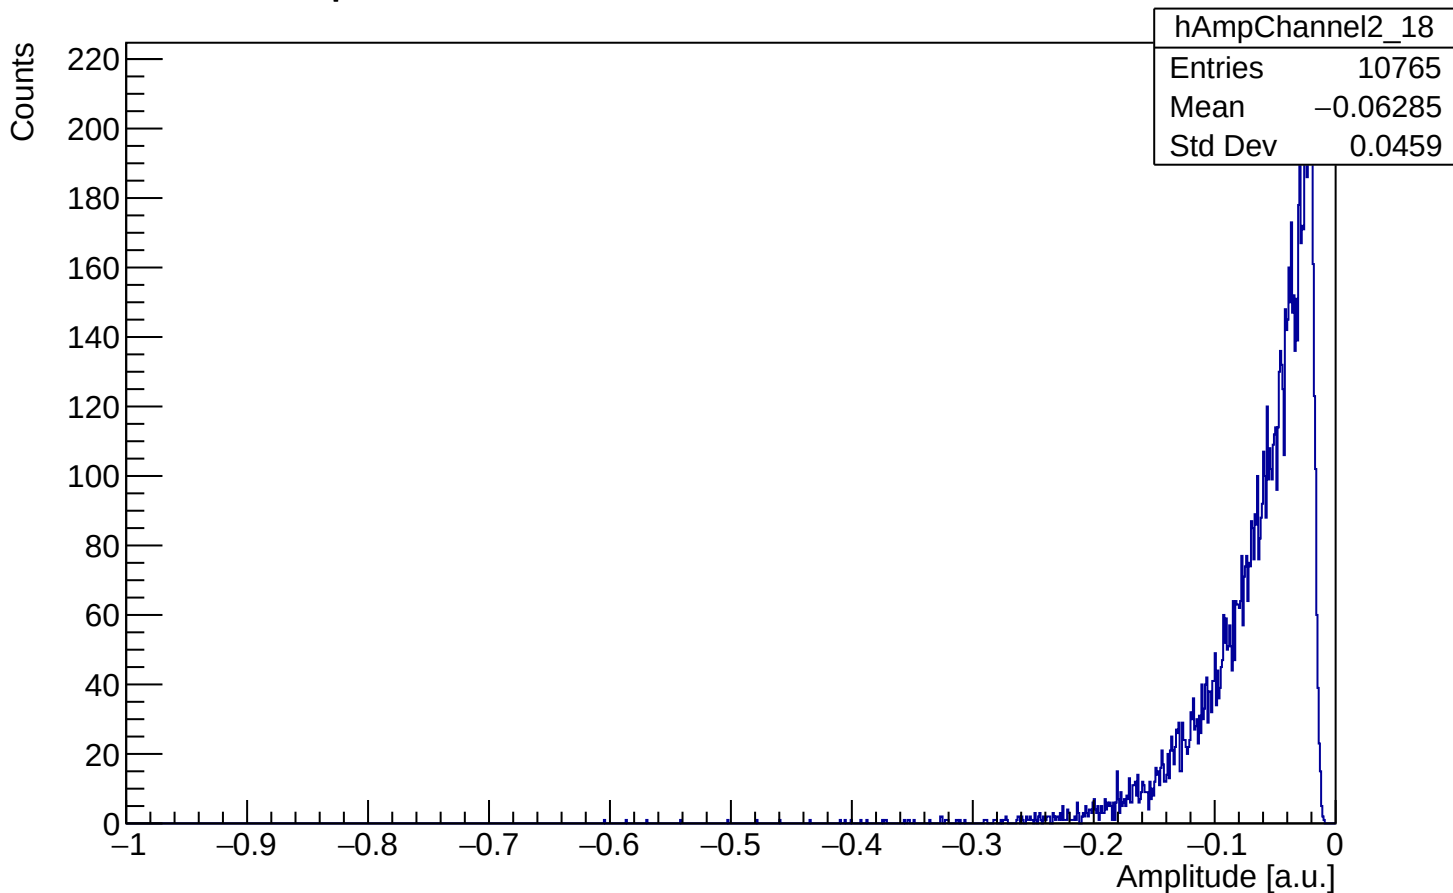

Amplitudes for channel 16 of second detector

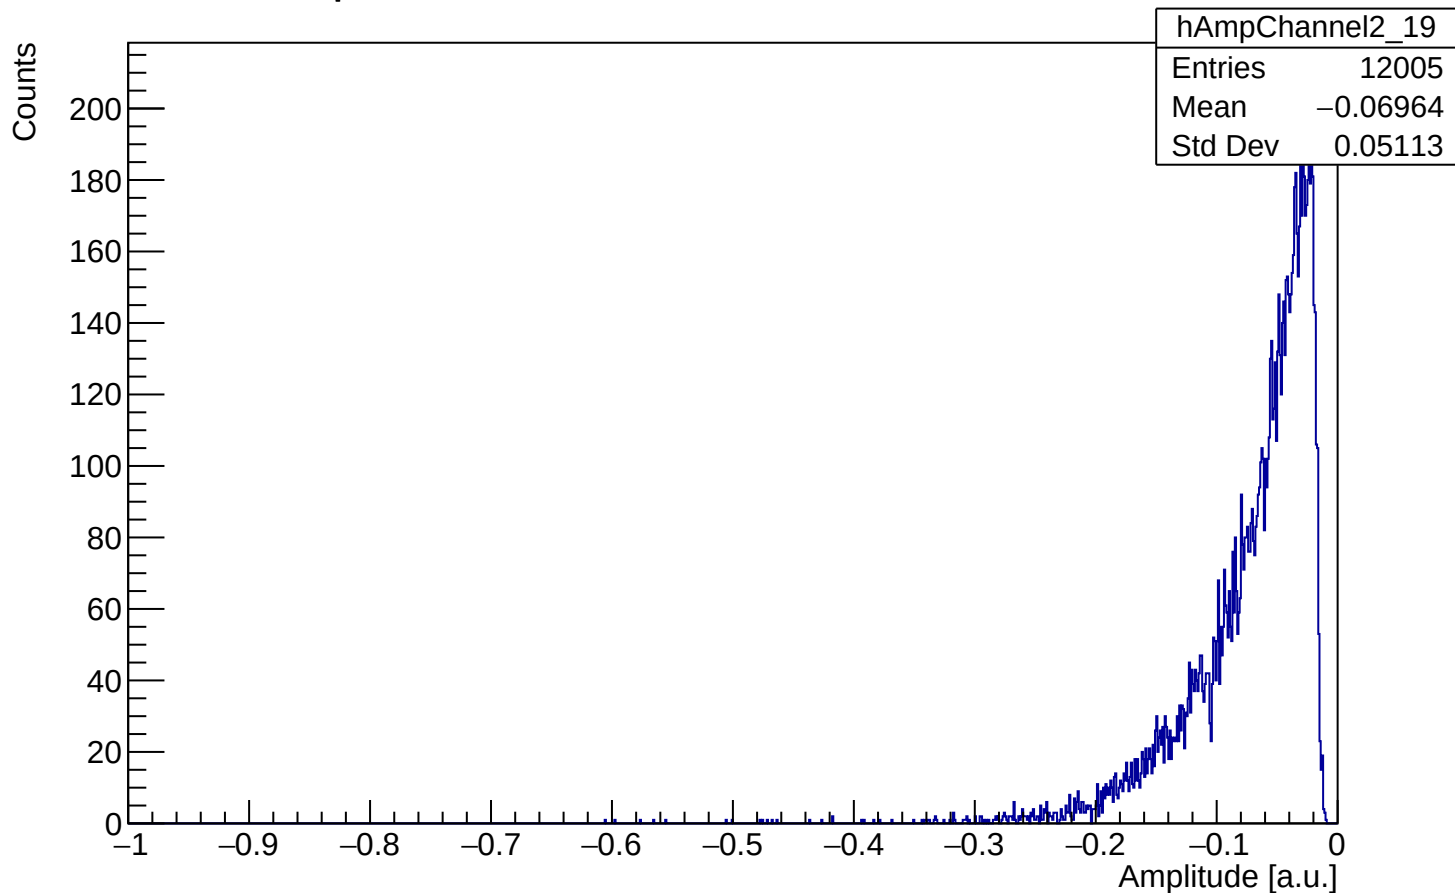

Amplitudes for channel 17 of second detector

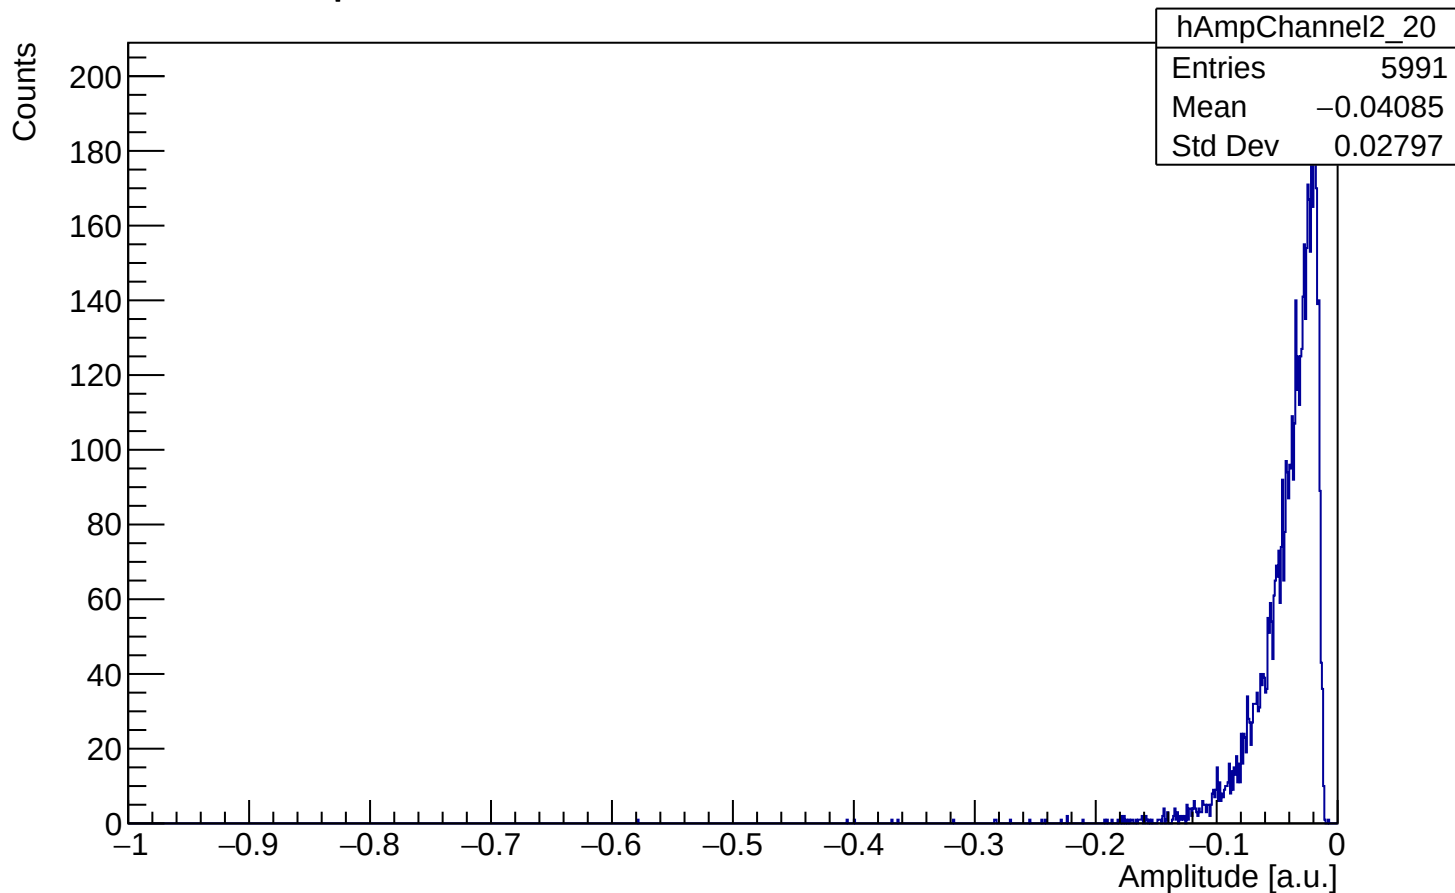

Amplitudes for channel 18 of second detector

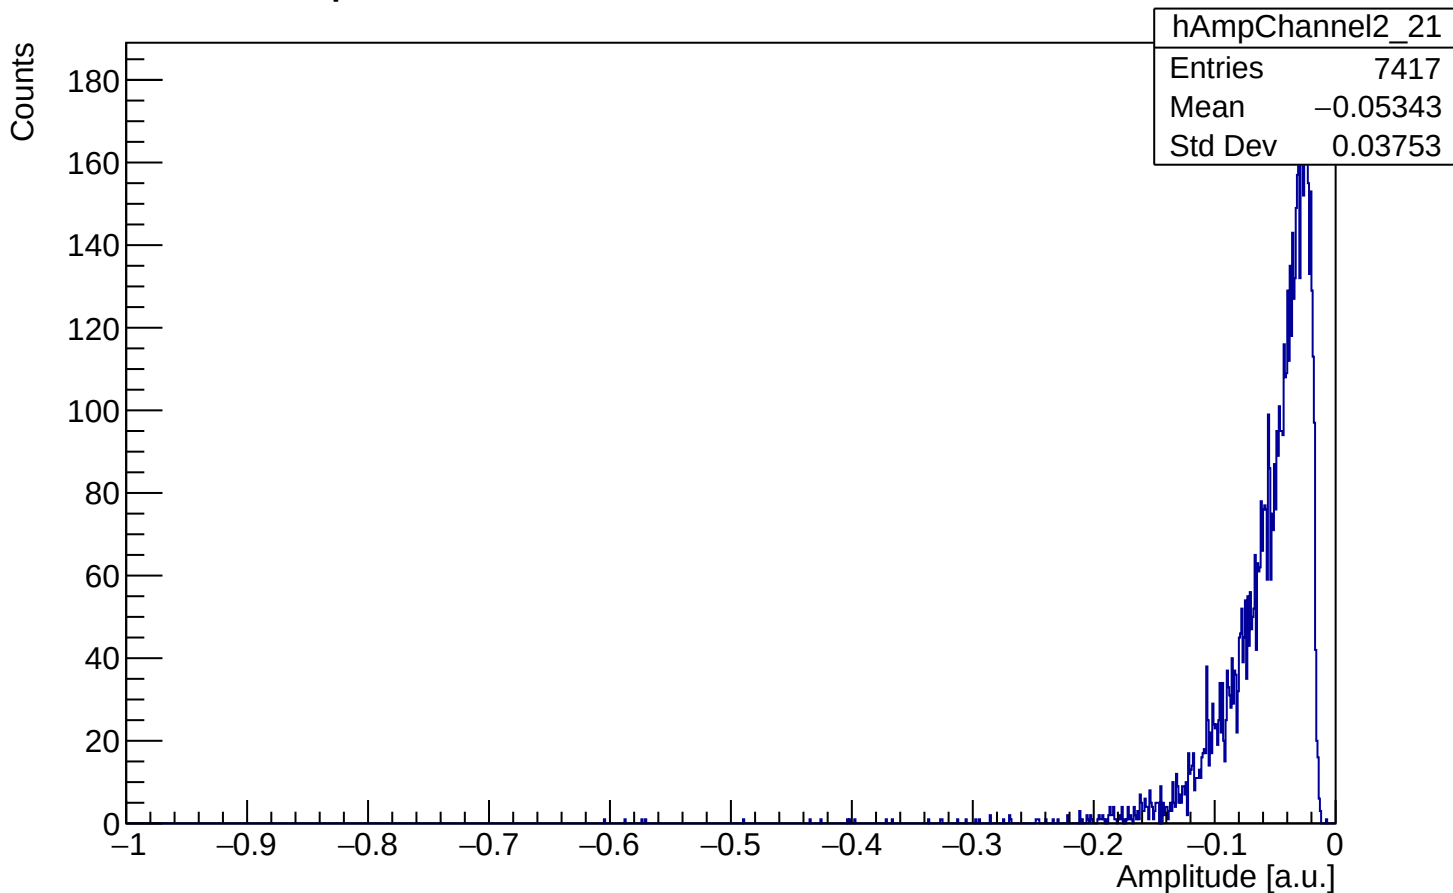

Amplitudes for channel 19 of second detector

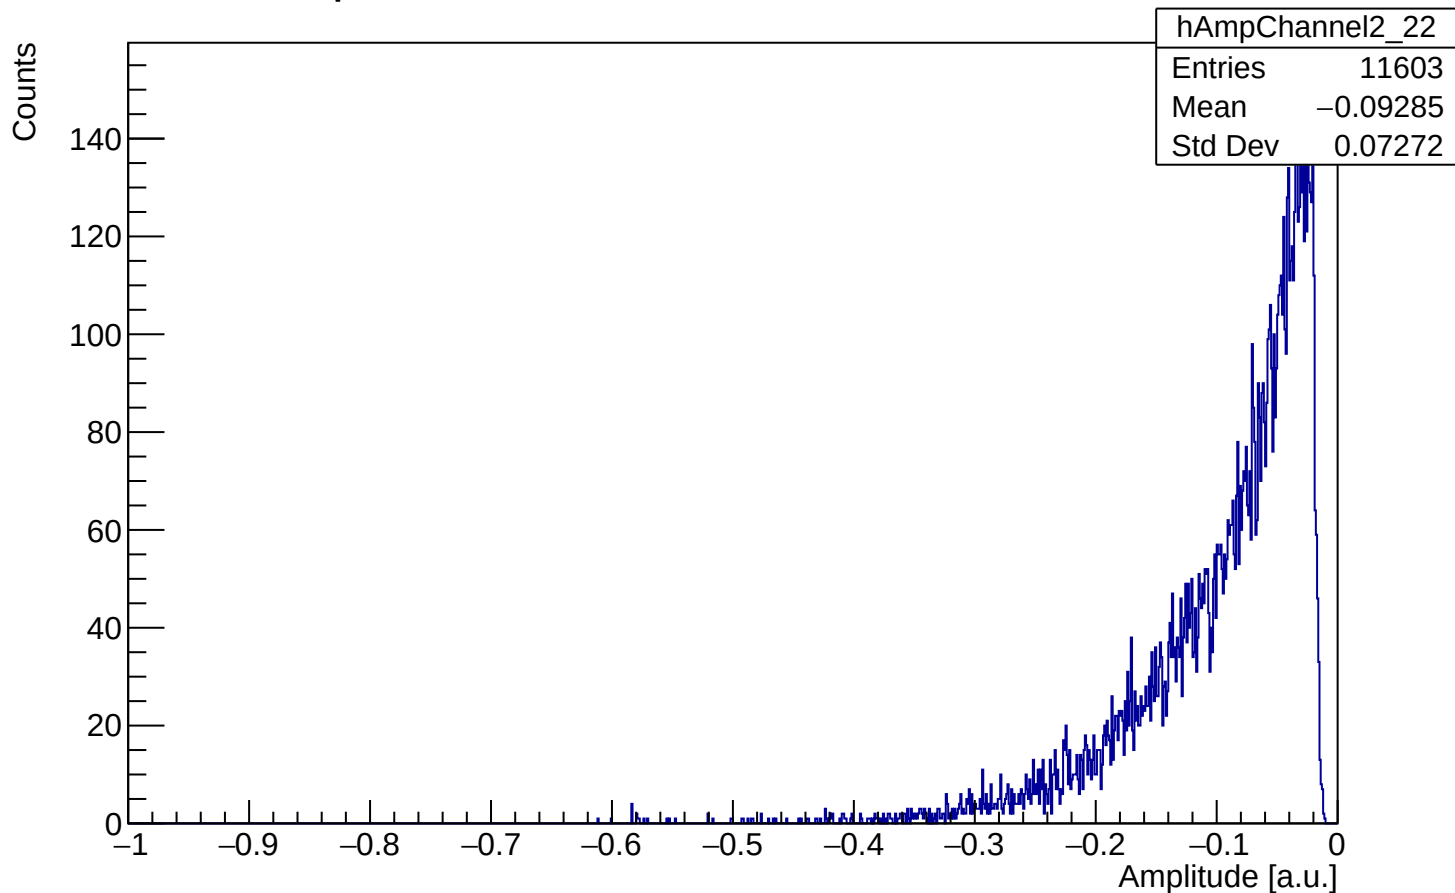

Amplitudes for channel 20 of second detector

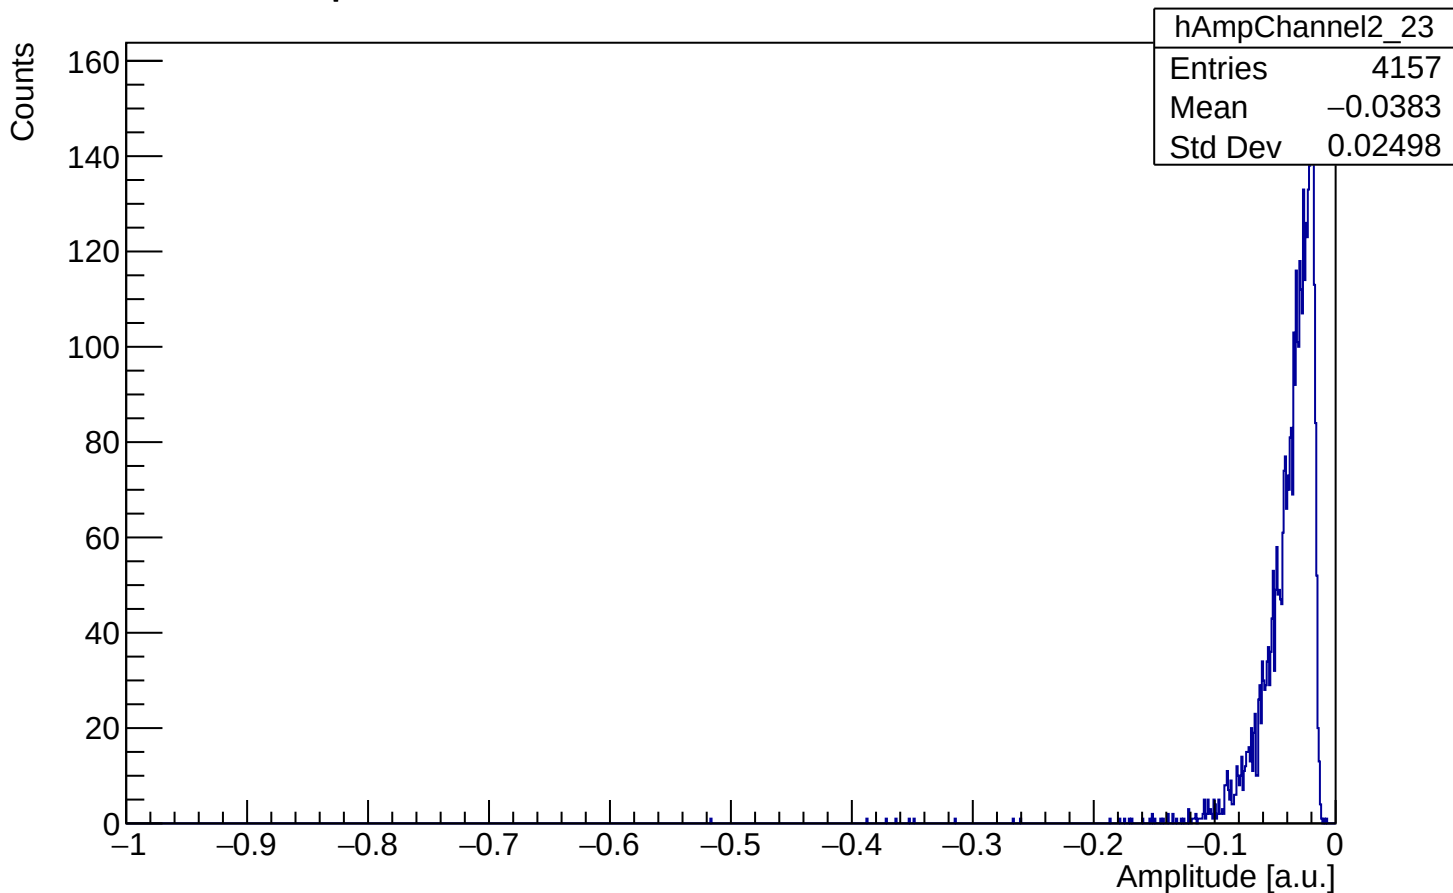

Amplitudes for channel 21 of second detector

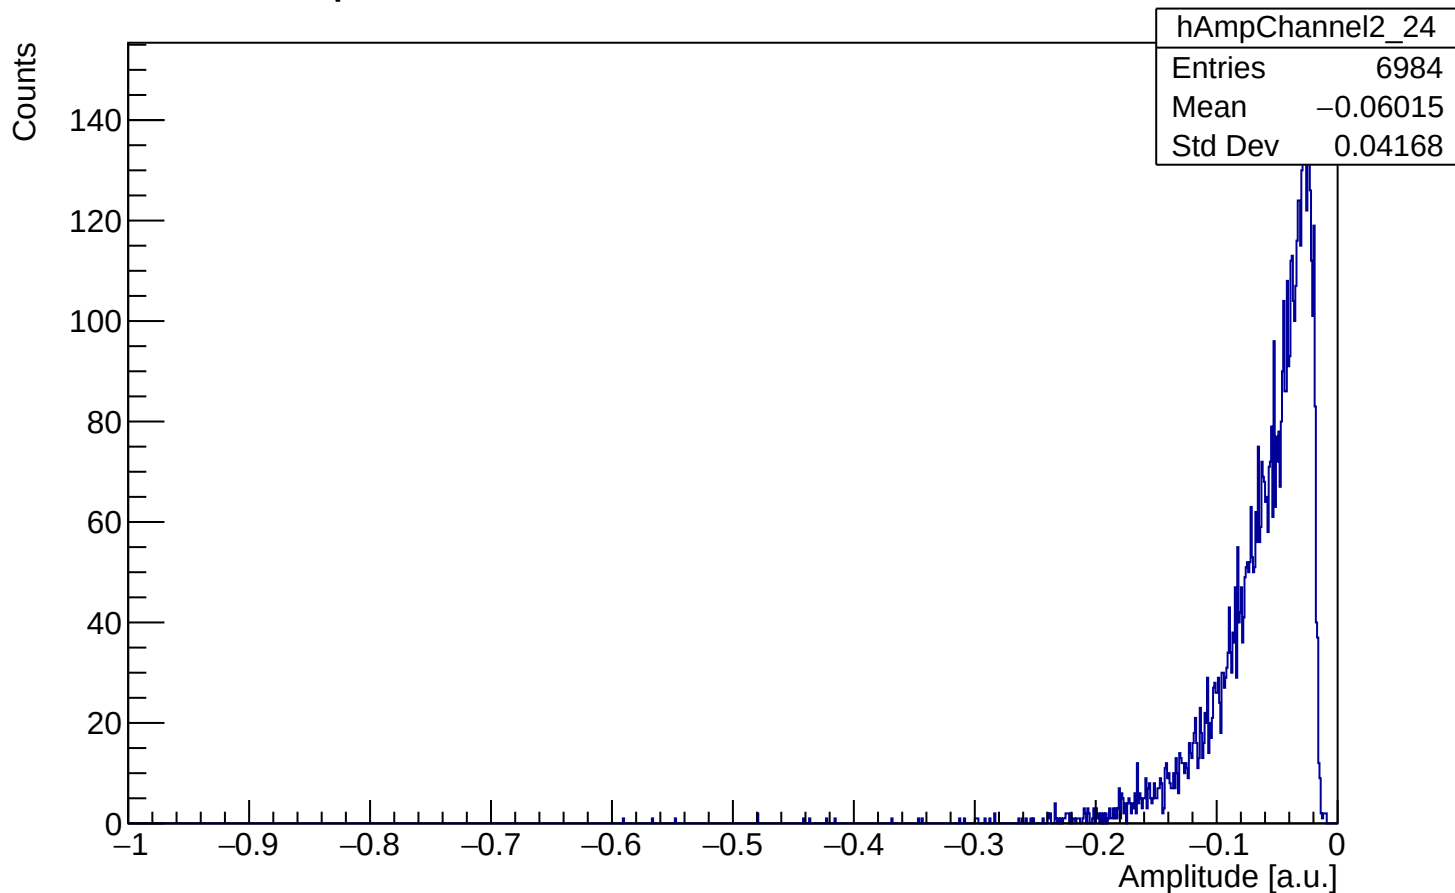

Amplitudes for channel 22 of second detector

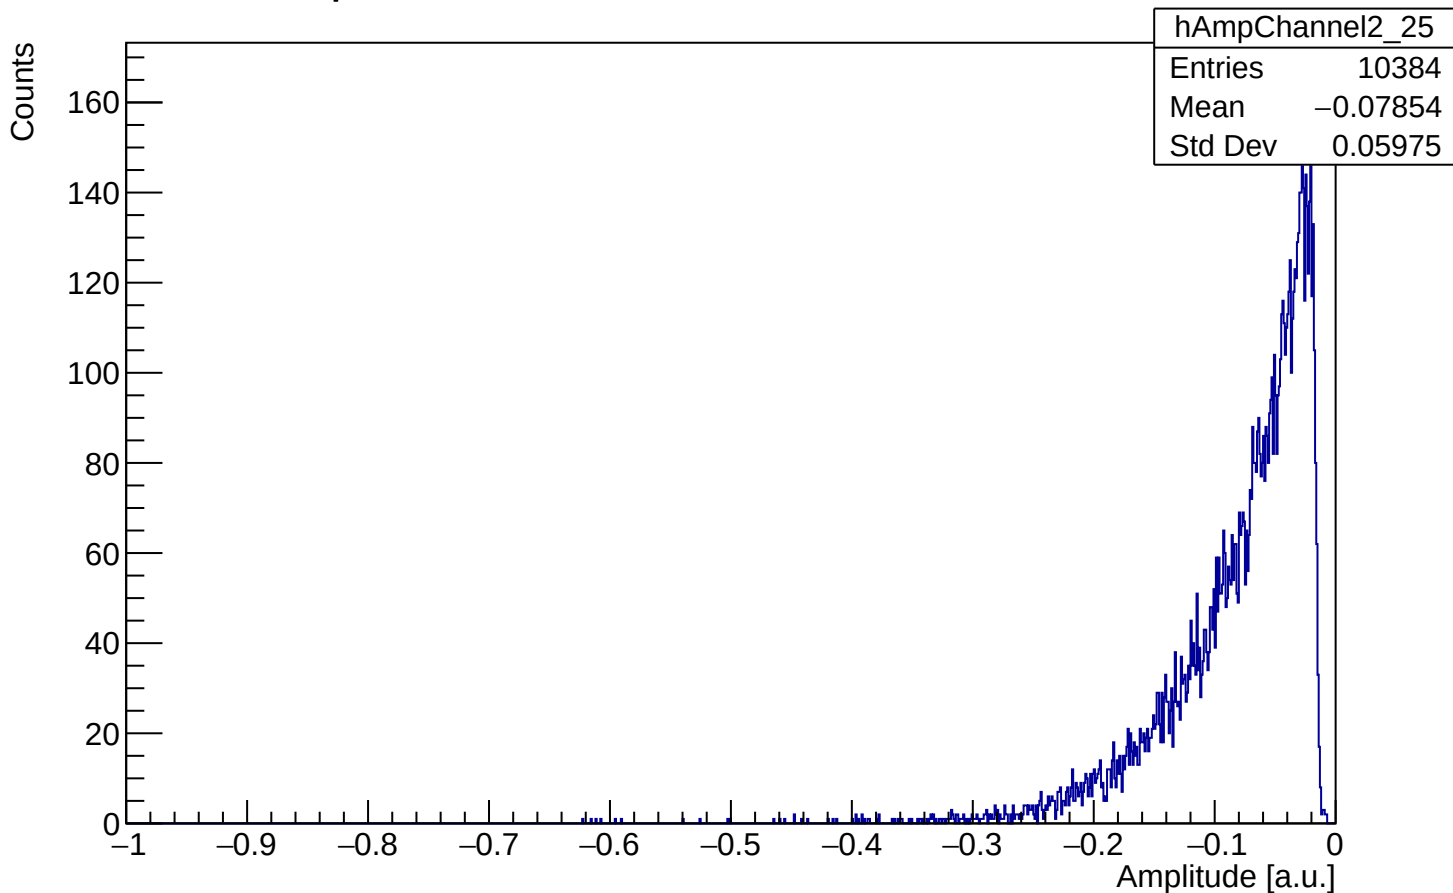

Amplitudes for channel 23 of second detector

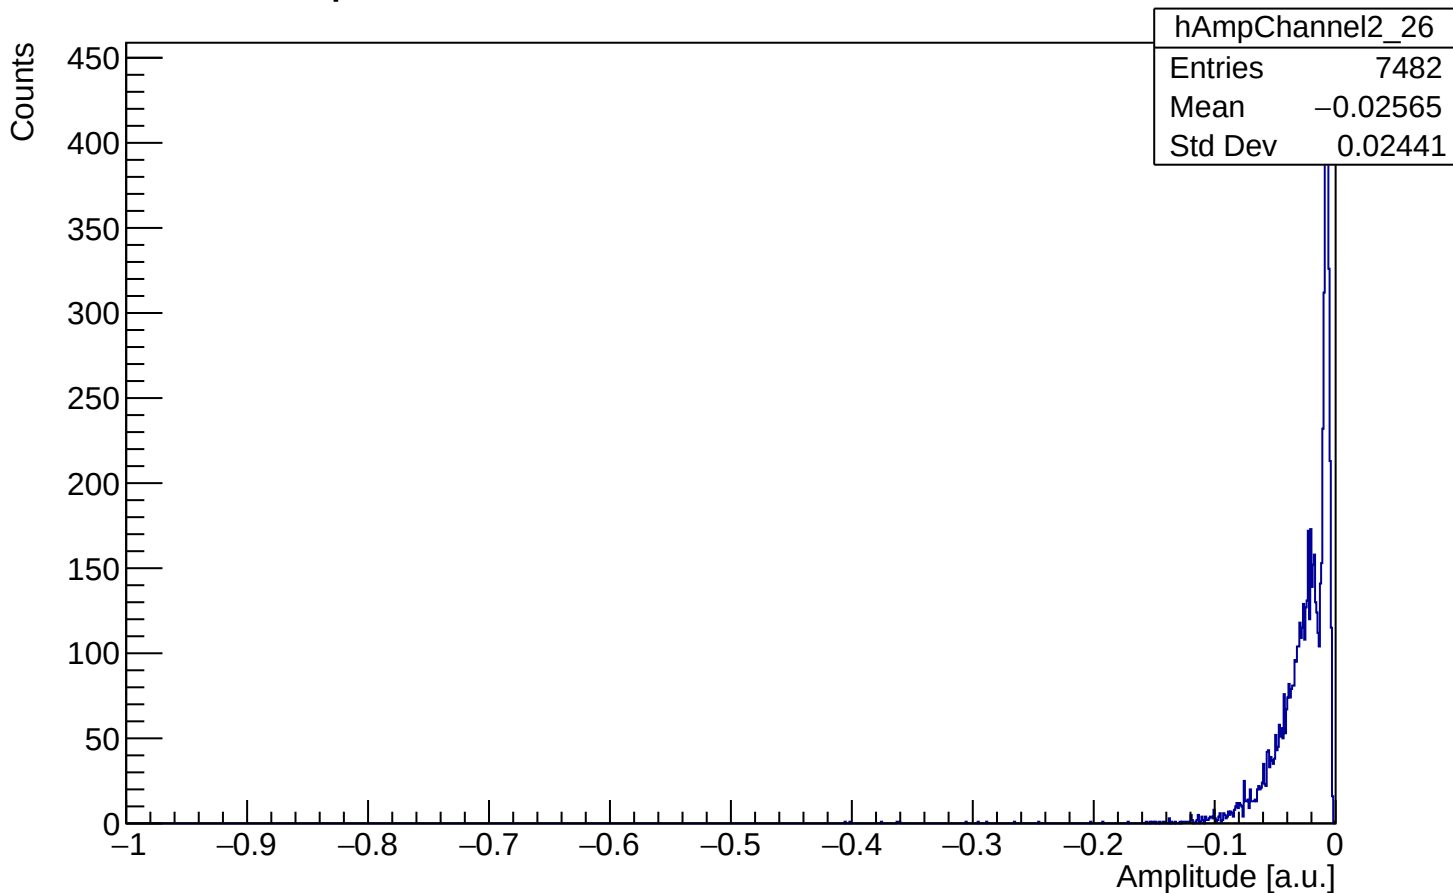

Amplitudes for channel 24 of second detector

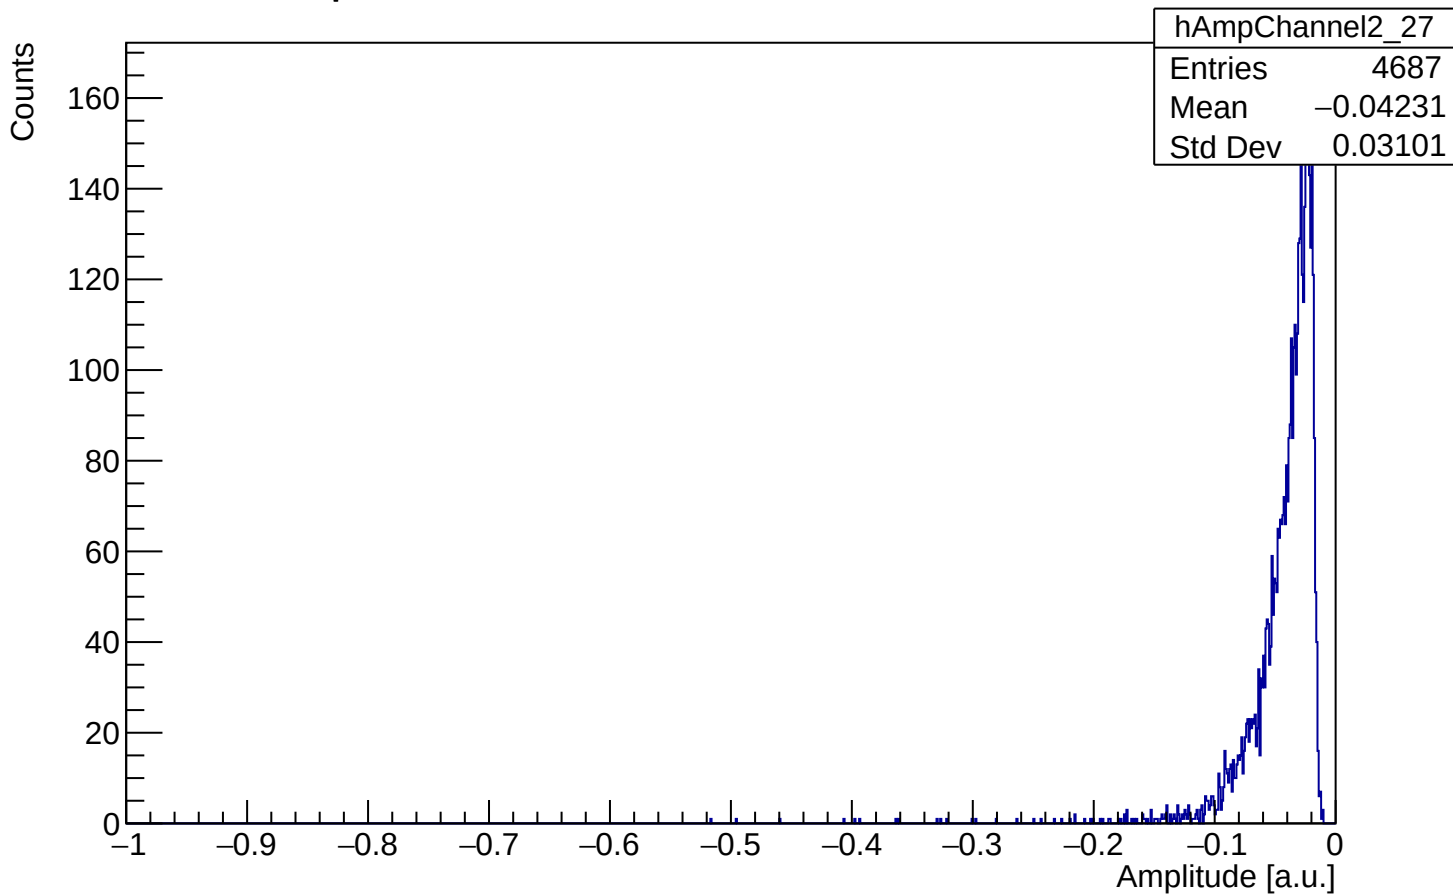

Amplitudes for channel 25 of second detector

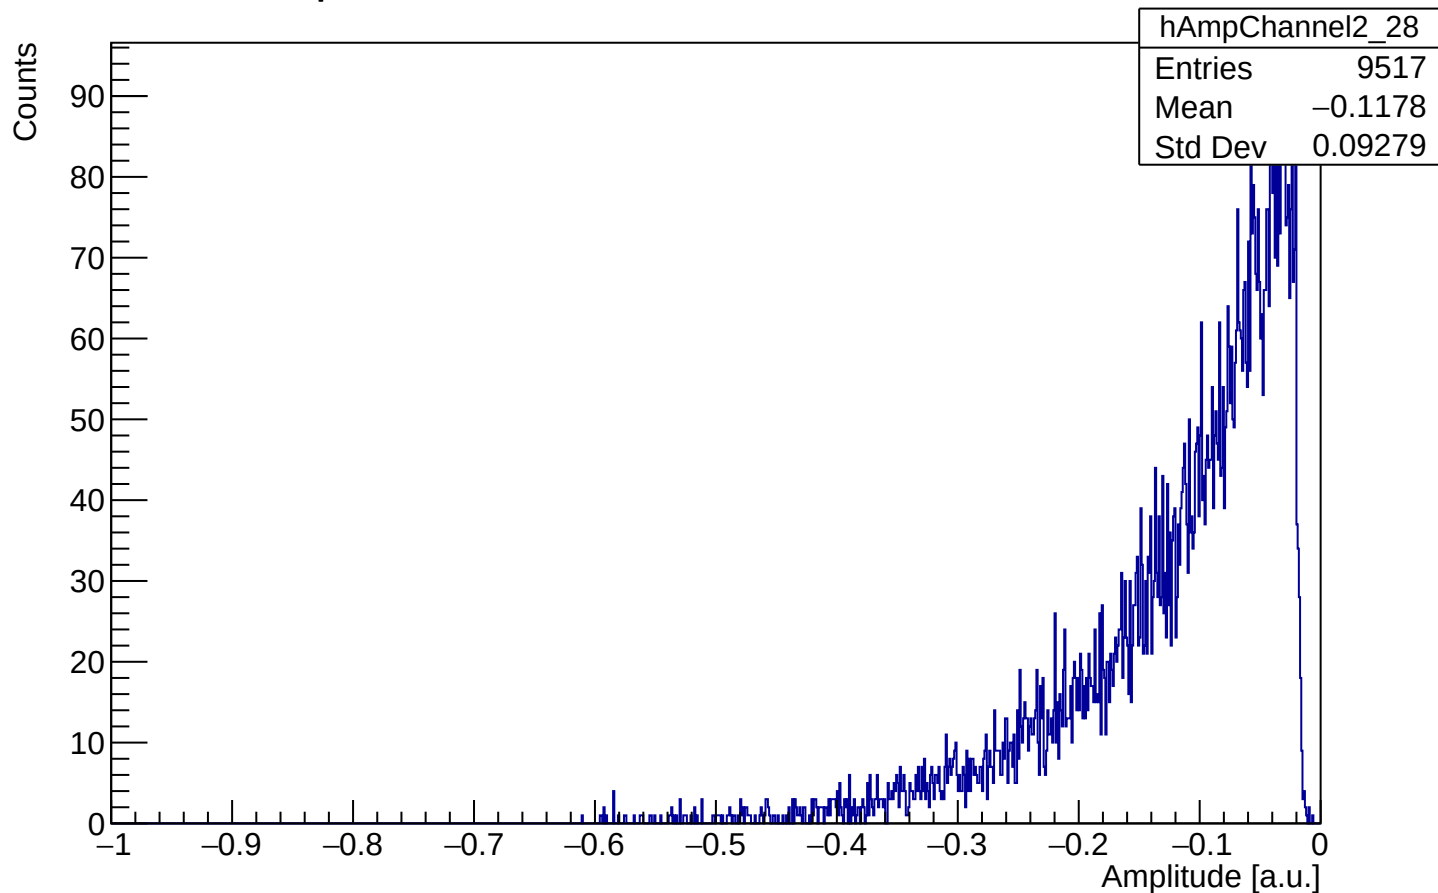

Amplitudes for channel 26 of second detector

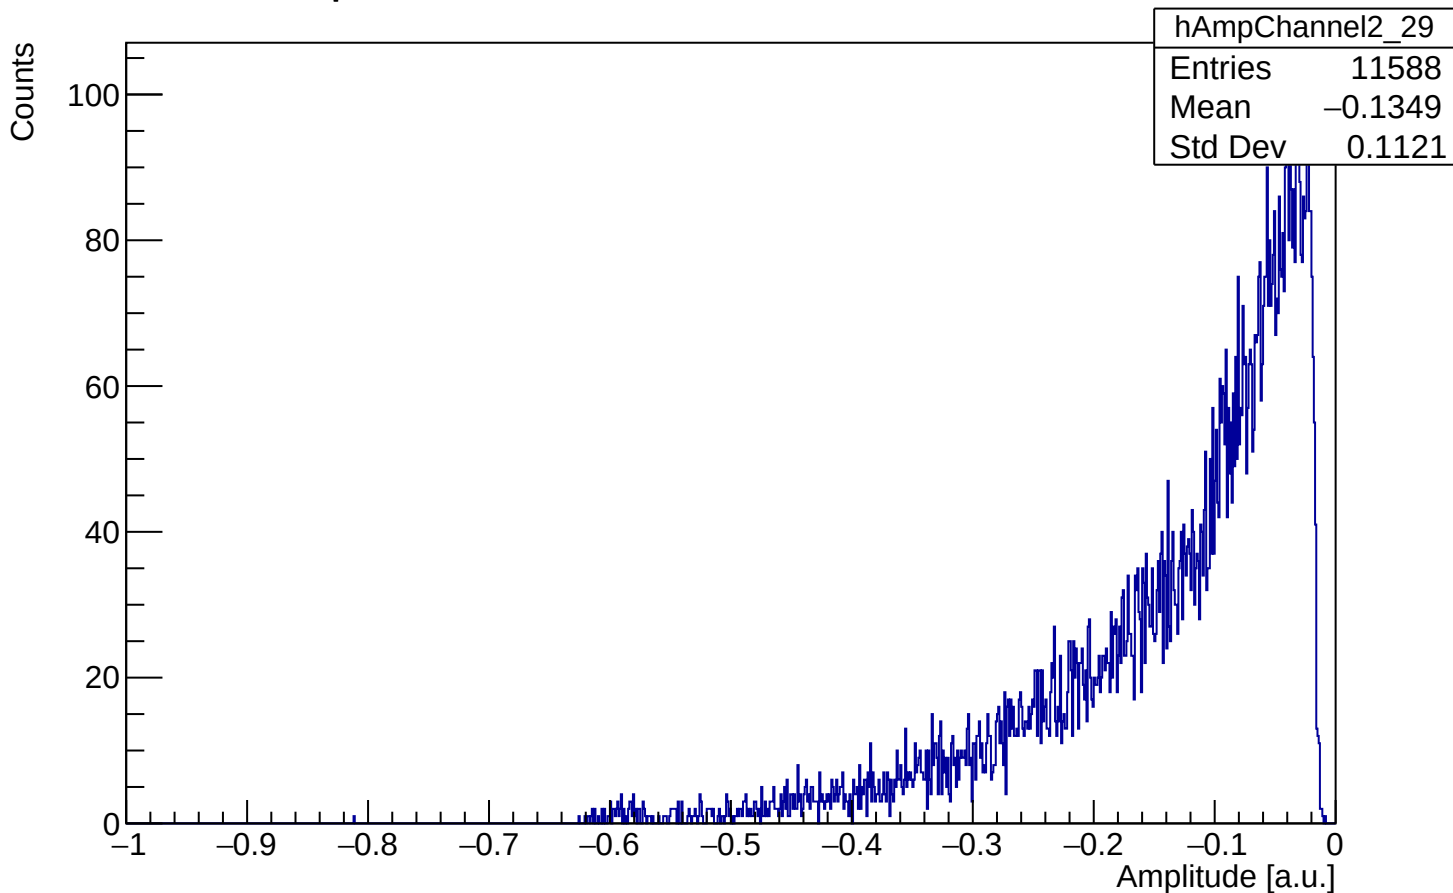

Amplitudes for channel 27 of second detector

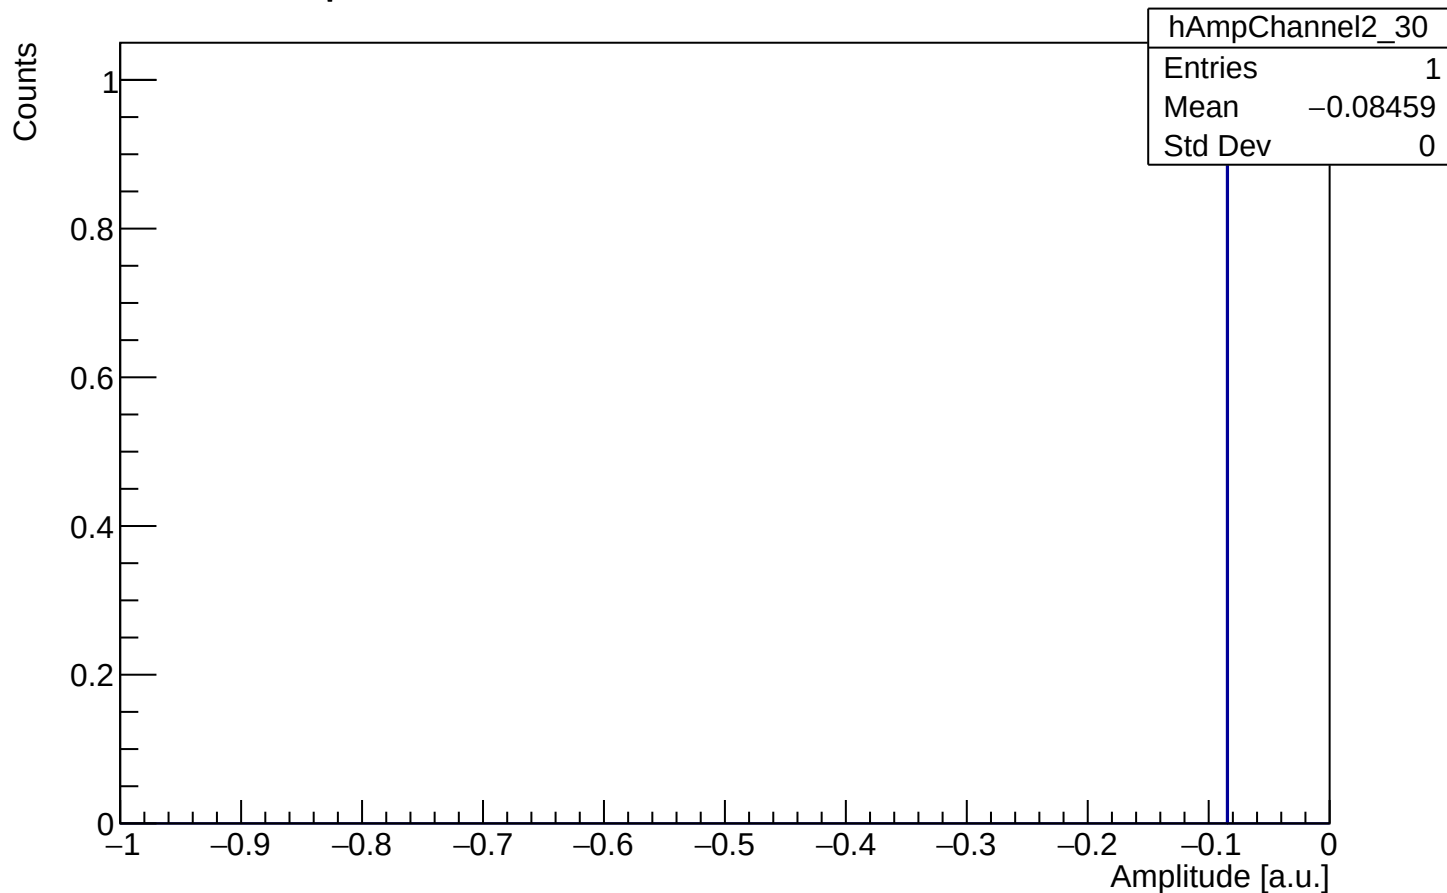

Amplitudes for channel 28 of second detector

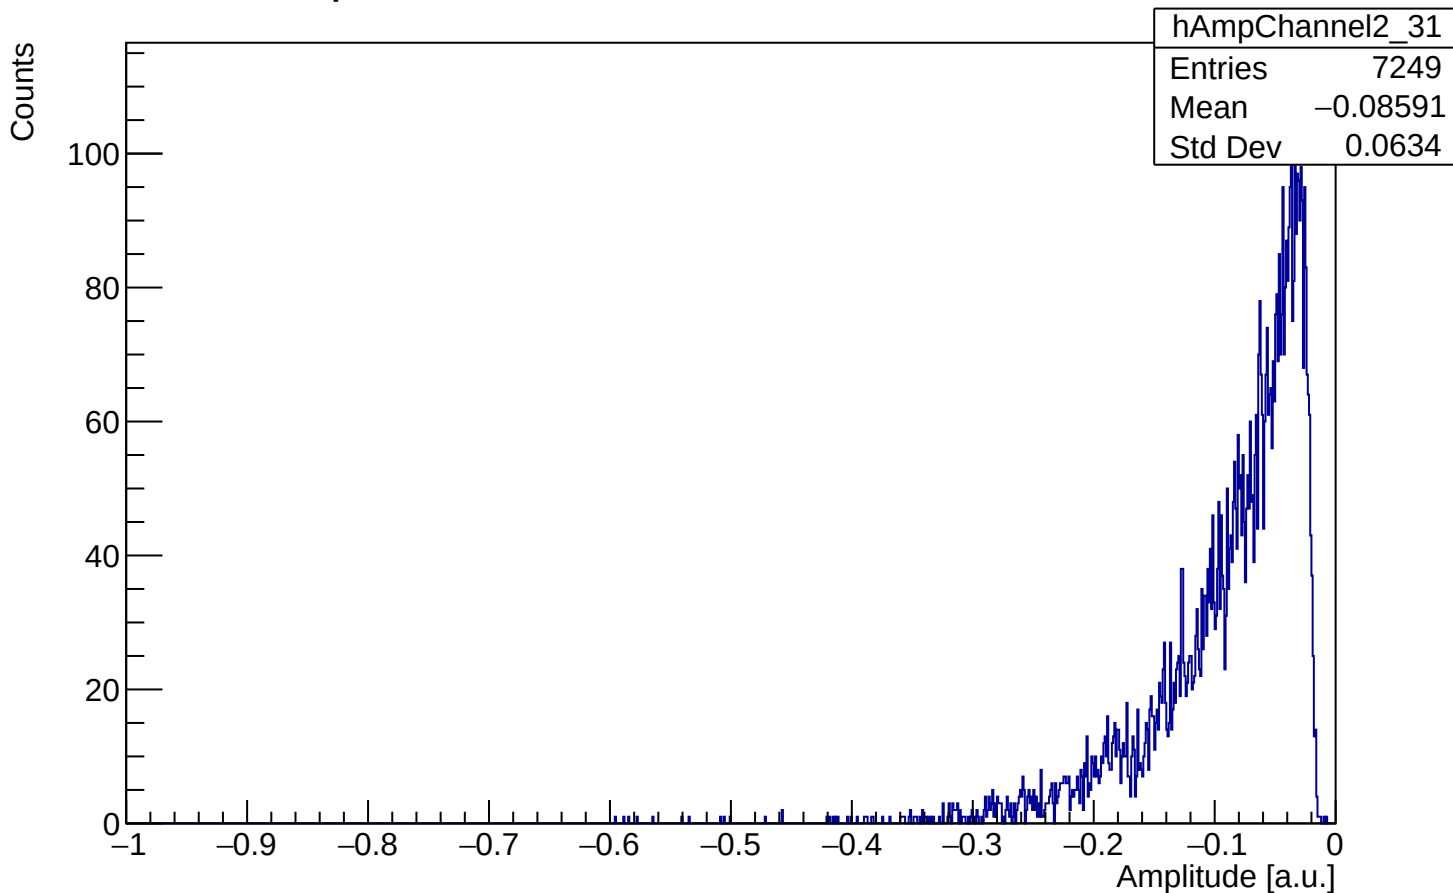

Amplitudes for channel 29 of second detector

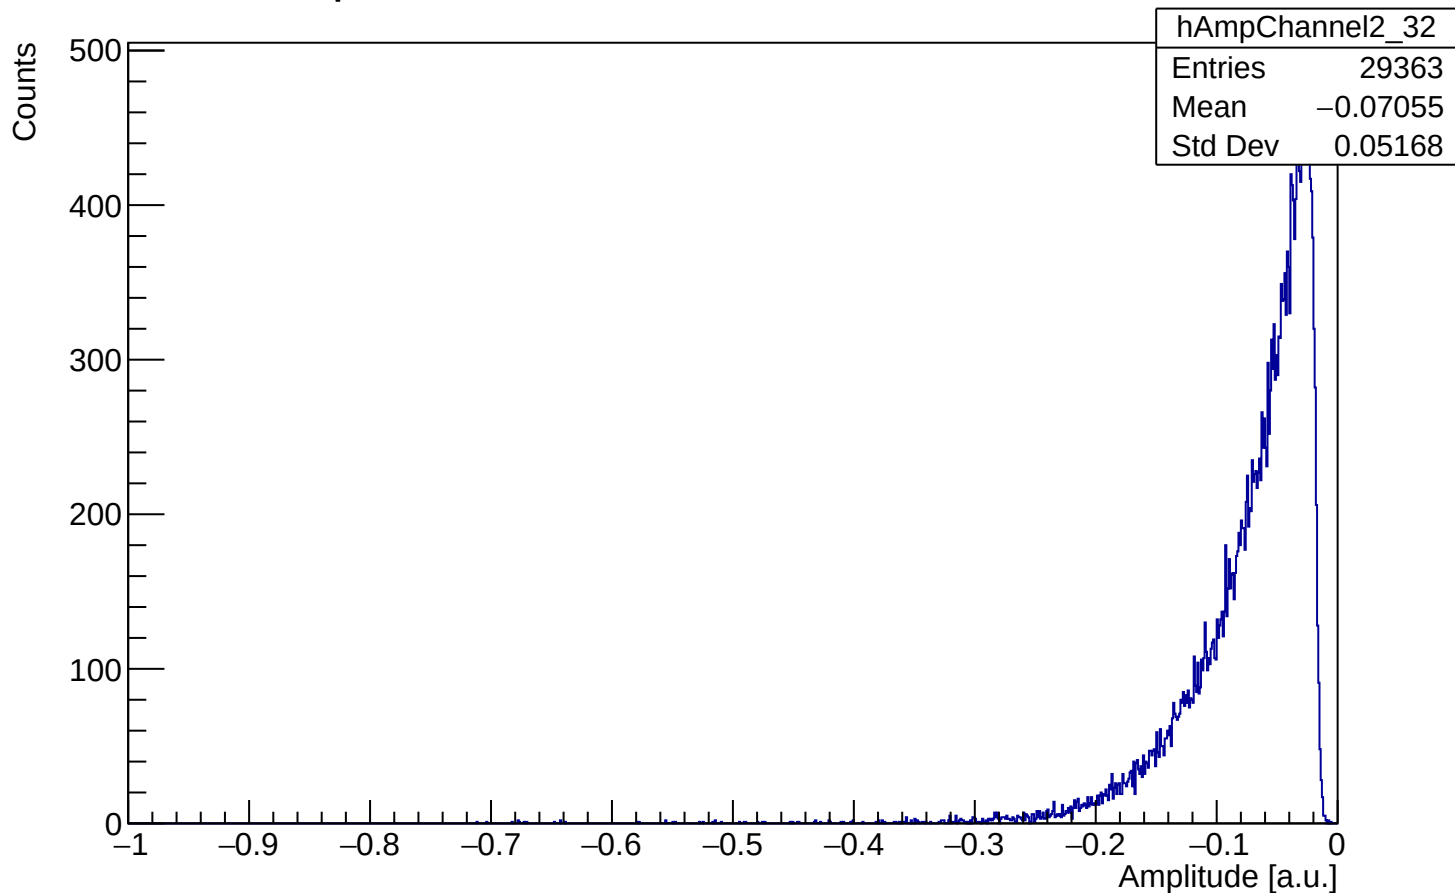

Amplitudes for channel 30 of second detector

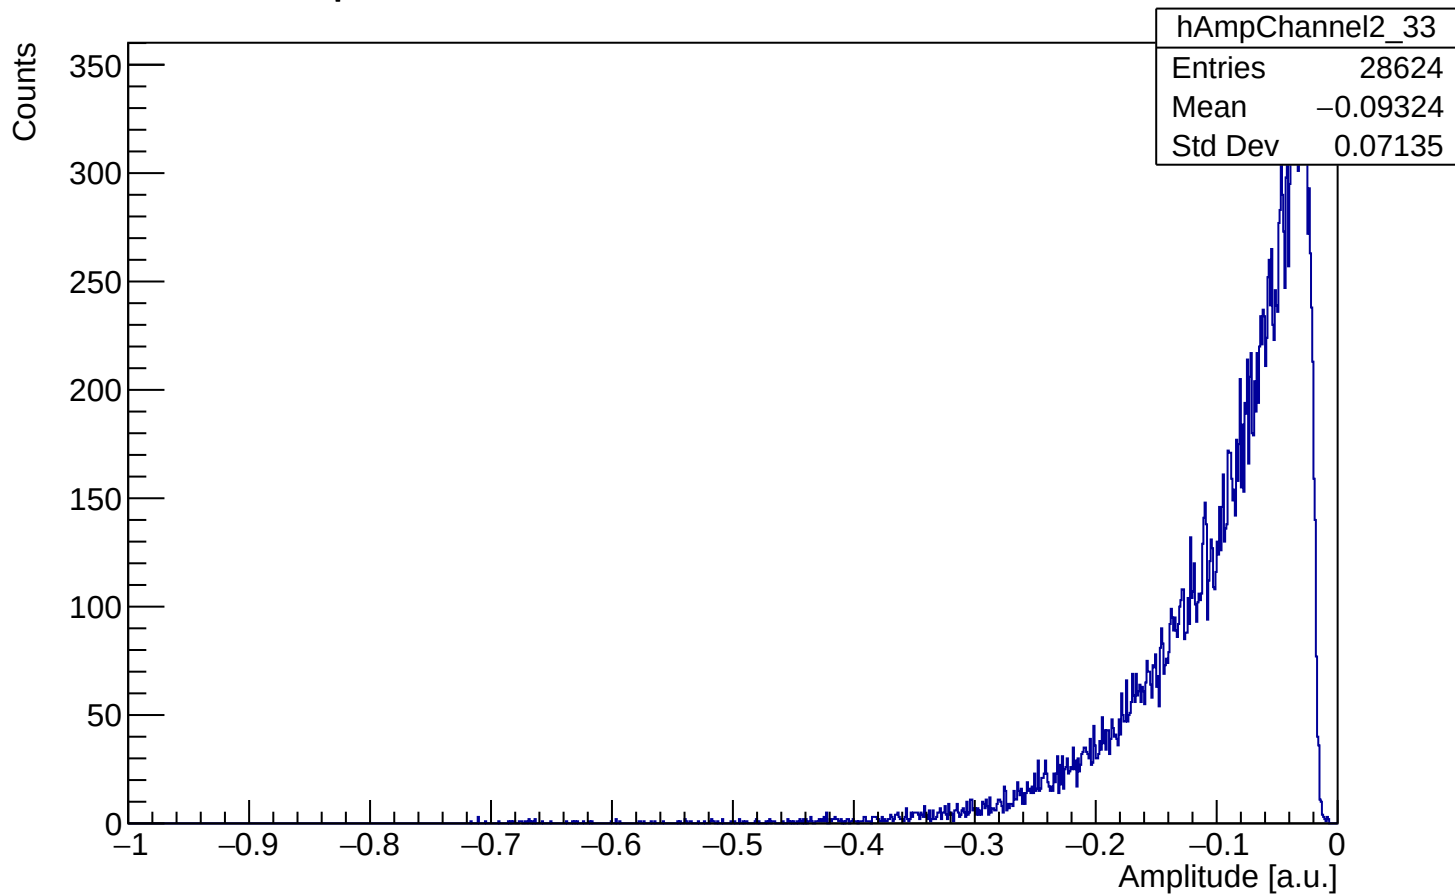

Amplitudes for channel 31 of second detector

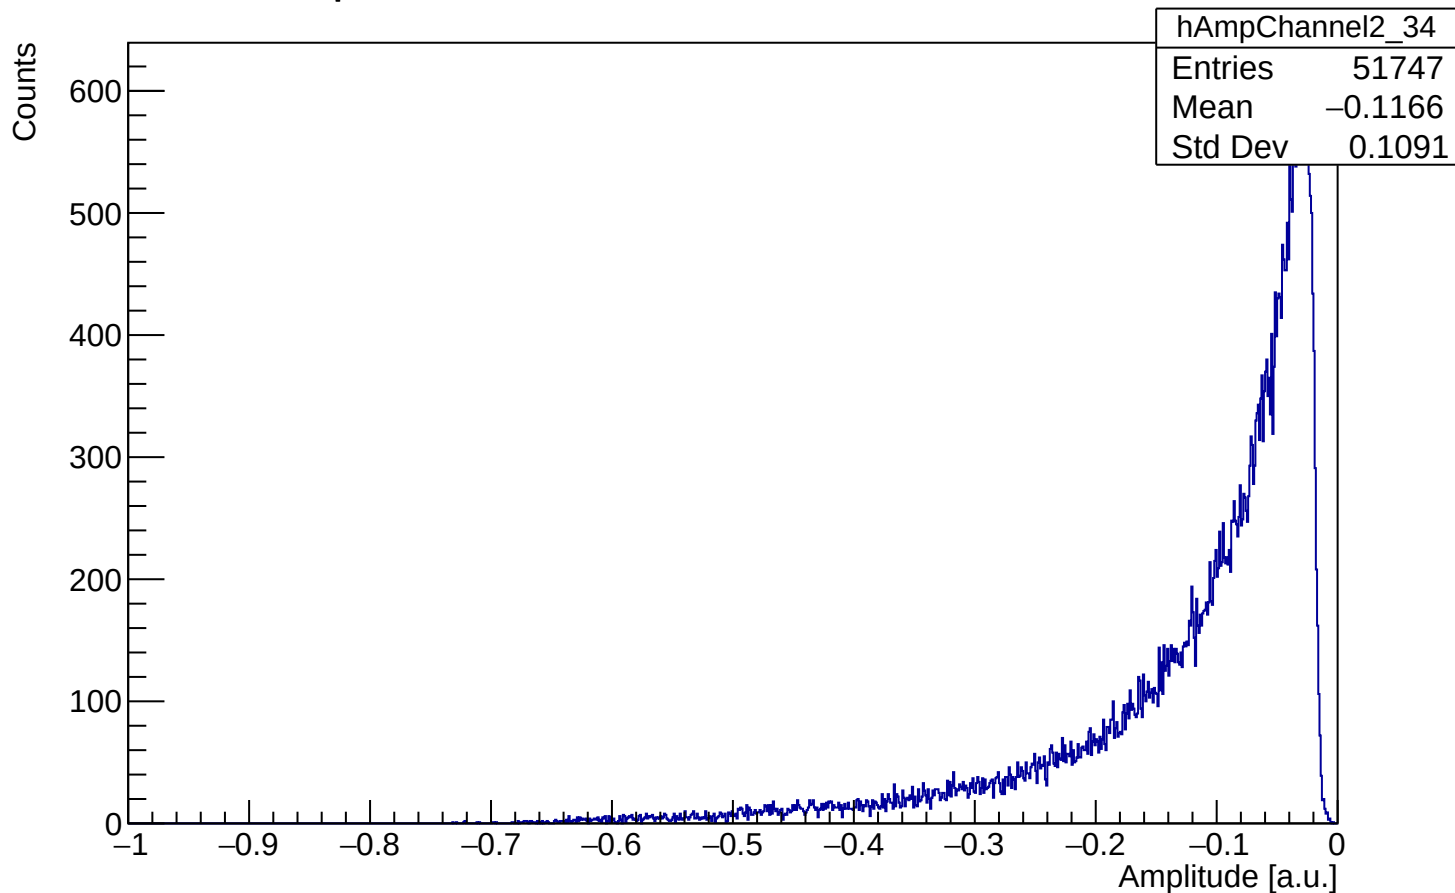

Amplitudes for channel 32 of second detector

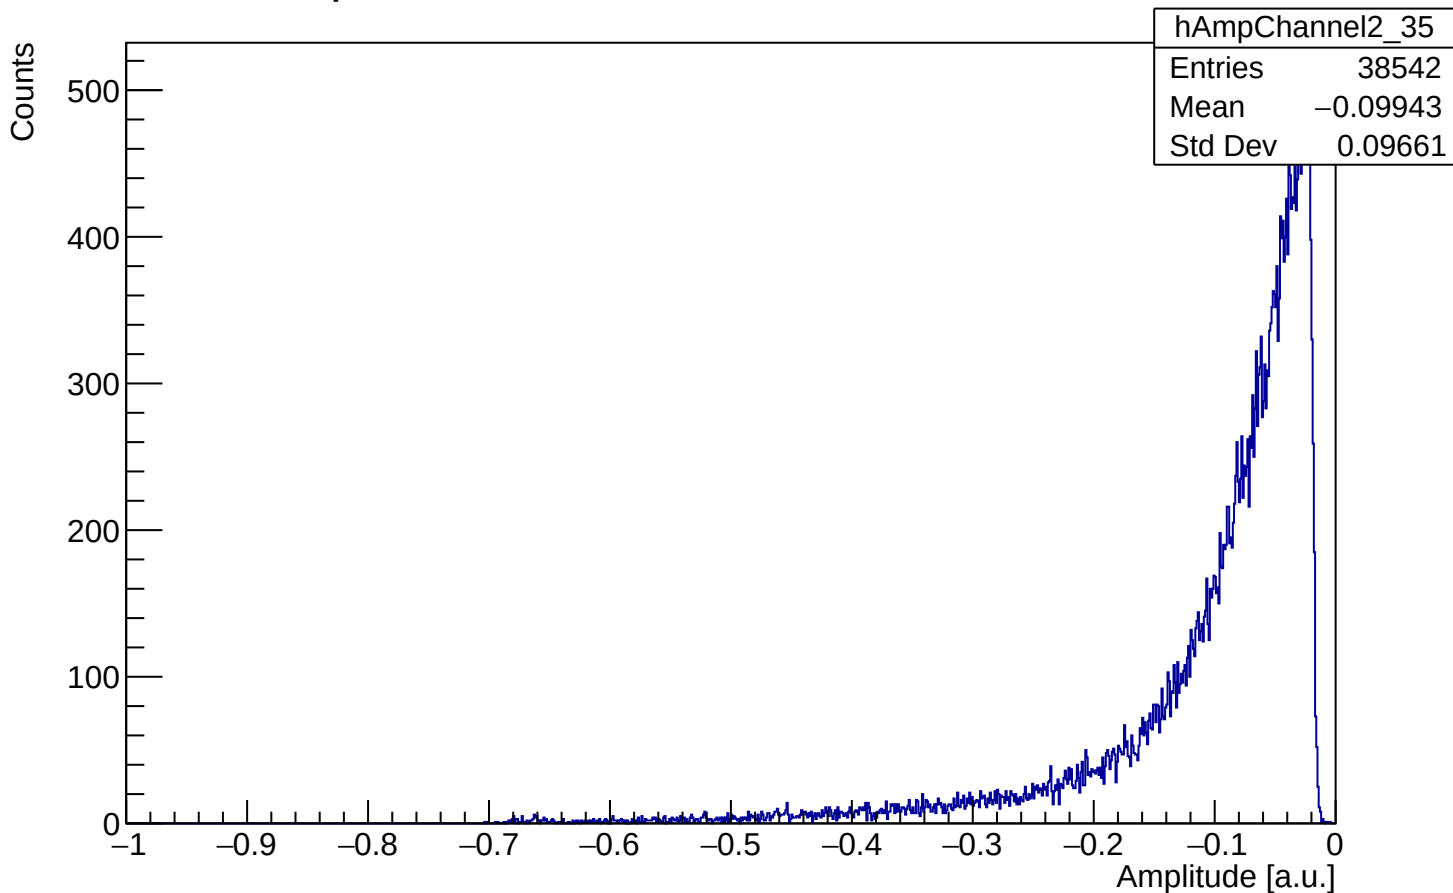

Amplitudes for channel 33 of second detector

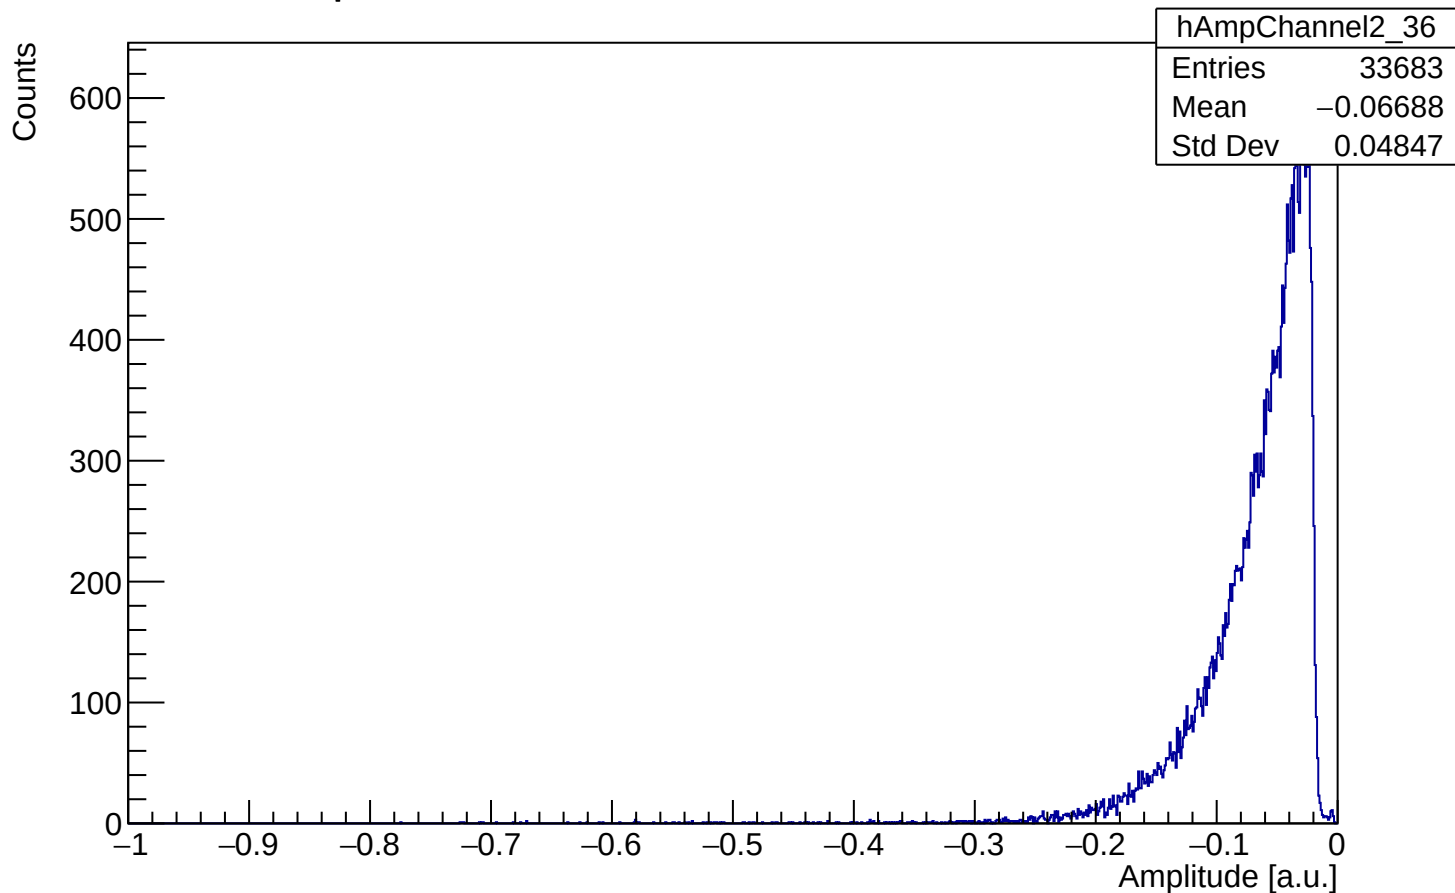

Amplitudes for channel 34 of second detector

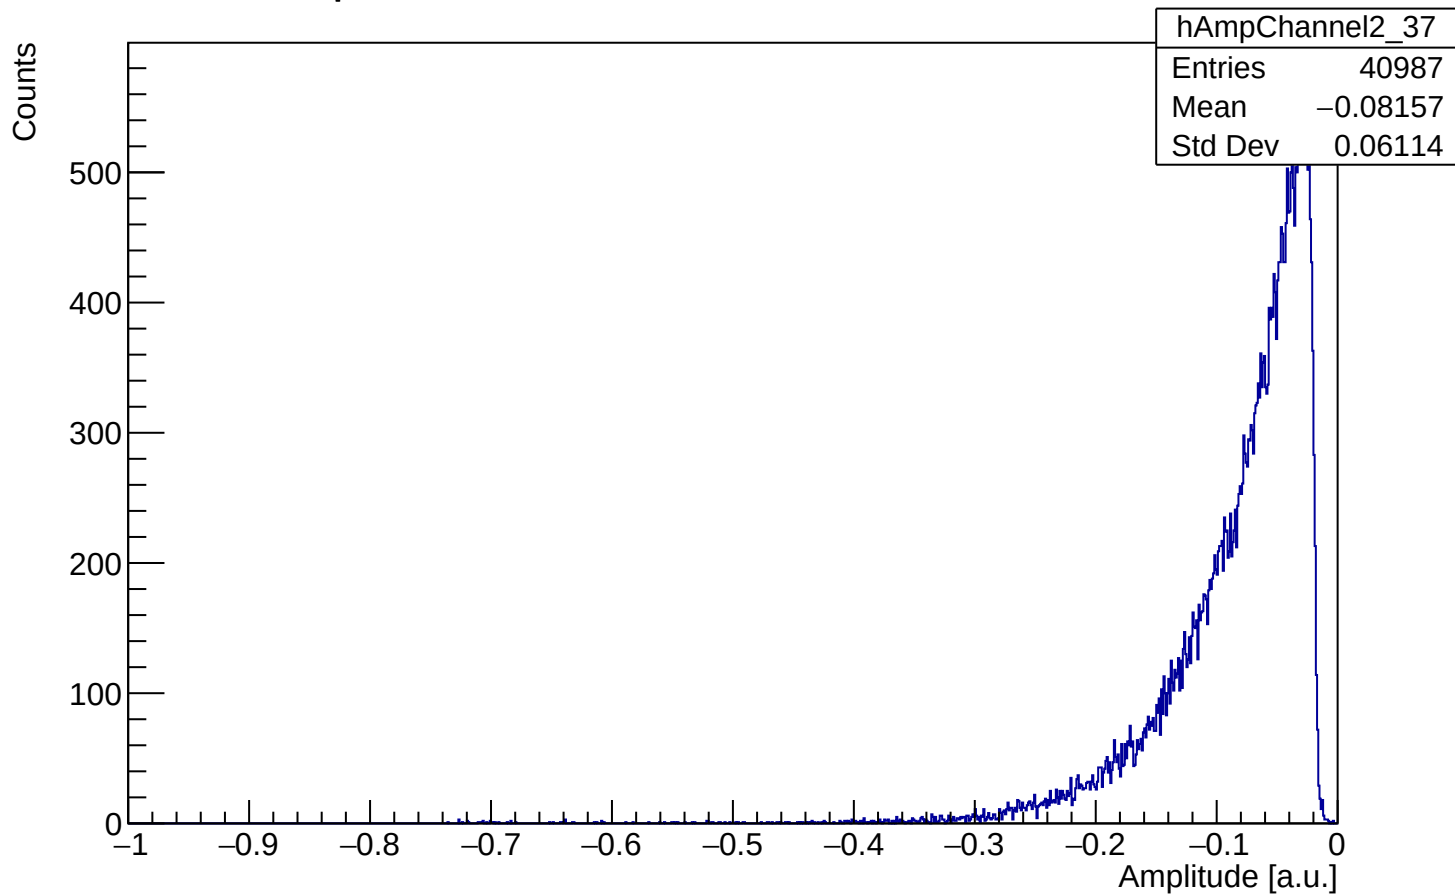

Amplitudes for channel 35 of second detector

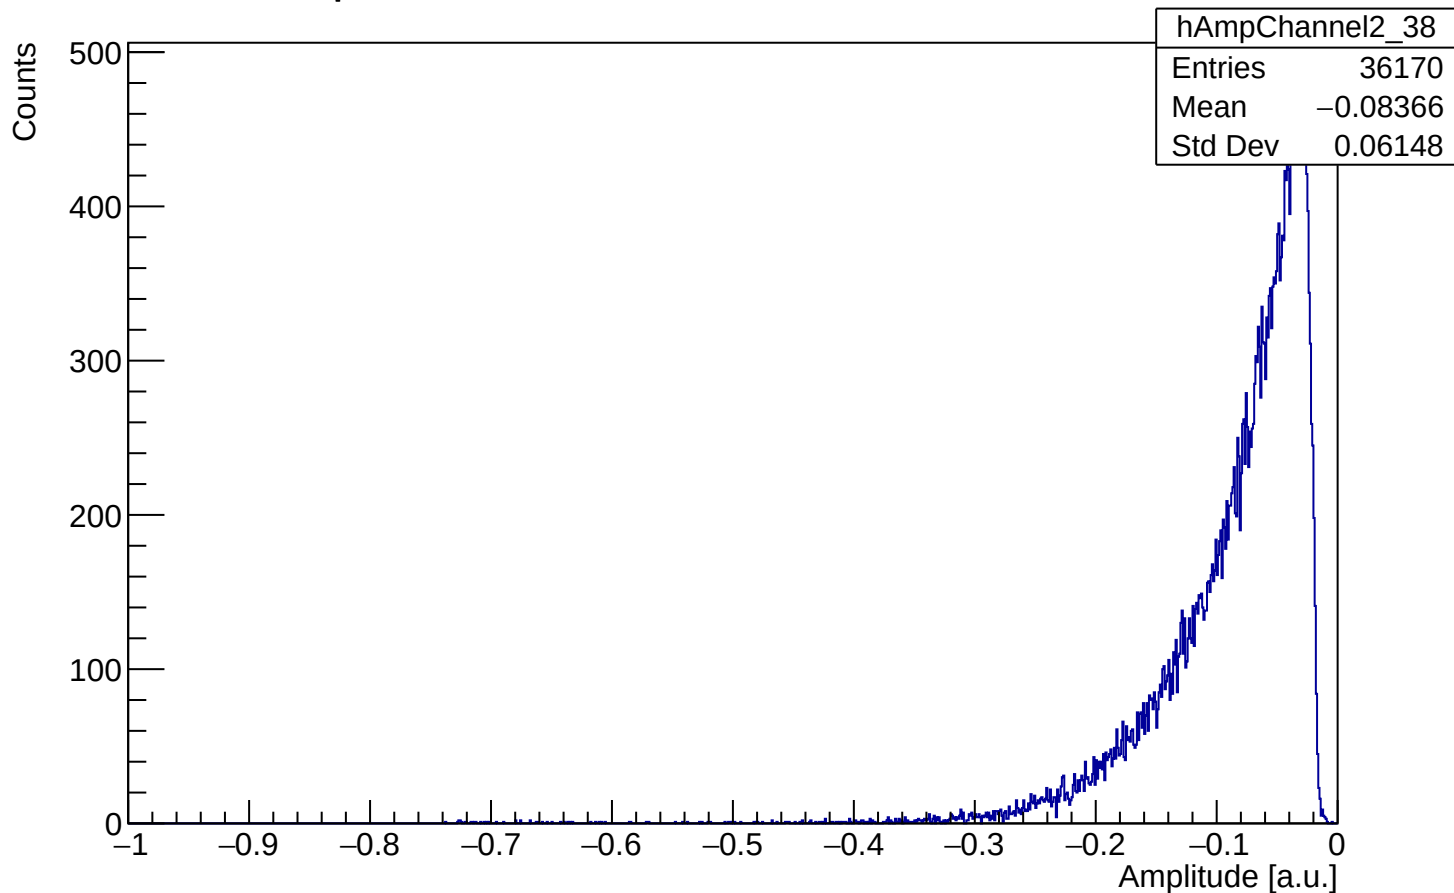

Amplitudes for channel 36 of second detector

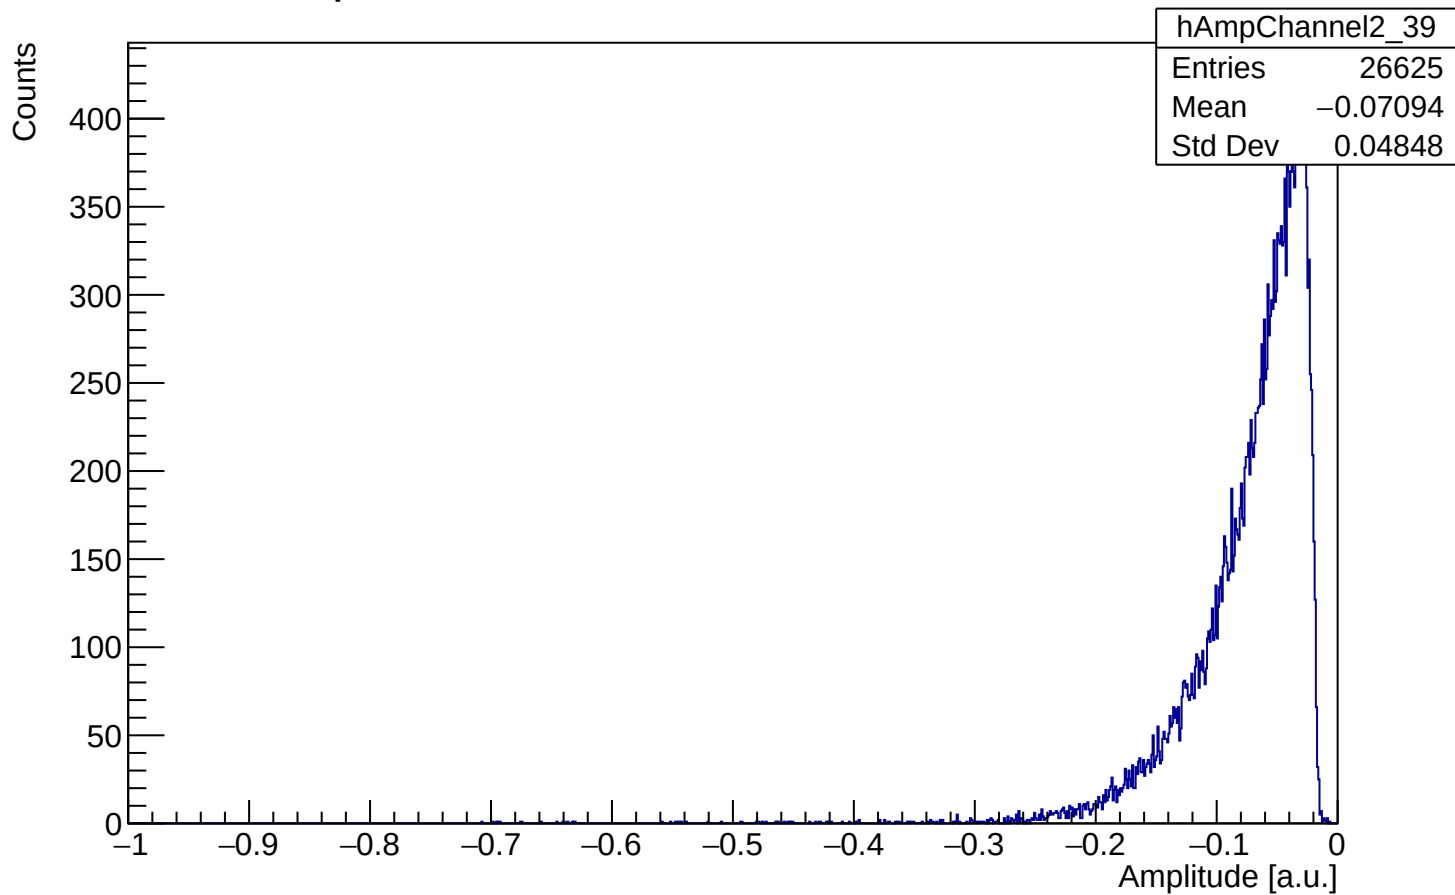

Amplitudes for channel 37 of second detector

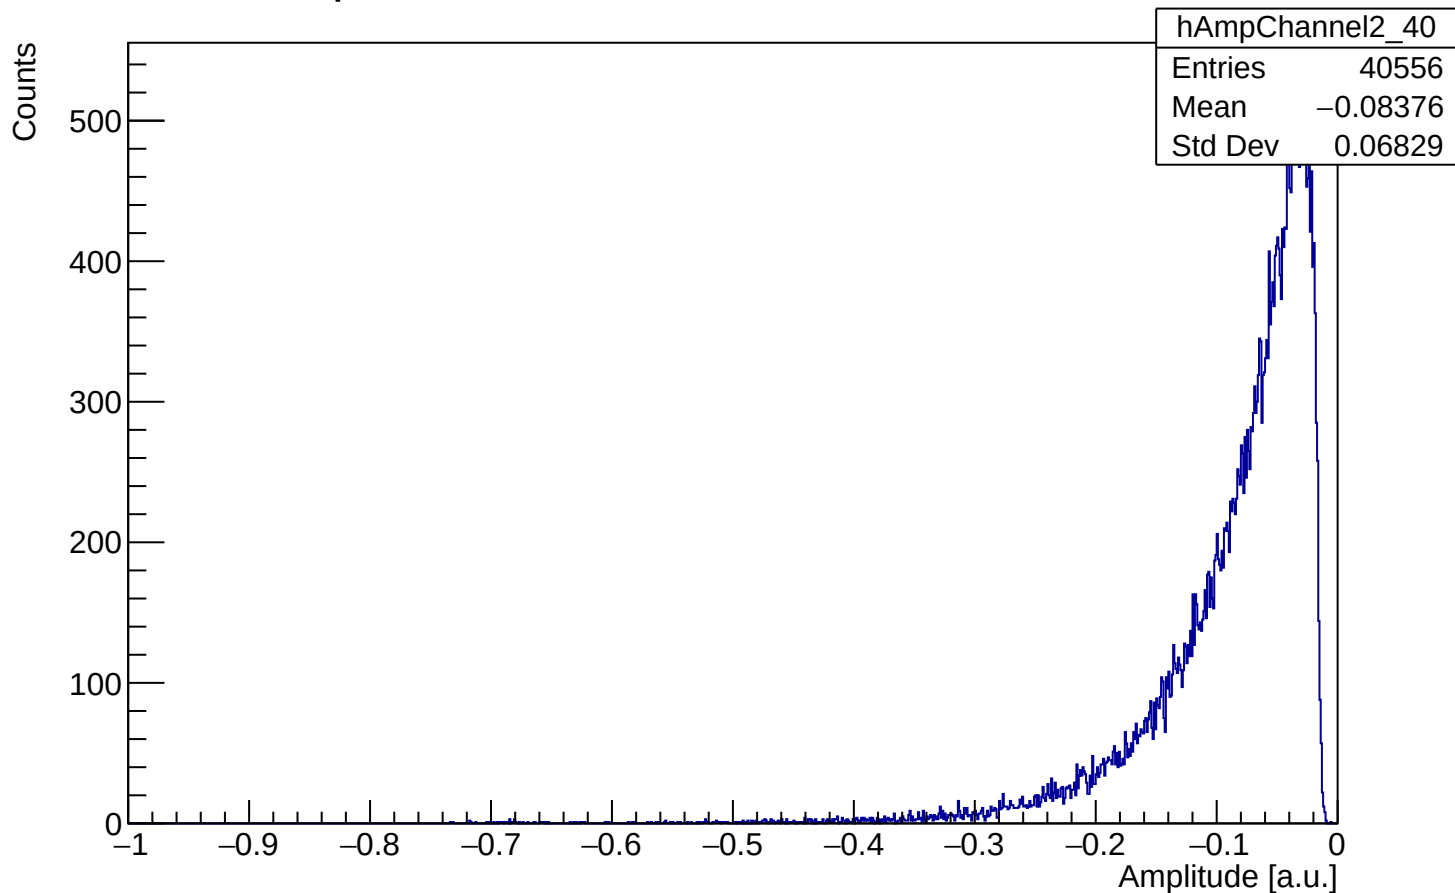

Amplitudes for channel 38 of second detector

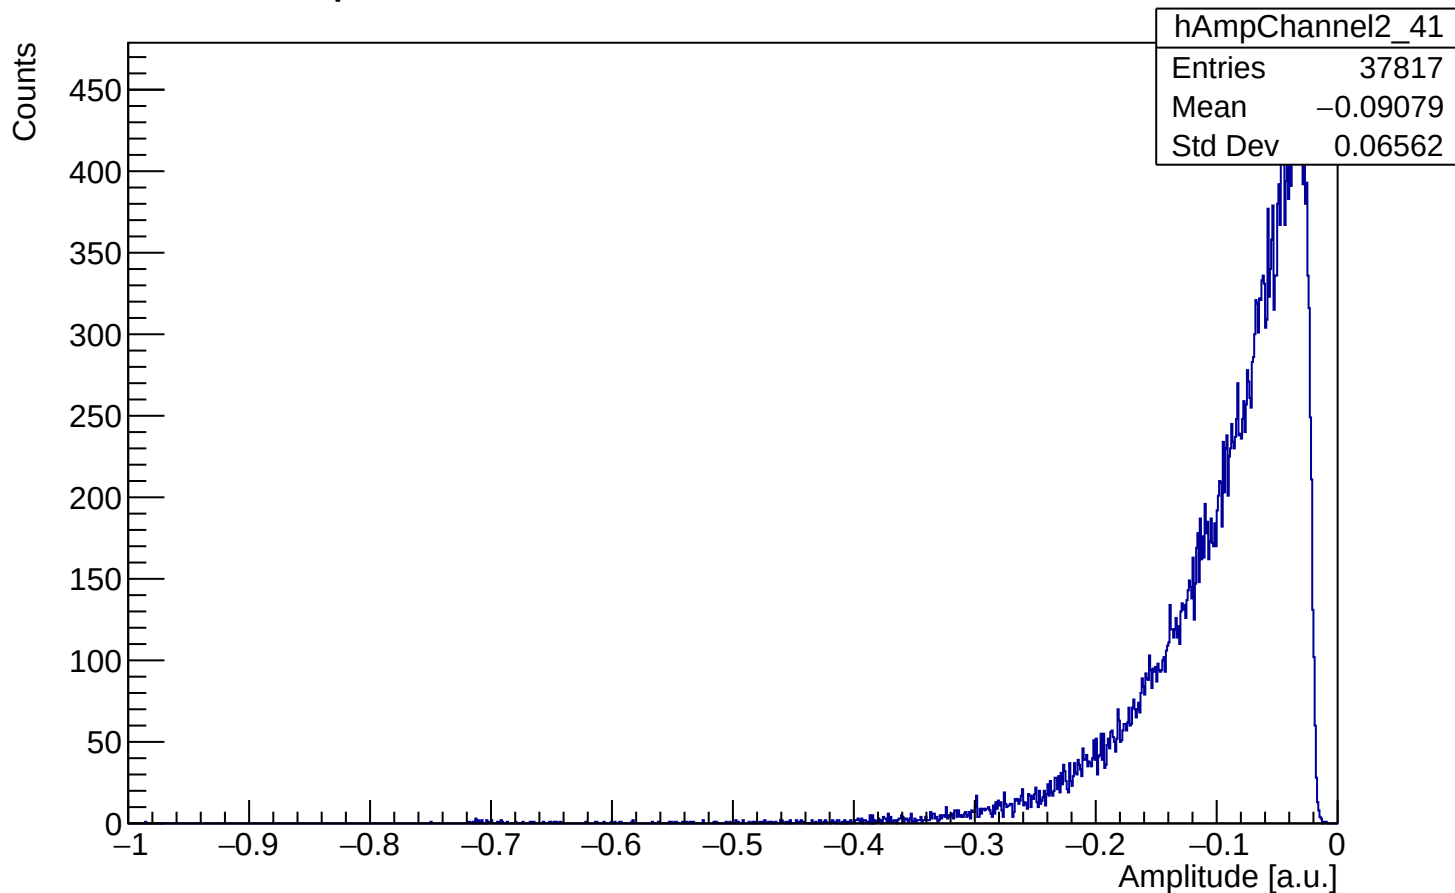

Amplitudes for channel 39 of second detector

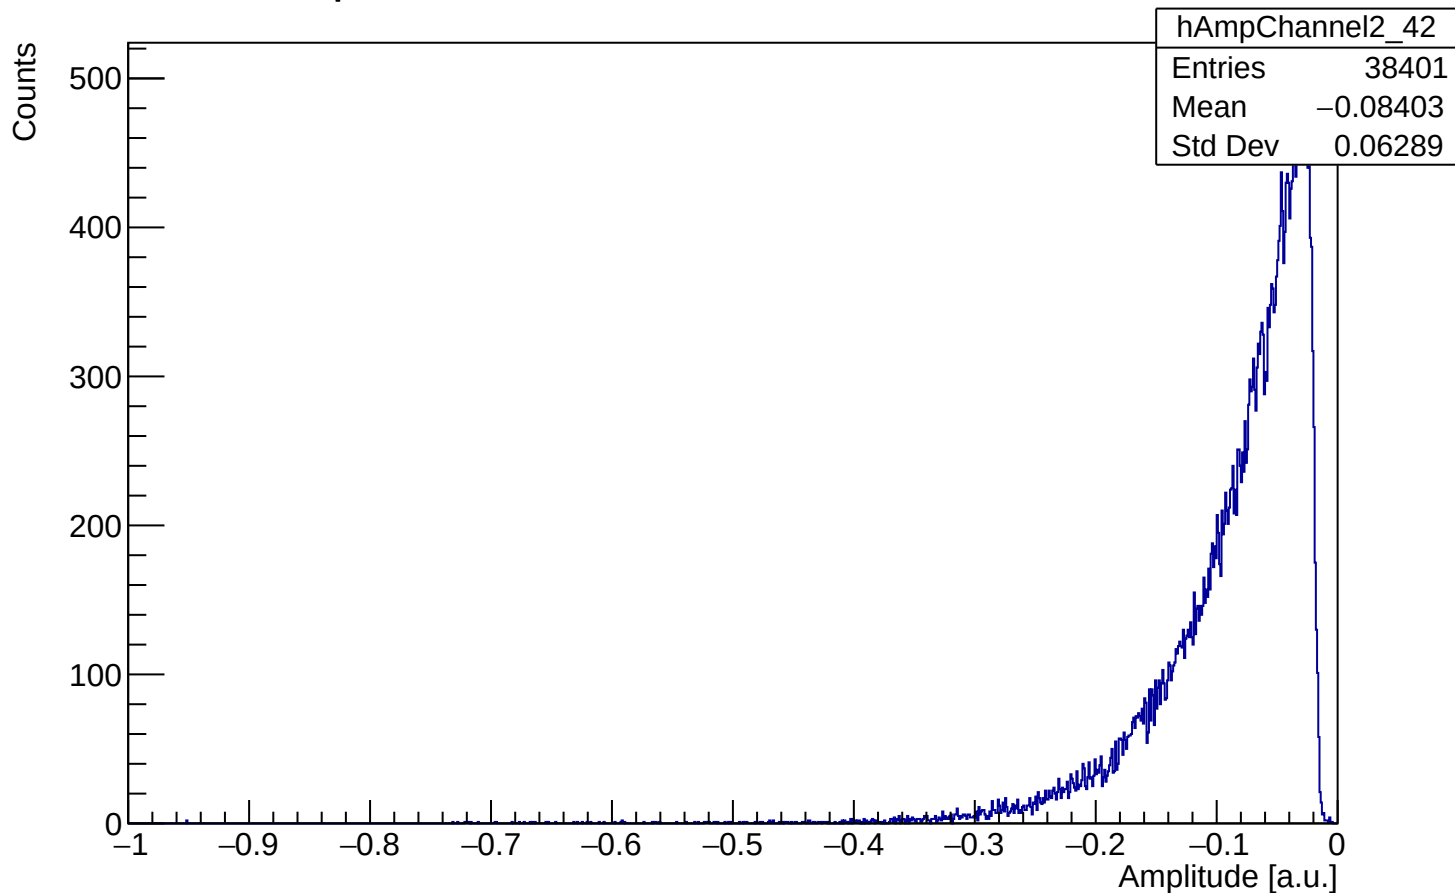

Amplitudes for channel 40 of second detector

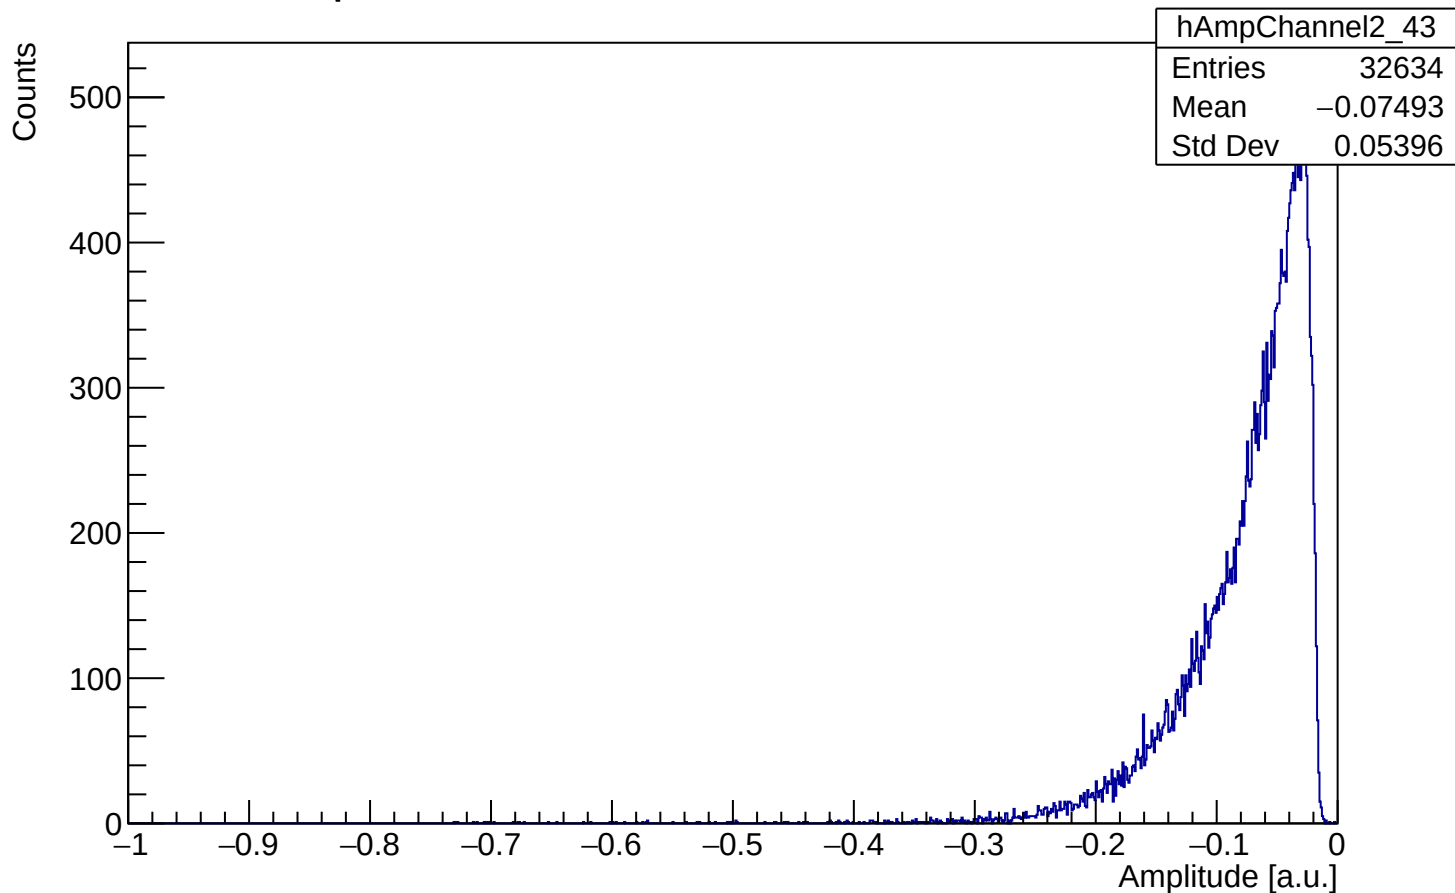

Amplitudes for channel 41 of second detector

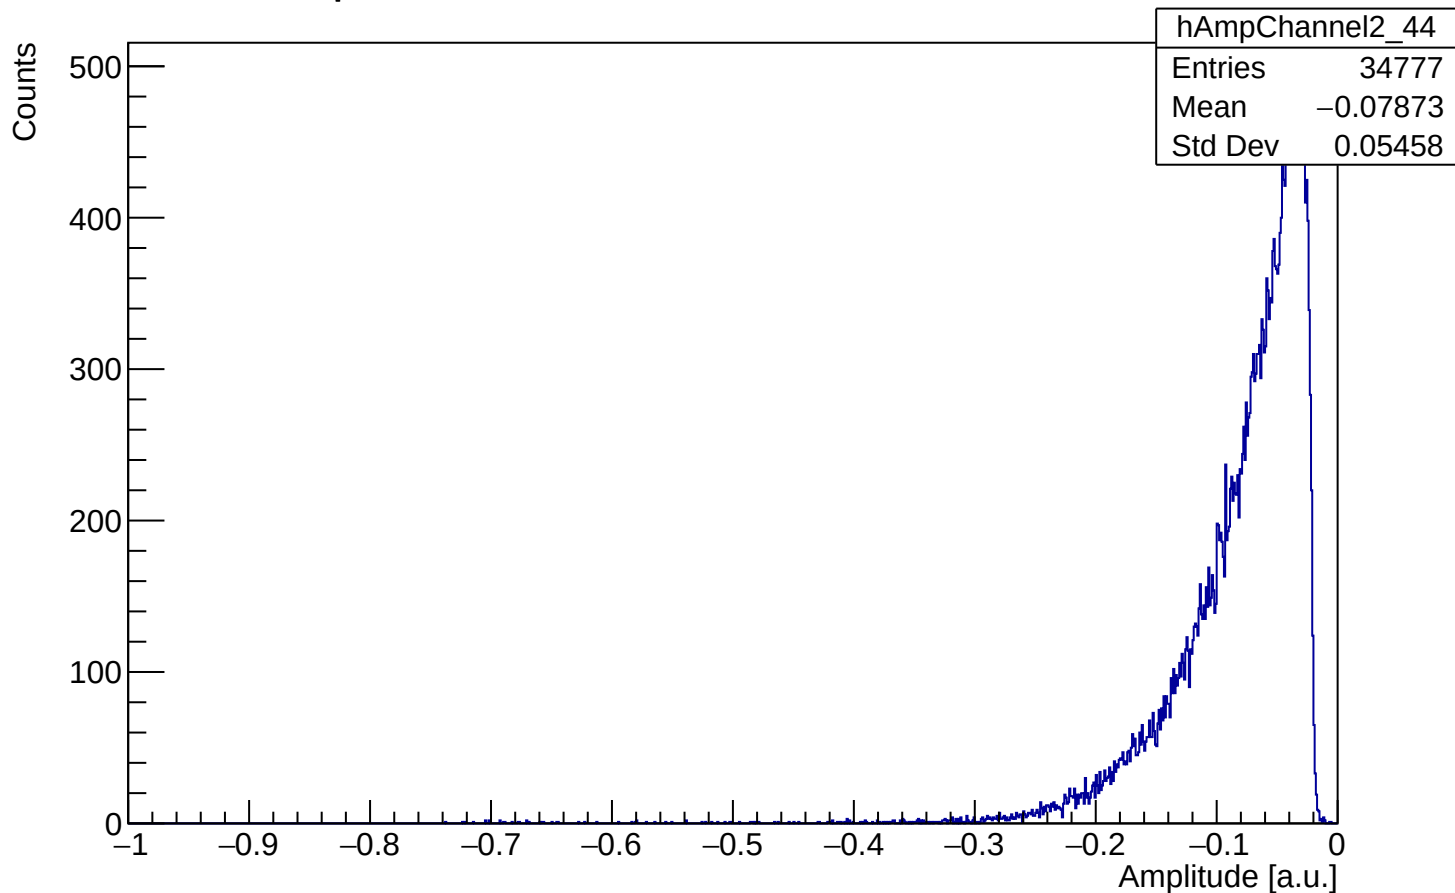

Amplitudes for channel 42 of second detector

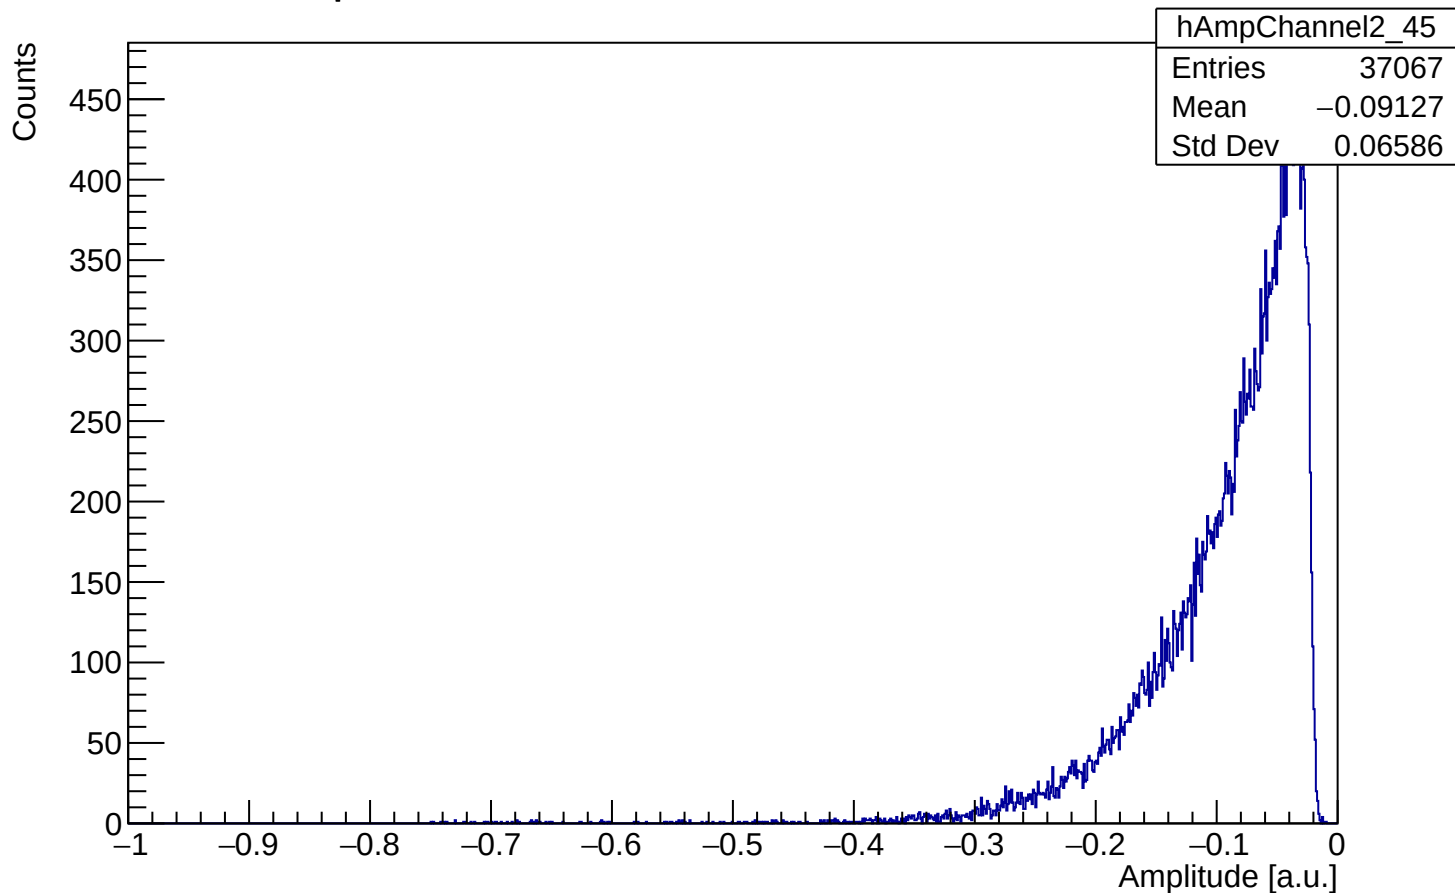

Amplitudes for channel 43 of second detector

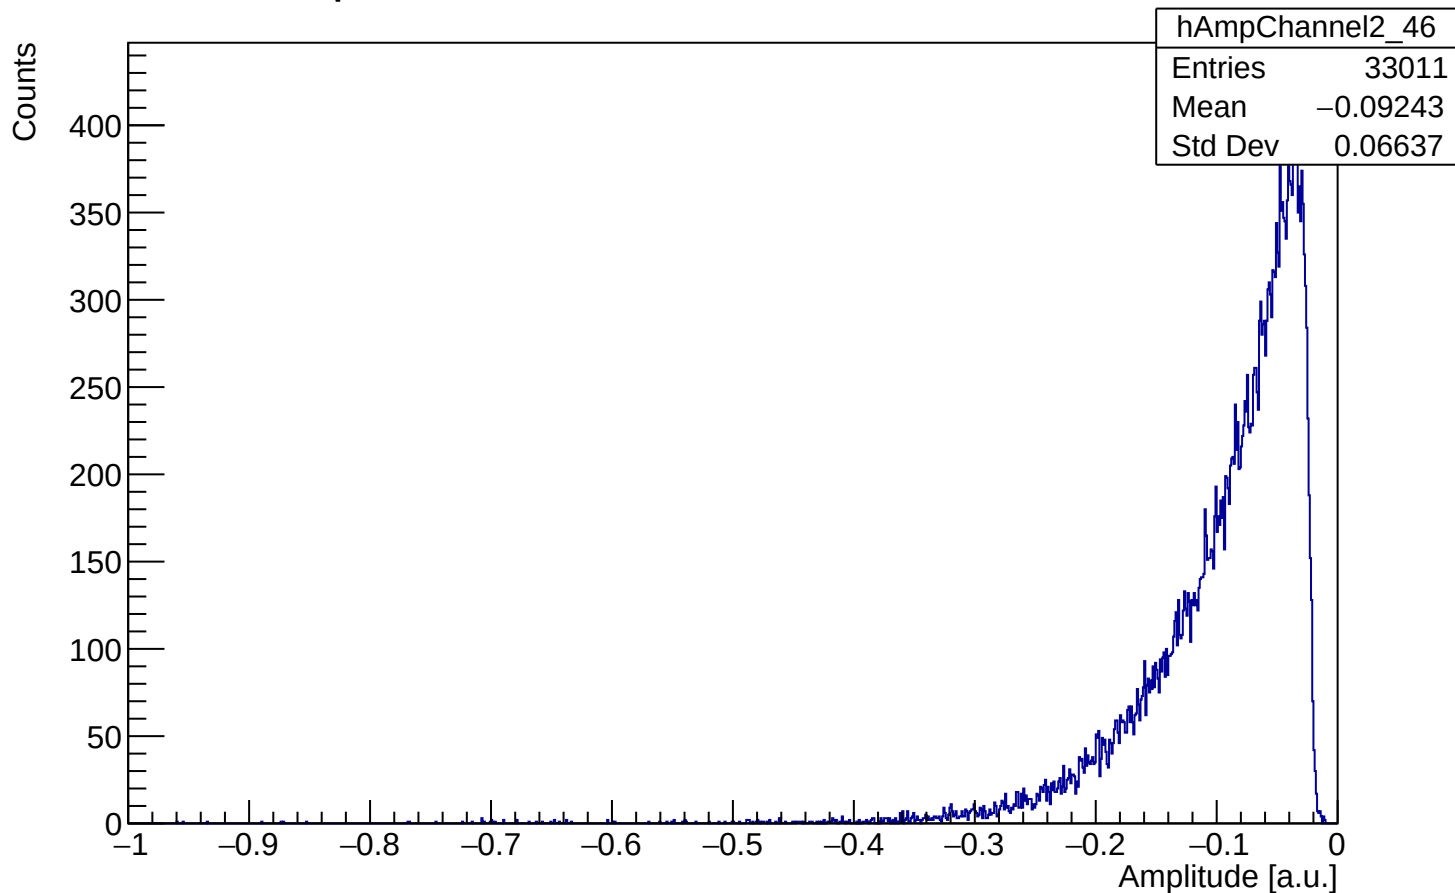

Amplitudes for channel 44 of second detector

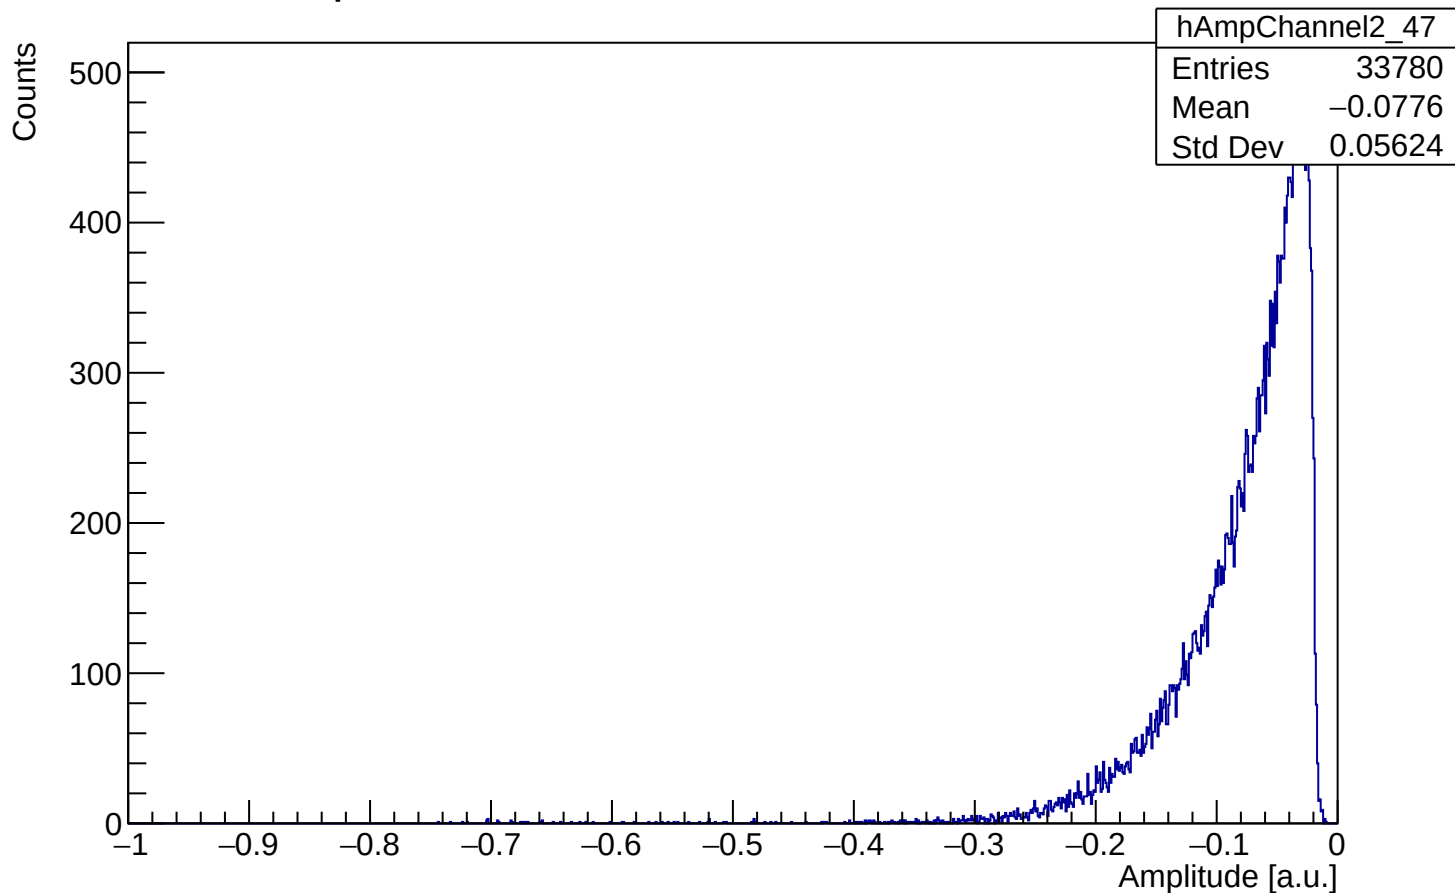

Amplitudes for channel 45 of second detector

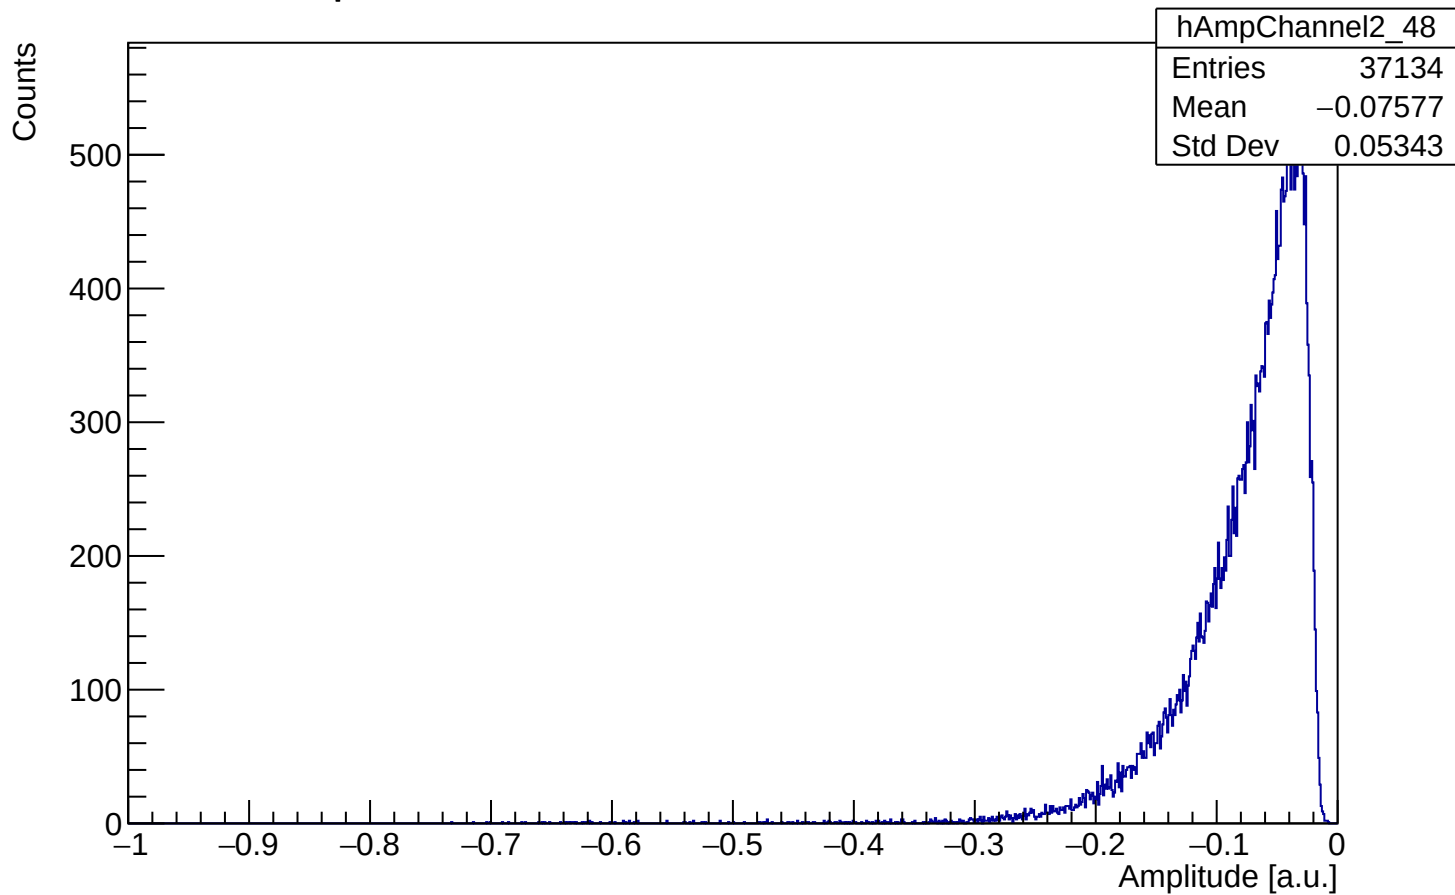

Amplitudes for channel 46 of second detector

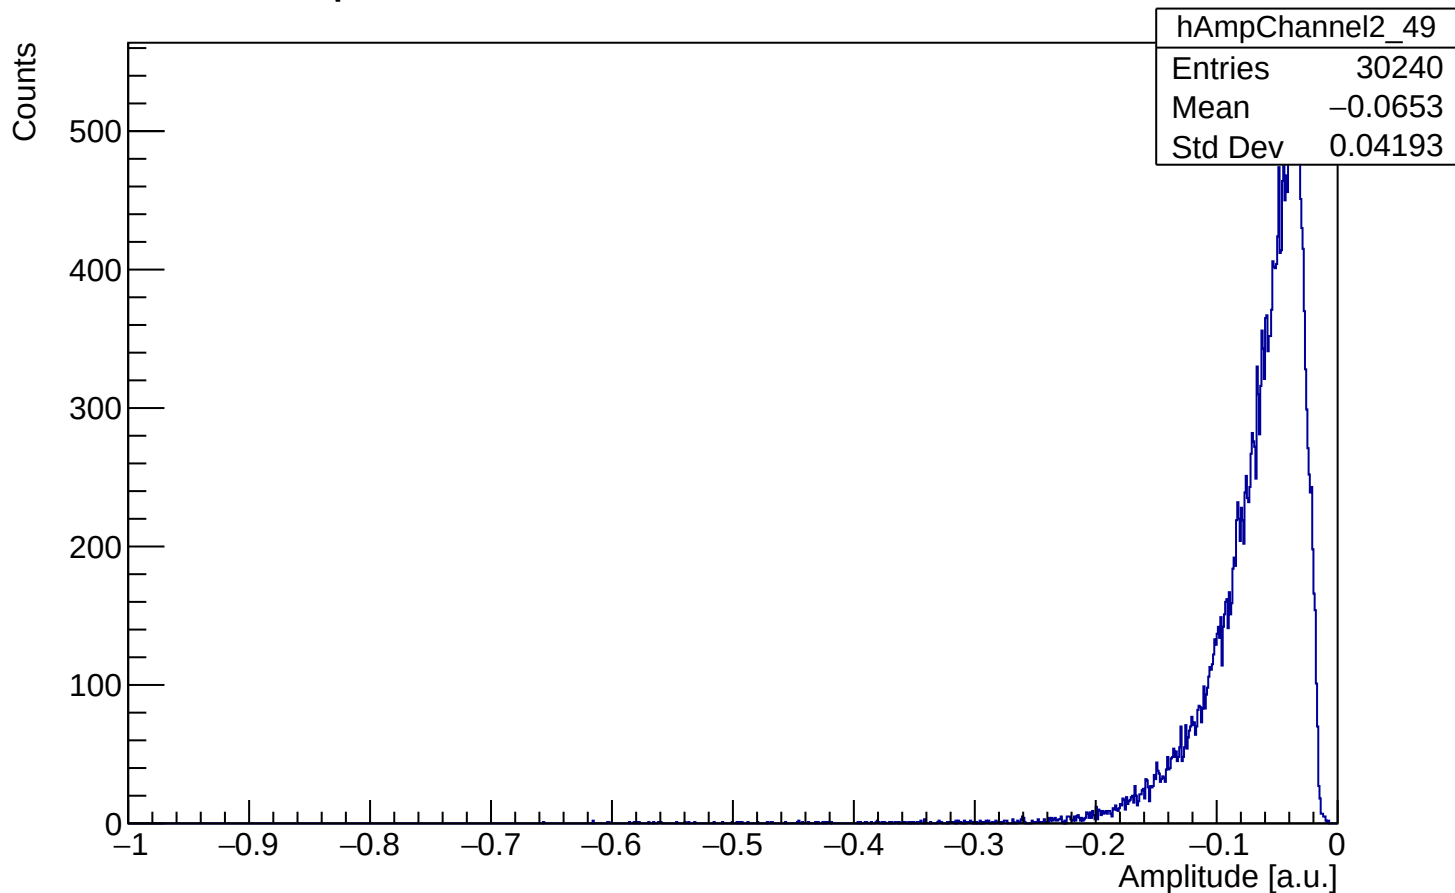

Amplitudes for channel 47 of second detector

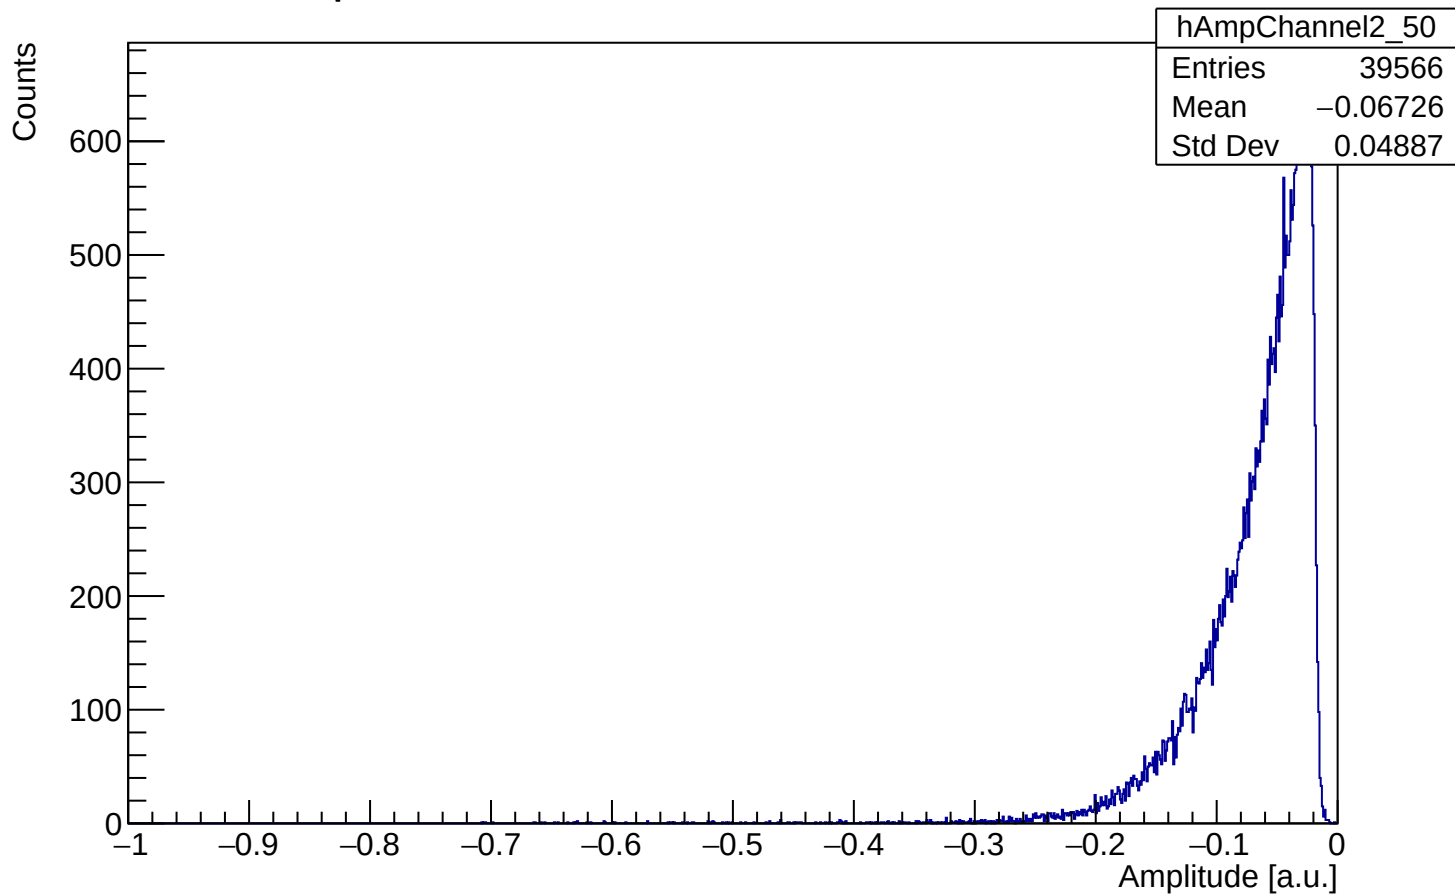

Amplitudes for channel 48 of second detector

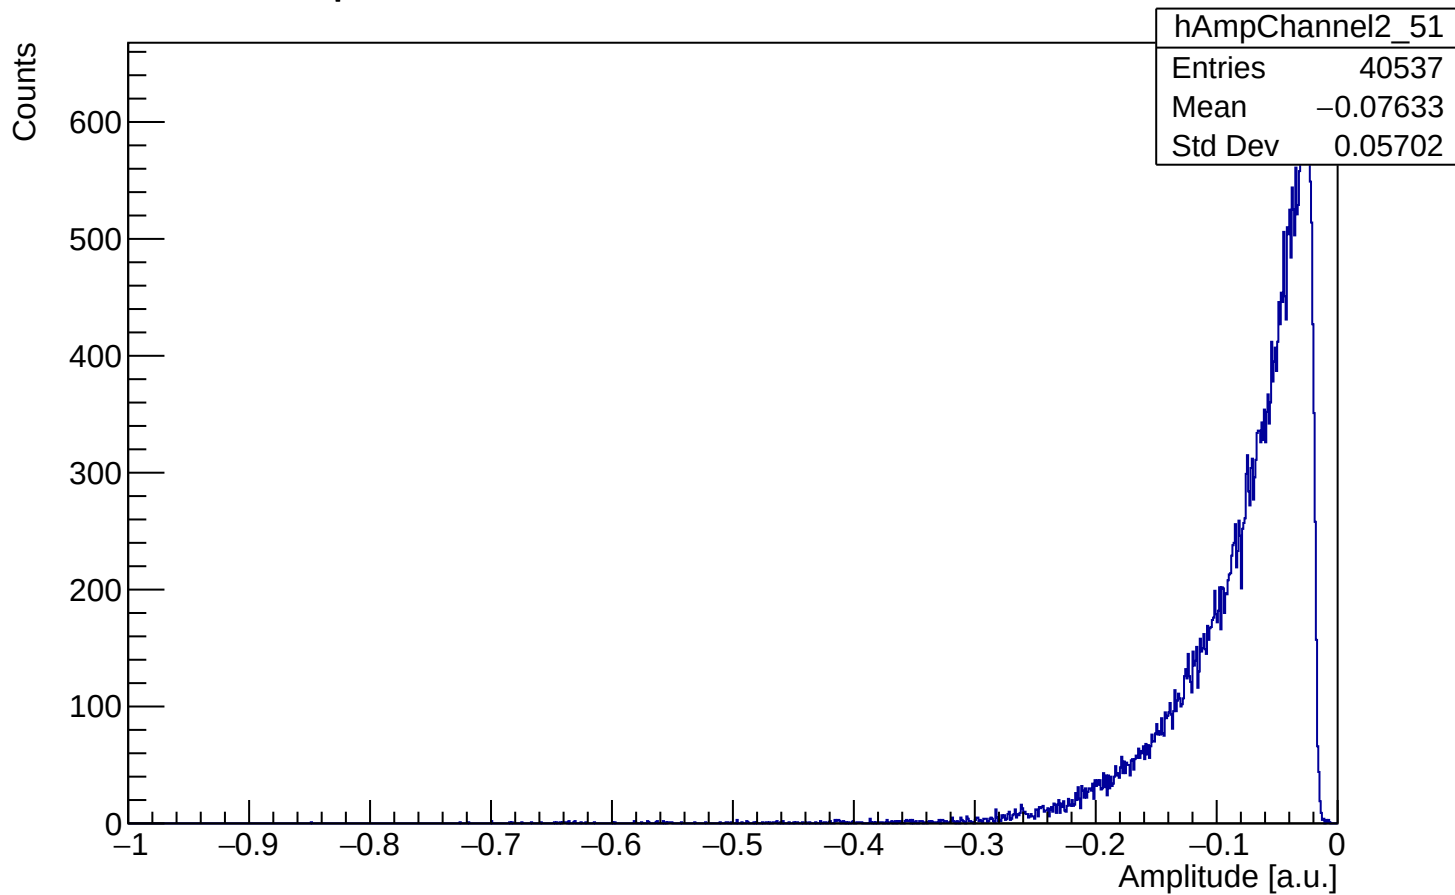

Amplitudes for channel 49 of second detector

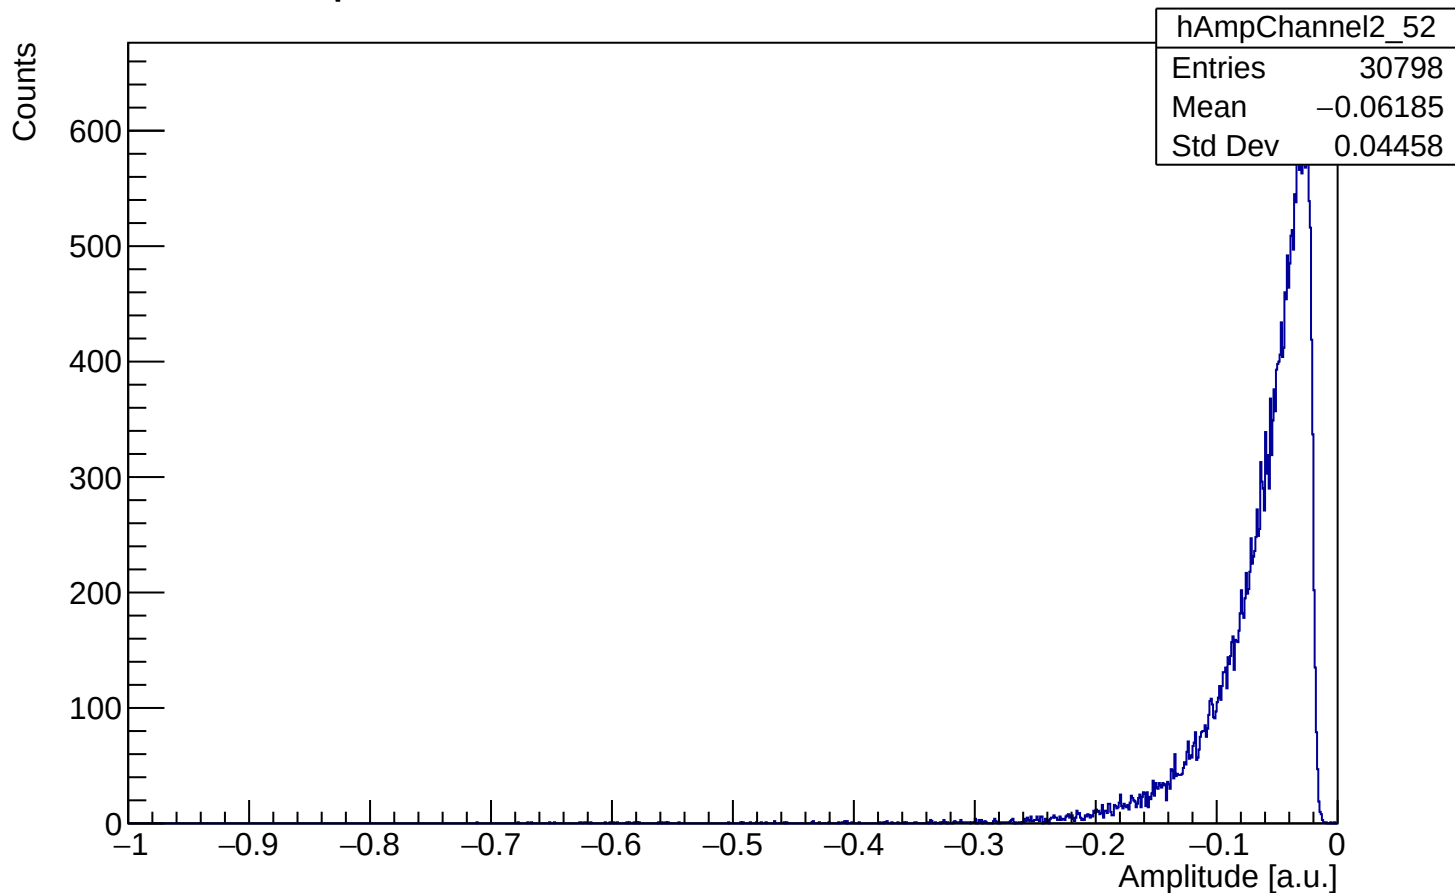

Amplitudes for channel 50 of second detector

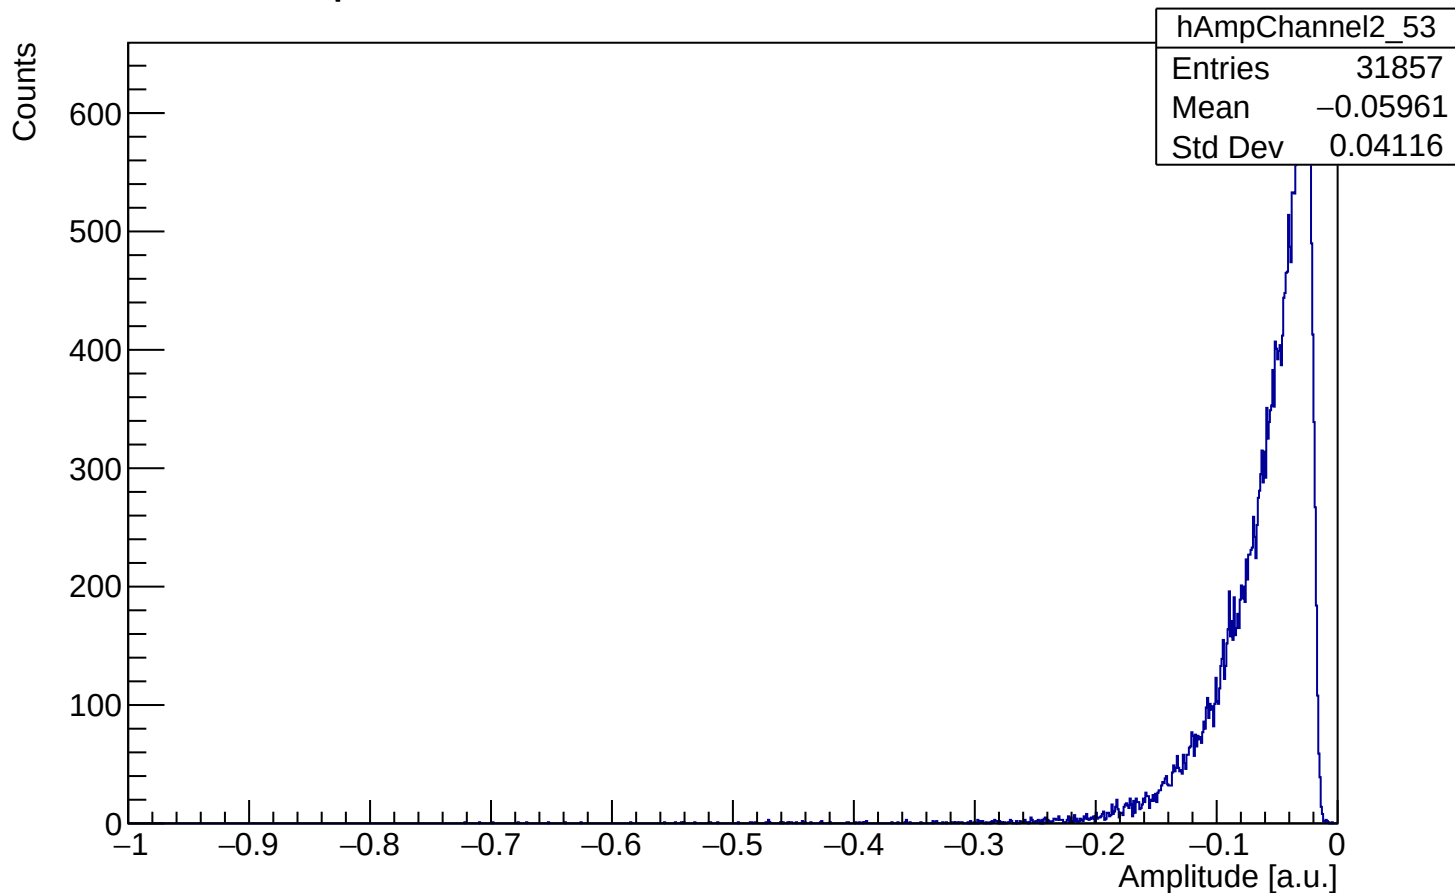

Amplitudes for channel 51 of second detector

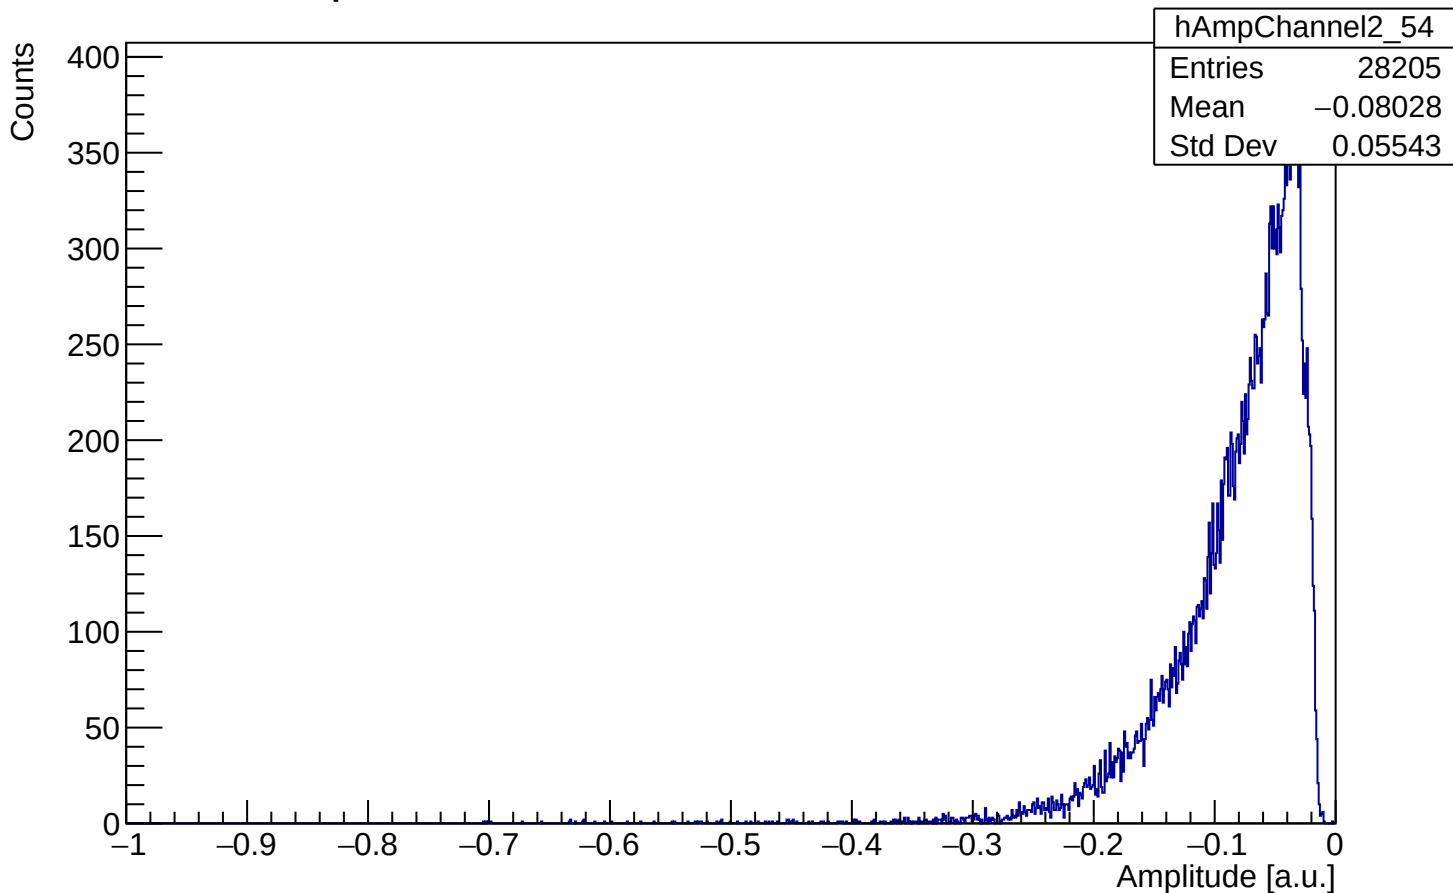

Amplitudes for channel 52 of second detector

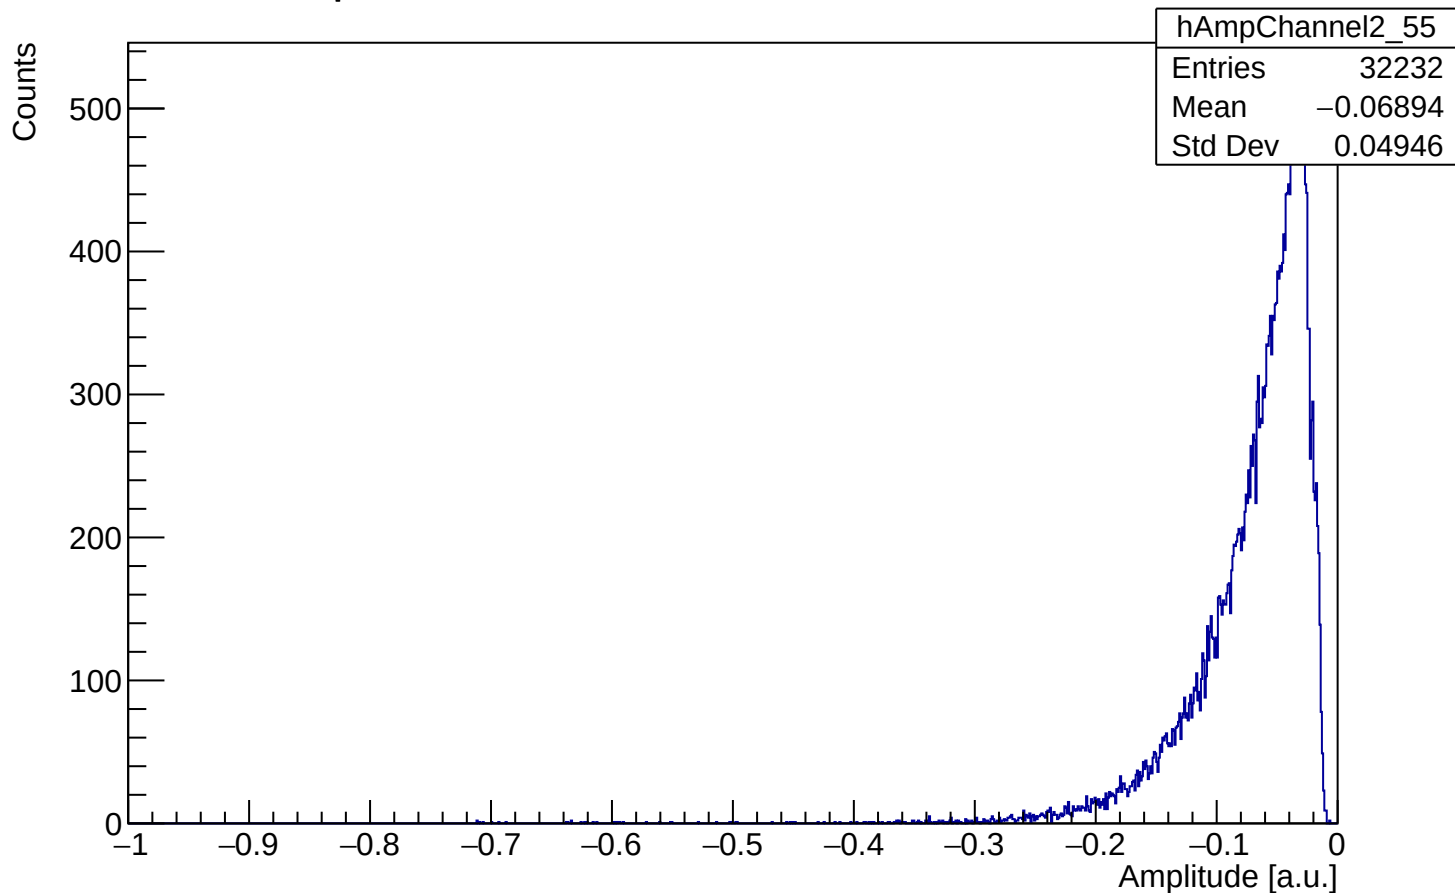

Amplitudes for channel 53 of second detector

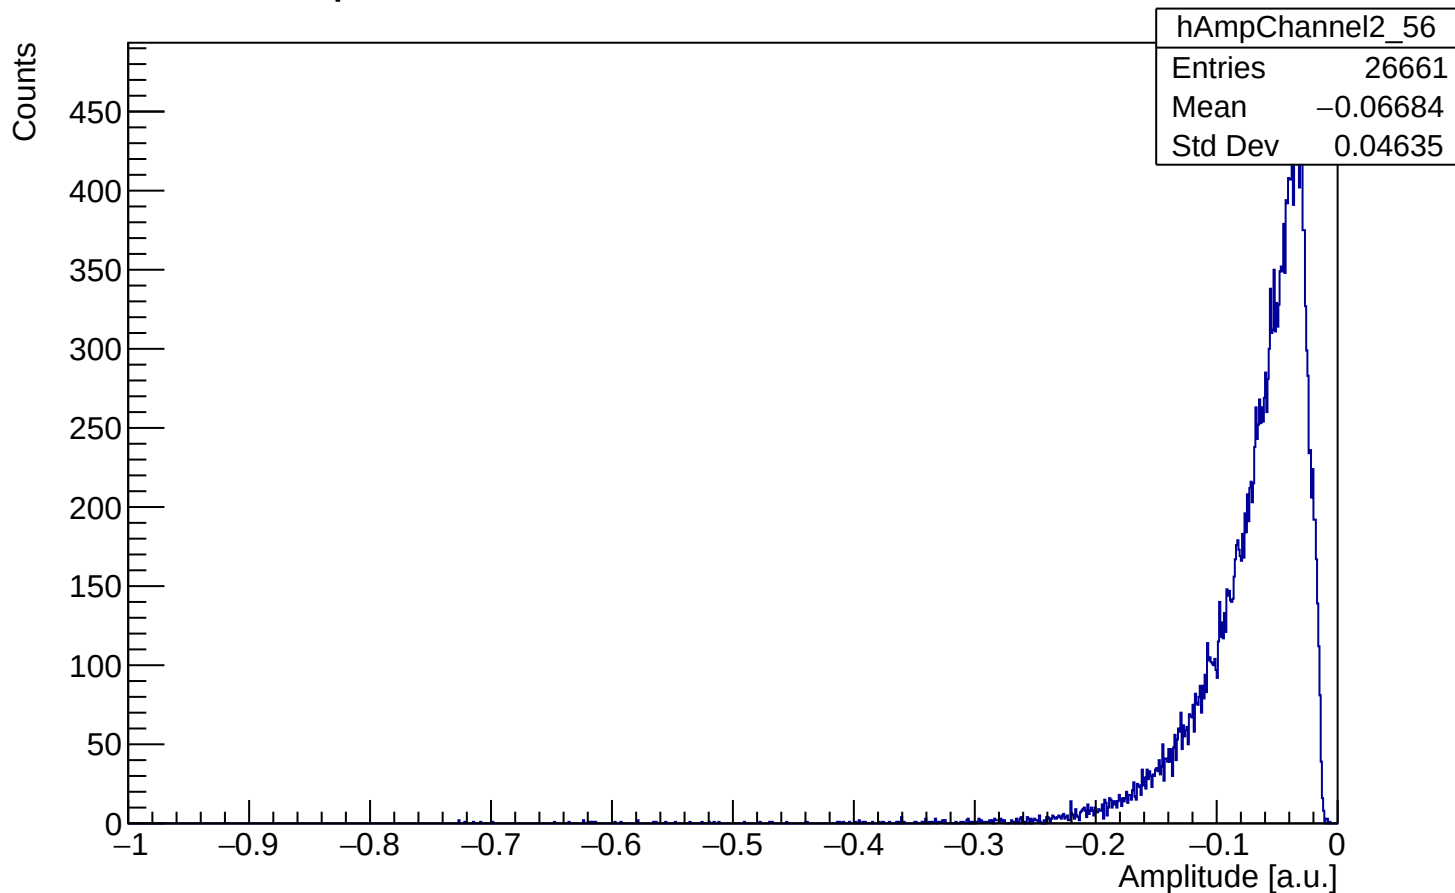

Amplitudes for channel 54 of second detector

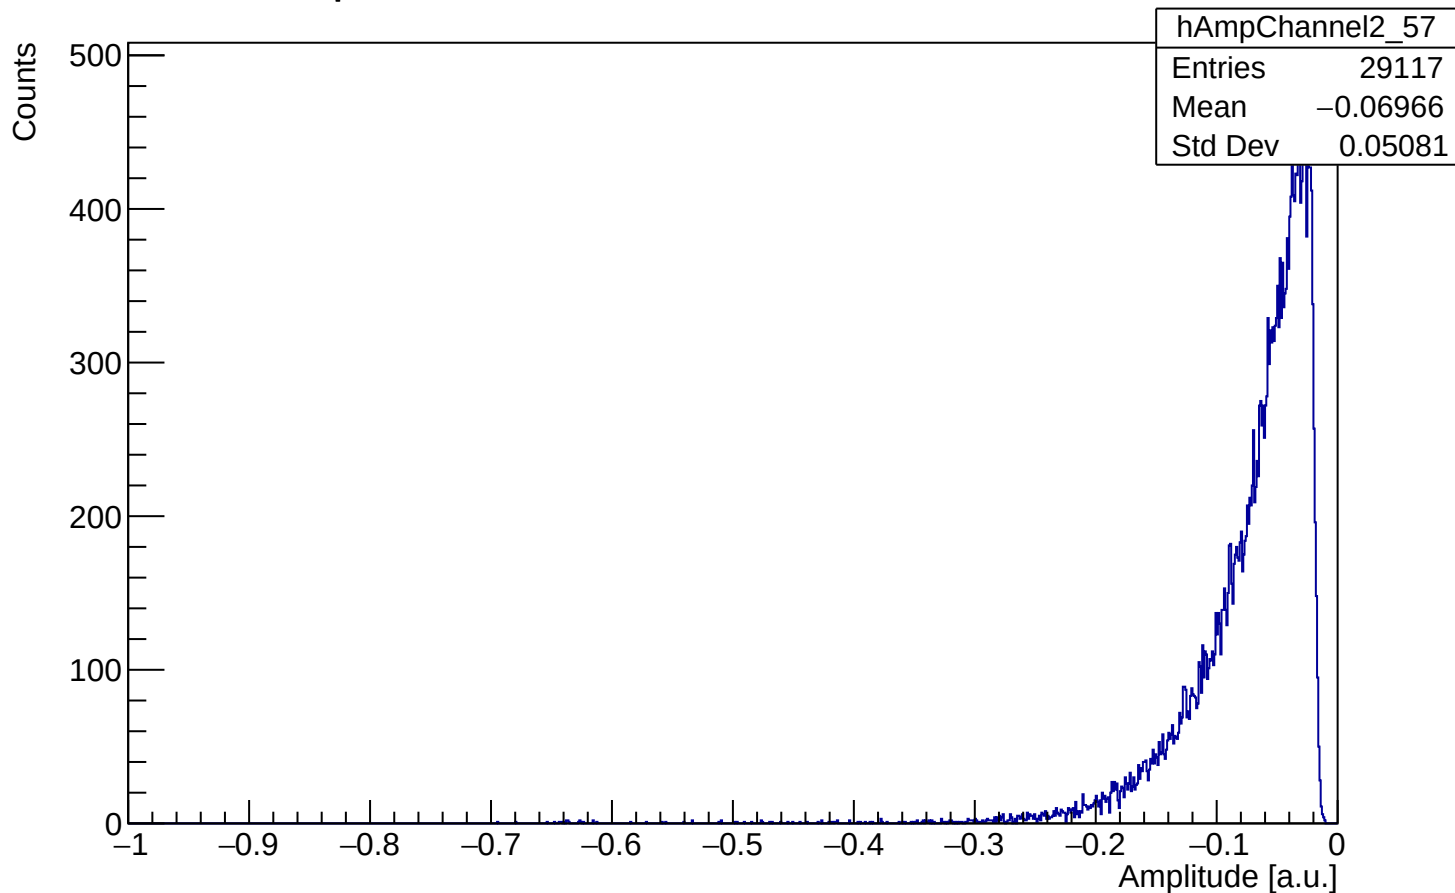

Amplitudes for channel 55 of second detector

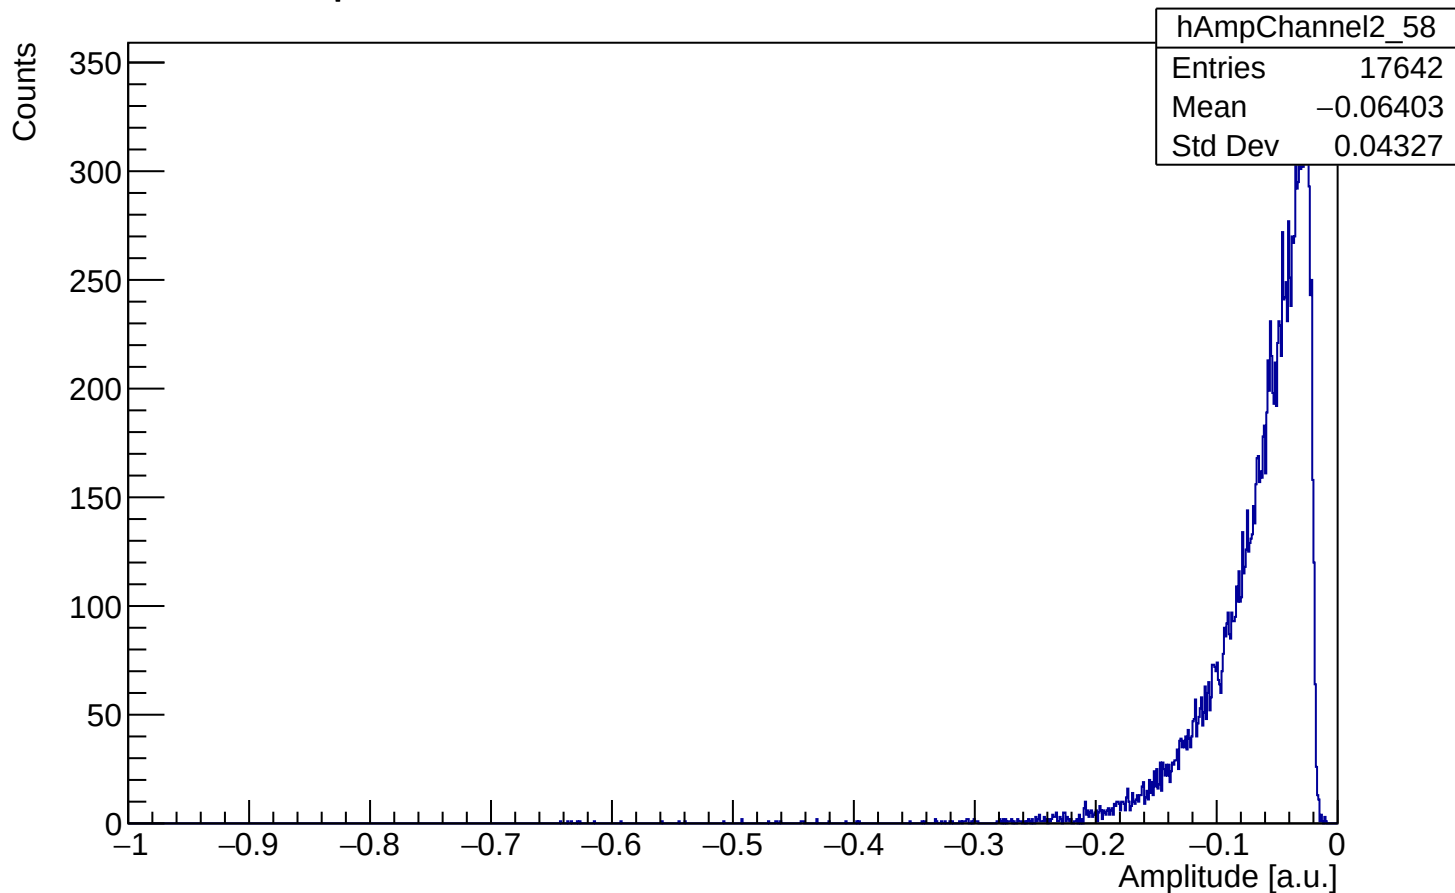

Amplitudes for channel 56 of second detector

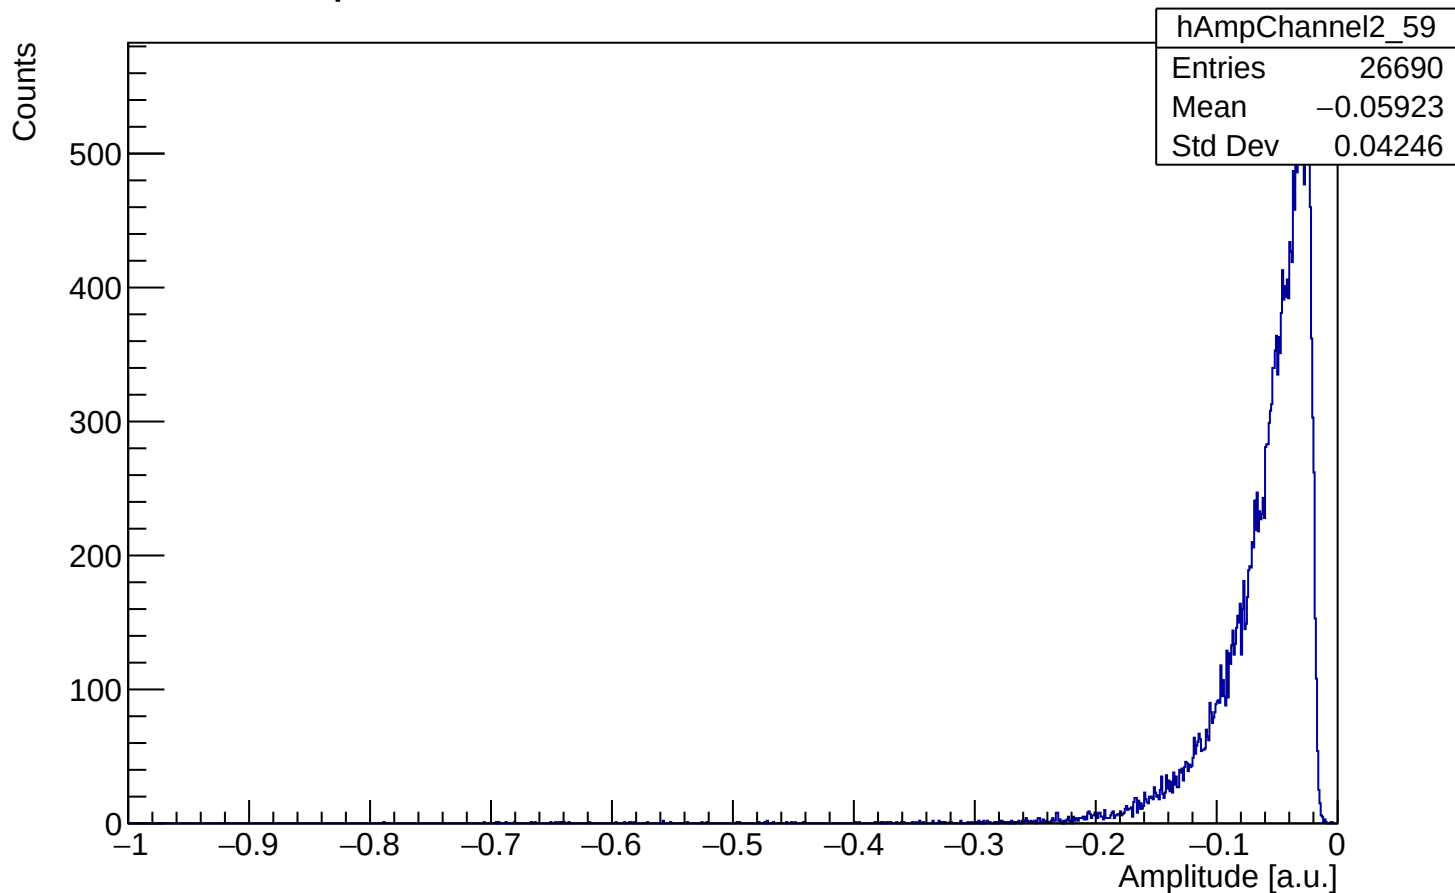

Amplitudes for channel 57 of second detector

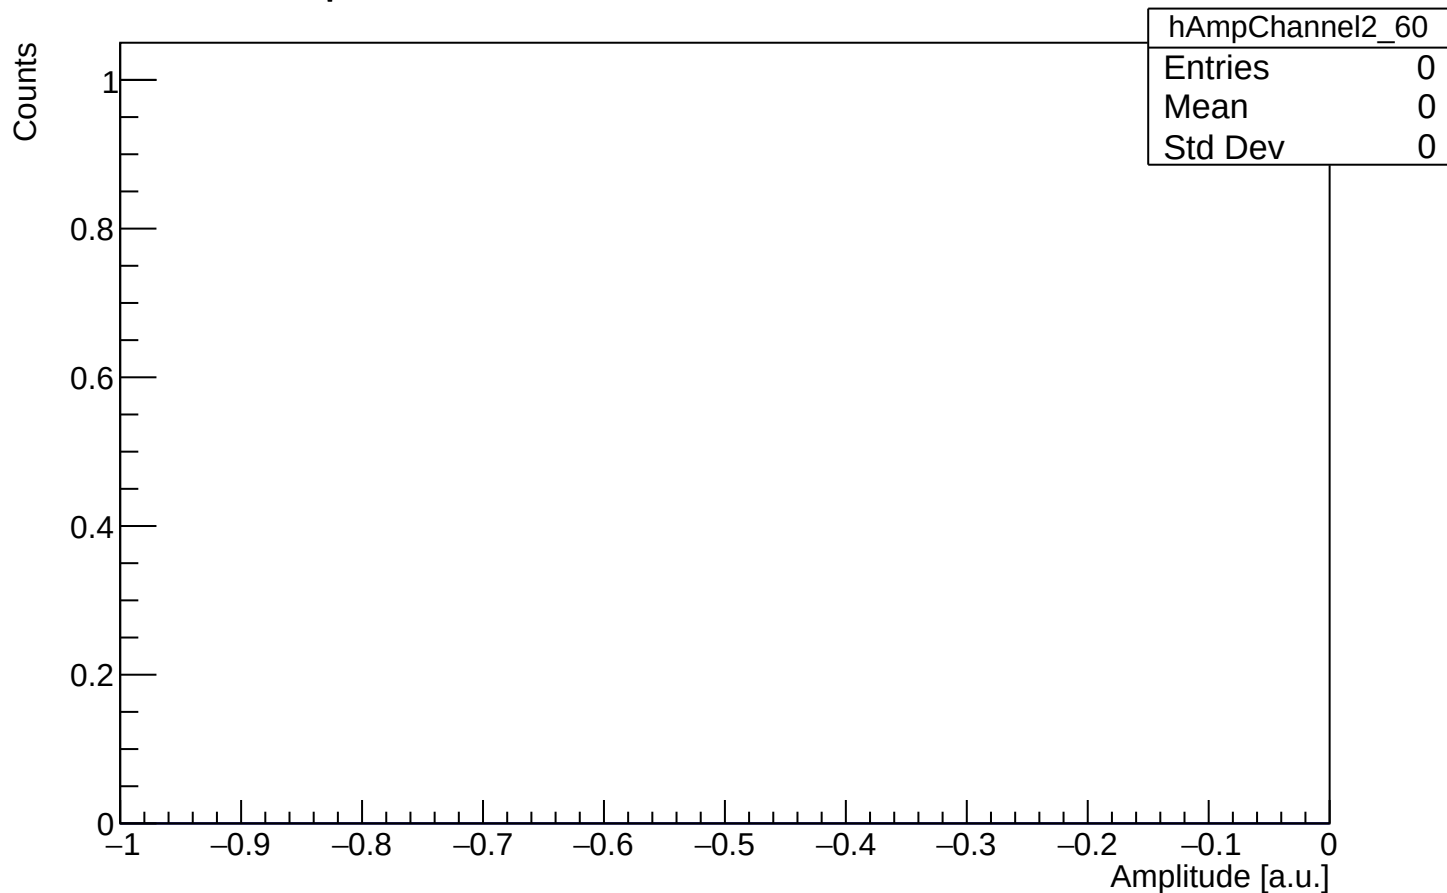

Amplitudes for channel 58 of second detector

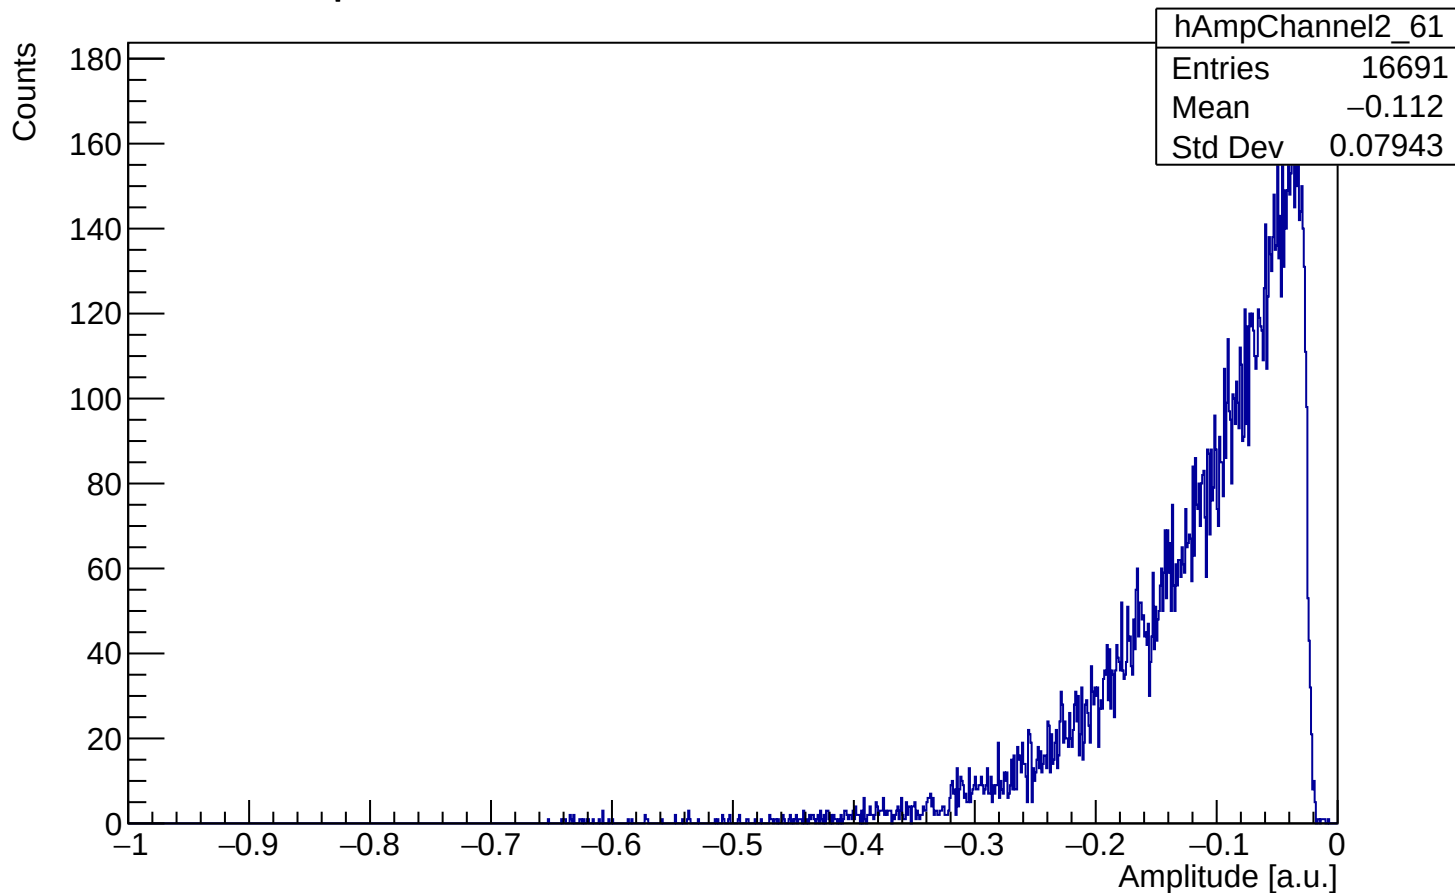

Amplitudes for channel 59 of second detector

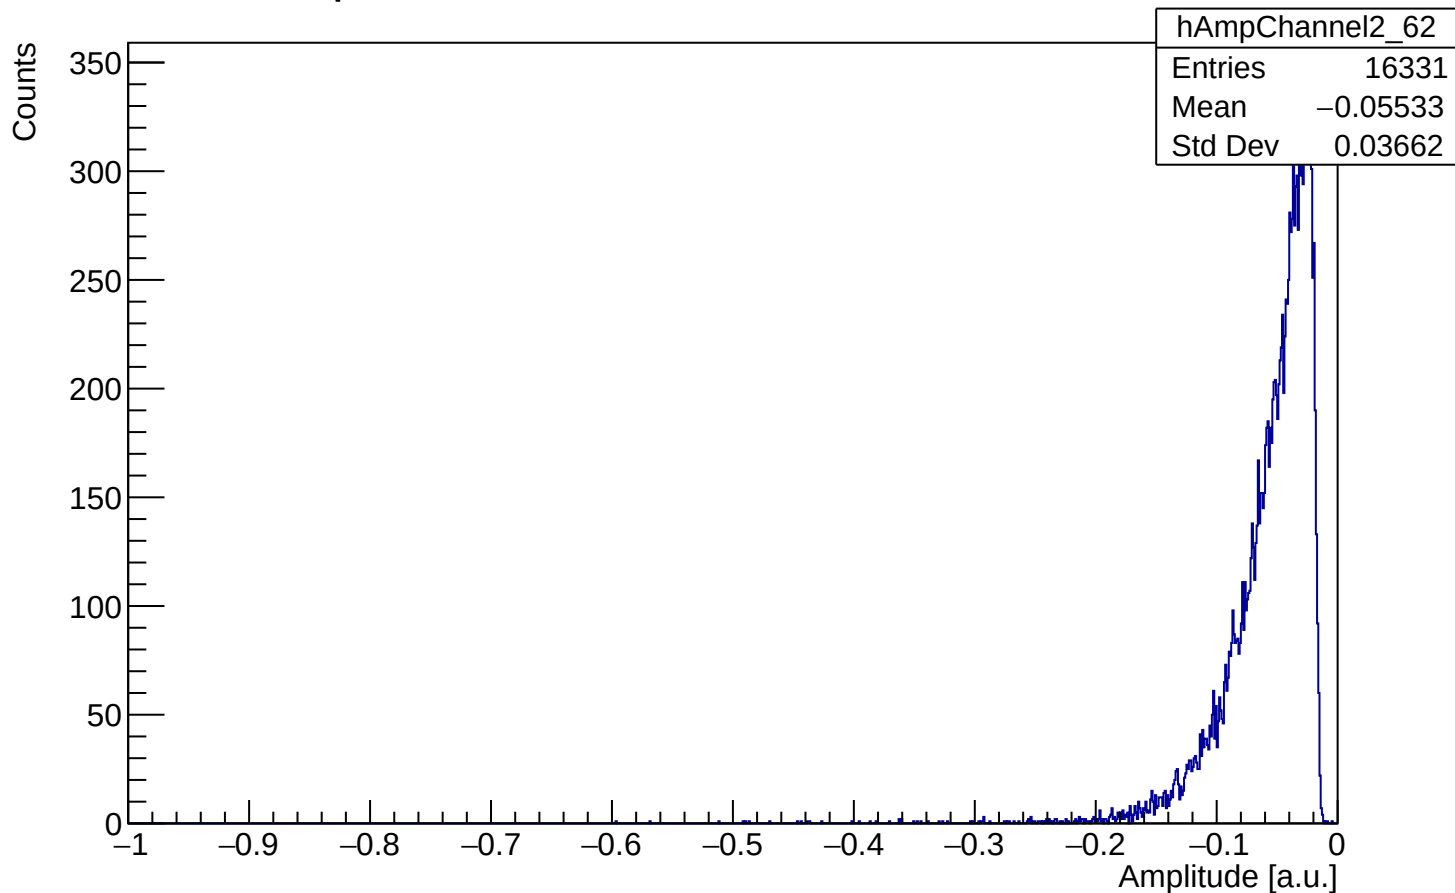

Amplitudes for channel 60 of second detector

Amplitudes for channel 61 of second detector

Amplitudes for channel 62 of second detector

Amplitudes for channel 63 of second detector
